**THIS DEVICE COMPLIES WITH PART 15 OF THE FCC RULES. OPERATION IS SUBJECT TO THE FOLLOWING TWO CONDITIONS: (1) THIS DEVICE MAY NOT CAUSE HARMFUL INTERFERENCE AND (2) THIS DEVICE MUST ACCEPT ANY INTERFERENCE RECEIVED, INCLUDING INTERFERENCE THAT MAY CAUSE UNDESIRE OPERATION.**

**Federal Communications Commission Requirements**

The equipment has been tested and found to comply with the limits for Class B Digital Device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instruction, may cause harmful interference to radio communication. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**THE CHANGES OR MODIFICATIONS NOT EXPRESSLY APPROVED BY THE PARTY RESPONSIBLE FOR COMPLIANCE COULD VOID THE USER'S AUTHORITY TO OPERATE THE EQUIPMENT.**

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and
- (2) This device must accept any interference received, including interference that may cause undesired operation.

**FCC Radiation Exposure Statement**

The equipment complies with FCC radiation exposure limits set forth for uncontrolled equipment and meets the FCC radio frequency (RF) Exposure Guidelines in Supplement C to OET65. The equipment has very low levels of RF energy that it is deemed to comply without testing of specific absorption ratio (SAR).

## Package Contents

1. Bluetooth Mouse
2. 1\*AA Battery
3. Quick Set Up Guide
4. CD (CD User Manual)

## Features

1. Bluetooth V2.0, 10 meter range
2. 1000DPI
3. Four stages power saving mode, low battery warning
4. 8 in Right software, innovative 4D wheel

**System Requirement:** Windows XP/Vista /Windows7

Back View

Front View

## Dual-color LED Indicator

Bluetooth Mouse	LED Status
Power On	Green LED: Turn off after 1 Second
Low Battery Warning	Red LED: Blinking
Connection Start	Alternate Blink Between Red and Green
Connection Complete	Stop Blinking

## Turn On/Off Mouse

1. Slide on the power switch to immediately turn on the mouse.

2. To turn off the mouse, just slide off the power switch and then LED light is off immediately.

## Battery Installation

Open battery cover and insert the supplied AA battery. Please make sure that the positive (+) and negative (-) ends of the battery match the polarity indicators inside the battery compartment.

## Power Saving Management

Four stages power saving mode provide the best power saving management. In Deep Sleep, the mouse can be activated by clicking any mouse buttons. In other sleep statuses, just move the mouse to activate it.

Status	Time elapses to enter the mode	Power Consumption	Way to wake up
Stand-by	0 second	20mA	Moving
Slight Sleep	2 seconds	10mA	Moving
Middle Sleep	4 seconds	1.7mA	Moving
Deep Sleep	5 minutes	0.3mA	Clicking

**Note:** The mouse will enter Deep Sleep ten seconds after turning off PC. To wake it up, turn on PC and click any mouse button.

## Configuration

Our Bluetooth Mouse is designed to work with Five major software standards: Microsoft, Broadcom, IVT, Toshiba, Apple. Please select the corresponding connection way according to your software standard.

Bluetooth Software Vendor	Bluetooth Software Name	Bluetooth Device Not Inserted	Bluetooth Device Already Inserted	Bluetooth Device In Working	Support Version
Microsoft	Windows Bluetooth				Windows XP(SP2) Above
Broadcom	Widcomm				V4.0 Above
IVT	BlueSoleil				V5.0 Above
Toshiba	Bluetooth Stack				V3.0 Above
Apple	Mac OS X Bluetooth				Mac OS X 10.4~10.5 Above

**Note :** Before start Bluetooth Mouse connectivity, please check whether your system has already installed Bluetooth software and whether it works.

## Bluetooth Software: MICROSOFT

Step 1: Click **Start**, click **Control Panel** (make sure you're in Classic View), and then double-click  **Bluetooth Devices**.
