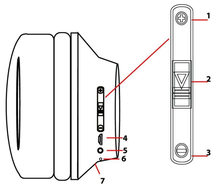
IN THE BOX

Bluetooth Headphone

3.5mm Auxiliary Cable

Micro USB Cable

LOCATION OF CONTROLS



1. [+] button
   - Quick press to skip to the next track.
   - Long press to increase the volume. (A tone is heard when the maximum volume level is reached.)
2. [⏯] button:
   - Press and hold the [⏯] button. A tone is heard, indicating that the headphones are powered ON.
   - Press and hold the [⏯] button for 3 seconds. A tone will be heard to confirm that the headphones are turned OFF.

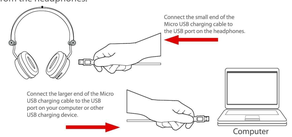
Playing music
- Quick press [⏯] to pause your music.
- Quick press [⏯] again to resume music playback.

Answering and ending phone calls
- Quick press to answer an incoming phone call.
- Quick press again to end your call.
- Double press to redial the last outgoing call.
3. [-] button:
   - Quick press to replay the previous track.
   - Long press to decrease the volume. (A tone is heard when the minimum volume level is reached.)

4. Micro USB charging port
5. 3.5mm headphone jack
6. Microphone
7. LED indicator light

CHARGING THE HEADPHONES

1. Connect the small end of the Micro USB charging cable to the Micro USB charging port on the headphones.
2. Connect the larger end of the Micro USB charging cable to a USB port on your computer or other USB charging device. Make sure to charge the device for at least 2 hours before initial use.
3. The LED indicator light is RED when the headphones are charging and turns off when charging is complete.
4. When charging is complete, remove the Micro USB charging cable from the headphones.



PAIRING THE HEADPHONES

1. Press and hold the [⏯] button to turn the headphones on. A tone is heard and the LED indicator light will flash BLUE quickly. Your headphones are now in pairing mode.
2. Turn on your mobile device's Bluetooth function and make it discoverable. (Consult your mobile device's documentation to connect or set up a Bluetooth device.)
3. In discoverable mode, your phone is searching for nearby Bluetooth devices to connect to. When your mobile device finds the Bluetooth headphones, select "PBT100" from the list of discovered devices.
4. Some older mobile devices may ask for a password before connecting to a Bluetooth device. Type 0000 or 1234 and press YES or OK to pair the two units.
5. After a successful pairing, a beep will be heard and the LED indicator light will flash BLUE slowly.

.

NOTE: If you would like to connect the headphones to another device, you must unpair the headphones from the currently paired device first. In your device's Bluetooth settings, select "PBT100," then select "unpair." When the headphones have been unpaired, it automatically goes into pairing mode again.

PAIRING THE HEADPHONES (cont'd)

The screenshots above are typical of many Bluetooth-enabled devices in the market today, and are used to assist in the explanation of the pairing process. Your Bluetooth-enabled device's interface and interaction with the Bluetooth headphones may differ slightly from the illustrations above.

Polaroid

FCC Part 15:
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) this device may not cause harmful interference, and
(2) this device must accept any interference received, including interference that may cause undesired operation.

Warning: Changes or modifications to this equipment not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the requirements for a Class B digital device under Part 15 of the Federal Communications Commission (FCC) rules. These requirements are intended to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Do not attempt to repair or modify this equipment.

Shielded USB cables must be used with this unit to ensure compliance with the Class B FCC limits.

PLR IP Holdings, LLC, its licensees and affiliates, fully support all electronic waste initiatives. As responsible stewards of the environment, and to avoid violating established laws, you should properly dispose of this product when it reaches its end of life. Electronic products may contain substances that require special care. Please check with local authorities or the retailer where you purchased this product to determine a location where you can appropriately dispose of the product.

Instantly recognizable, Instantly Polaroid, the iconic Polaroid Border and Polaroid Color Spectrum logo let you know you've purchased a product or service that delivers the promise of our brand and that contribute to our rich heritage of quality and innovation

USING THE HEADPHONES

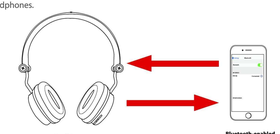
Powering ON/OFF
1. Press and hold the [⏯] button. A tone is heard, indicating that the headphones are powered ON.
2. Press and hold the [⏯] button for 3 seconds. A tone will be heard to confirm that the headphones are turned OFF.

