

ASUS Mobile Dock

IN SEARCH OF INCREDIBLE

User Guide

Charging your device

Ensure to fully charge your ASUS Mobile Dock before using it in battery mode for extended periods. Remember that the power adapter charges your ASUS Mobile Dock as long as it is plugged into an AC power source. Be aware that it takes much longer to charge the ASUS Mobile Dock when it is in use.

IMPORTANT! Do not leave the ASUS Mobile Dock connected to the power supply once it is fully charged. ASUS Mobile Dock is not designed to be left connected to the power supply for extended periods of time.

Airplane precautions

Contact your airline provider to learn about related in-flight services that can be used and restrictions that must be followed when using your ASUS Mobile Dock in-flight.

IMPORTANT! You can send your ASUS Mobile Dock through x-ray machines (used on items placed on conveyor belts), but do not expose them to magnetic detectors and wands.

Safety precautions

This ASUS Mobile Dock should only be used in environments with ambient temperatures between 0°C to 35°C (32°F to 95°F).

Long time exposure to extremely high or low temperature may quickly deplete and shorten the battery life. To ensure the battery's optimal performance, ensure that it is exposed within the recommended environment temperature.

Your ASUS Mobile Dock

NOTE: This port is for charging only, not for data transfer.

Using your ASUS Mobile Dock

Charging your ASUS Mobile Dock

To charge your ASUS Mobile Dock:

- Connect the micro USB cable to the power adapter.
- Plug the micro USB connector into your ASUS Mobile Dock.
- Plug the power adapter into a grounded power outlet.

NOTE: The input voltage of your ASUS Mobile Dock is DC 5.2V, 1.35A, 7W.

- Charge your ASUS Mobile Dock for four (4) hours before using it in battery mode for the first time.

IMPORTANT!

- Use only the power adapter and micro USB cable of ZenPad 10 to charge your ASUS Mobile Dock. Using a different power adapter may damage your ASUS Mobile Dock.
- Peel the protective film off from the power adapter and micro USB cable before charging the ASUS Mobile Dock to prevent risk or injury.
- Ensure that you plug the power adapter to the correct power outlet with the correct input rating. The output voltage of this adapter is DC 5.2V, 1.35A.
- When using your ASUS Mobile Dock while plugged-in to a power outlet, the grounded power outlet must be near the unit and easily accessible.
- Do not place objects on top of your ASUS Mobile Dock.

NOTES:

- Charging through the USB port of a computer may take longer time to complete.
- If your computer does not provide enough power for charging your ASUS Mobile Dock, charge your ASUS Mobile Dock via the grounded power outlet instead.

Pairing your ASUS Tablet

IMPORTANT! Enable the Bluetooth function on your display device to pair it with your ASUS Mobile Dock.

To pair your ASUS Tablet with the ASUS Mobile Dock:

- Slide the switch all the way to the right and hold until DA01-SPK and DA01-KB appear in your Tablet.
- Select both DA01-SPK and DA01-KB to successfully pair your Tablet with the ASUS Mobile Dock.

To disconnect the Bluetooth speaker/keyboard:

- Slide the switch to Off to disable the connection of both speaker and keyboard.
- Under Settings in your Tablet, disable the connection of either speaker or keyboard.

Docking your ASUS Tablet

To dock your ASUS Tablet:

- Put your ASUS Mobile Dock on a flat and stable surface.
- Align your ASUS Tablet with the ASUS Mobile Dock.
- Firmly insert your ASUS Tablet into the hinge.

IMPORTANT! Always pick up the entire assembly from the bottom when your ASUS Tablet is attached to the ASUS Mobile Dock.

Special keys

The special keys on your ASUS Mobile Dock have standalone functions and some must be used with the function key <Fn>.

NOTE: The placement of the special keys on the Mobile Dock may vary with country or region, but their functions remain the same.

