MIN TOO COLD?

a. Press MEMORY CLEAR/ RESET buttons.
b. Make sure refrigerator door is shut.
c. Post "Do Not Use Vaccines" sign.
d. Alert your supervisor.
e. **Report excursion at MyVFCvaccines.org.**

* For data loggers, check instructions in product guide and at EZIZ.org/assets/docs/IMM-1206.pdf.

Supervisors **Review log and sign when completed. Keep logs and excursion reports for 3 years.**

I certify that temperatures recorded on this log are correct. All temperatures that were TOO WARM or TOO COLD are circled and corrective action was taken. I understand that falsifying logs will result in vaccines being unusable—patients may need to be revaccinated and provider may need to replace vaccines.