Playing music
- Quick press to pause your music.
- Quick press again to resume music playback.

Answering/ending phone calls
- Quick press to answer an incoming phone call.
- Quick press again to end your call.
- Double press to redial the last outgoing call.

PLAYING MUSIC

To enjoy music wirelessly on your Bluetooth headphones, make sure you are connected to a Bluetooth-enabled device. Once connected, press the [ ] button or press PLAY using the media player on your Bluetooth device. When playback starts, control the music and volume with your connected device or the buttons on the headphones.



If there are no paired devices in range when the headphones are turned on, it will go into pairing mode automatically. To reconnect, enter your device's Bluetooth settings and select PBT100.

USING AS WIRED HEADPHONES

1. Connect one end of the 3.5mm auxiliary cable to the aux jack on the headphones and the other end to an external device's headphone jack (smartphone, tablet or MP3 player.)
2. Open a media player on your mobile device and click on PLAY to start playing your music.
3. Use the controls on your Bluetooth-enabled device to control music playback and volume.

Connecting the auxillary cable will override Bluetooth mode. When the cable is disconnected, the headphones will not automatically reconnect. Press the [⏯] button. A tone will be heard and the headphones will reconnect to the last paired device.

TROUBLESHOOTING

I can pair the Bluetooth headphones with my Bluetooth device, but I cannot hear any music.

1. Make sure your Bluetooth device supports A2DP profile.
2. Turn up the volume on your Bluetooth device.
3. You may have to unpair the headphones, then re-pair to your device.

My Bluetooth device is not able to pair with the Bluetooth headphones.

1. Make sure the Bluetooth headphones are turned OFF before starting the pairing process.
2. Keep your Bluetooth headphones and Bluetooth-enabled device within 3 feet of each other during the pairing process.
3. Press and HOLD the [⏯] button until you hear a tone and the LED indicator light flashes BLUE quickly.
4. Check that YOUR device's Bluetooth feature is turned ON.
5. Try repeating the pairing process. See "Pairing the headphones."

TROUBLESHOOTING (cont'd)

I cannot get the Bluetooth headphones into pairing mode.

1. Make sure the Bluetooth headphones are turned OFF before starting the pairing process.
2. Press and HOLD the [⏯] button until you hear a tone and the LED indicator light quickly flashes BLUE.
3. The headphones are now in pairing mode.

WARRANTY

This product as supplied and distributed new by AIT, Inc. ("AIT") to the original consumer purchaser is warranted by AIT against defects in material and workmanship for a period of one year from your date of purchase ("Warranty"). In the unlikely event that this product is defective, or does not perform properly, you may within one year from your original date of purchase return it to the authorized service center for repair or exchange.

TO OBTAIN WARRANTY SERVICE:
- Call the Customer Support number located below, or go to our website portal to receive an SRO number.
- Provide proof of the date of purchase within the package (dated bill of sale).
- Ship the product, shipping costs to the authorized service center, and remember to insure your return.
- Include a return shipping address (no P.O. Boxes), a telephone contact number, and the defective unit within the package.
- Describe the defect or reason you are returning the product.

Your product will be repaired or replaced, at our option, for the same or similar model of equal value if examination by the service center determines this product is defective. Products received damaged as a result of shipping, will require you to file a claim with the carrier.

The shipping address of the authorized service center is:

AIT, Inc.
ATTN: Customer Service (2nd Floor)
14-C 53rd Street
Brooklyn, NY 11232

IN NO EVENT WILL AIT, ITS MANUFACTURERS, DISTRIBUTORS OR PLR IP HOLDINGS, LLC BE LIABLE FOR ANY INCIDENTAL, DIRECT, INDIRECT, SPECIAL, PUNITIVE OR CONSEQUENTIAL DAMAGES (SUCH AS, BUT NOT LIMITED TO, DAMAGES FOR LOSS OF PROFITS, BUSINESS, SAVINGS, DATA OR RECORDS) RELATED TO THIS PRODUCT EXCEPT AS STATED HEREIN, NO OTHER WARRANTIES SHALL APPLY.
