

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and

- This device must accept any interference received, including interference that may cause undesired operation.

## INTRODUCTION

Two wave communication system is just like a wireless Blue-Tooth.. It enables both parties to talk at the same time. Its headset style allows your hands to be free for other activities.

## HOW TO OPERATE OUR SUPER TWO WAVE COMMUNICATION SYSTEM

- 1. Unscrew with Phillips screwdriver and open battery door. Install 2 AG13 batteries according to the proper polarities. Close battery compartment door and be sure it snaps & closed
- property,
  Turn the "ON- OFF" switch to "ON" position Your communication system is now ready to operate.
- When transmitting, speak clearly in a normal voice.
- Adjust "EAR HOLDER" comfortably on your ear.
- In the event of interference caused by other radio signals in the vicinity. Move to a different location.

## CAUTION

- 1. Your communication system has been fully adjusted prior to shipment from the factory. Be sure not to touch internal components other than replacing batteries.
- When the sound becomes weak, it is time to change the batteries.
- 3. After use, always turn the selector switch to OFF position.
- 4. Keep your communication system in a dry and clean place
- Non-rechargeable batteries are not to be recharged.
