FCC Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Bluetooth® CONNECTION

1. Power the headphones on. The earbuds will automatically enter pairing mode when powered on.
2. Turn on your device's Bluetooth. From the Bluetooth menu select the "SOHO" earbuds.
3. When paired successfully the device will make a tone to confirm the connection has been made.
4. Remember to turn the headphones off after each use.

Note: The headphones will automatically connect to previously paired mobile devices.

CHARGEMENT

1. Commencez en connectant le câble micro USB fourni sur casque et la source d'alimentation.
2. Chargez l'appareil jusqu'à ce que l'indicateur DEL s'éteigne.
3. Déconnectez toujours le câble lorsque le chargement est terminé.

Remarque: cela prend environ 1 heure pour recharger complètement la batterie.
