Wireless Bluetooth Speaker
3.5mm Audio Cable
USB Charging Cable
User Manual

PRODUCT OVERVIEW:

*Please Note Buttons have dual functionality

CHARGING YOUR SPEAKER

Your speaker uses rechargeable battery. Fully charge battery before using. Please turn OFF speaker before charging.

1. Use the USB cable provided to connect to any computer or USB power adapter. When charging, the red indicator light will appear.
2. When fully charged, the red indicator light will turn off. Charging time: Approximately 4hrs. Turn your speaker off when not in use to save battery life. Battery saver will move into sleep mode when there is no sound input for more than 10 minutes. Switch your speaker off and then on to restart.

PAIRING DEVICE WITH YOUR SPEAKER

Before using the speaker, please pair it with your smartphone, MP3 player, computer or any Bluetooth-enabled device.

1. Turn the speaker ON. Speaker will automatically begin pairing. The blue indicator light will flash quickly, this indicates "In Pairing Mode."
2. Set your Bluetooth to discover the speaker by following the instruction manual for your device. With most Bluetooth devices, pairing mode can be activated by using the following steps: SETTINGS > BLUETOOTH > SCAN FOR NEW DEVICE. Click on speaker when it shows up in the scan. (Please, refer to your devices manual for more exact pairing instructions).
3. When your Bluetooth-enabled device discovers the speaker, press "OK" to pair with the speaker. Once successfully paired, the speaker will make a response tone and the blue indicator light will turn off to indicate pairing is successful.

Wireless Bluetooth Speaker

PLAYING MUSIC

After pairing is complete, you can start to play music from your Bluetooth-enabled device. You can use the speaker controls to manage your music.

Please Note: You should set your device to it's top volume as the speaker can not increase the volume higher than the maximum you set on your device.

1. Long press "+" volume up; Long press "-" volume down. Volume can also be controlled from your device.
2. Short press "+" for next song; short press "-" for previous.
3. The speaker can only pair to one device at a time; to delete the connection, you must do so through your device.

TROUBLESHOOTING

If Bluetooth-enabled device fails to locate the speaker, check that the speaker is ON. Insure that your device is within range (within 3 feet/10 meters).

Restart your speaker to reactivate Bluetooth pairing mode. Insure that your speaker is not connected or paired to any other Bluetooth device as the speaker can only be paired to one device at a time.

WARRANTY

Aduro warrants this product to be free from defects in materials and workmanship for one year. If your Aduro product is found to be defective within that time, Aduro will promptly replace it. This warranty does not cover accidental damage, wear and tear, or consequential or incidental loss. HOW TO HANDLE CALLS

After pairing is established, you can answered/end calls from your Bluetooth-enabled smartphone. Press "☎" to answer call; Press "☎" to end call. For best call quality, make sure you are facing the speaker and within 3 feet/1 meter.

Please Note: You should set your device on top volume as the speaker can not increase the volume higher than the maximum you set on your device.

HOW TO USE LINE-IN-FUNCTION

If you have a device that is not Bluetooth-enabled and you would still like to use with the speaker. The enclosed 3.5mm audio cable can connect to your non-Bluetooth enabled devices.

1. Turn the speaker ON and plug the 3.5mm audio cable into the "AUX" port.
2. Plug the other end into your device. Music and volume can be controlled by your device.

FCC Warning:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Caution: Any changes or modifications to this device not explicitly approved by manufacturer could void your authority to operate this equipment.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.