- Returns to the previous page.
- Activates sleep mode.
- Toggles the internal wireless LAN ON or OFF.
- Decreases the display brightness.
- Increases the display brightness.
- Captures the screen image.
- Returns to the previous track when playing music.
- Starts playing music from your playlist. Resumes or pauses the current playback.
- Fast forwards or skips to the next track during playback.

Mutes the speaker.

Decreases the speaker volume.

Increases the speaker volume.

Launches the Settings screen.

Deletes texts.

Returns to Home Screen.

Activates the properties menu and is equivalent to or on the screen.

Press <Fn> and the arrow keys to scroll up and down or scroll to the start and end of a document or web page.

Undocking your ASUS Tablet

To undock your ASUS Tablet:

- A** Put the entire assembly on a flat and stable surface.
- B** Lift your ASUS Tablet from the bottom left corner to detach it from the ASUS Mobile Dock.

Appendices

Federal Communications Commission Statement

This device complies with FCC Rules Part 15. Operation is subject to the following two conditions:

- This device may not cause harmful interference.
- This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to Part 15 of the Federal Communications Commission (FCC) rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment causes harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by doing one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

The antenna(s) used for this transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Canada, Industry Canada (IC) Notices

This device complies with Industry Canada license-exempt RSS standard(s). This Class B digital apparatus complies with Canadian ICES-003 and CAN ICES-3(B)/NMB-3(B).

Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. The IC ID for this device is 3568A-DA01.

Canada, avis d'Industrie Canada (IC)

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence.

Cet appareil numérique de classe B est conforme aux normes canadiennes ICES-003 et CAN ICES-3(B)/NMB-3(B).

Son fonctionnement est soumis aux deux conditions suivantes: (1) cet appareil ne doit pas causer d'interférence et (2) cet appareil doit accepter toute interférence, notamment les interférences qui peuvent affecter son fonctionnement. L'identifiant IC de cet appareil est 3568A-DA01.

EC Declaration of Conformity

This product is compliant with the regulations of the R&TTE Directive 1999/5/EC. The Declaration of Conformity can be downloaded from <http://support.asus.com>.

Limitation of Liability

Circumstances may arise where because of a default on ASUS' part or other liability, you are entitled to recover damages from ASUS. In each such instance, regardless of the basis on which you are entitled to claim damages from ASUS, ASUS is liable for no more than damages for bodily injury (including death) and damage to real property and tangible personal property; or any other actual and direct damages resulted from omission or failure of performing legal duties under this Warranty Statement, up to the listed contract price of each product.

ASUS will only be responsible for or indemnify you for loss, damages or claims based in contract, tort or infringement under this Warranty Statement.

This limit also applies to ASUS' suppliers and its reseller. It is the maximum for which ASUS, its suppliers, and your reseller are collectively responsible.

UNDER NO CIRCUMSTANCES IS ASUS LIABLE FOR ANY OF THE FOLLOWING: (1) THIRD-PARTY CLAIMS AGAINST YOU FOR DAMAGES; (2) LOSS OF, OR DAMAGE TO, YOUR RECORDS OR DATA; OR (3) SPECIAL, INCIDENTAL, OR INDIRECT DAMAGES OR FOR ANY ECONOMIC CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS OR SAVINGS), EVEN IF ASUS, ITS SUPPLIERS OR YOUR RESELLER IS INFORMED OF THEIR POSSIBILITY.

CE Mark Warning

The shipped version of this device complies with the requirements of the EEC directives 2004/108/EC "Electromagnetic compatibility" and 2006/95/EC "Low voltage directive".

Power Safety Requirement

Products with electrical current ratings up to 6A and weighing more than 3Kg must use approved power cords greater than or equal to: H05VV-F, 3G, 0.75mm² or H05VV-F, 2G, 0.75mm².

For use with UL Listed I.T.E., ASUS Tablets series only.

Coating notice

IMPORTANT! To provide electrical insulation and maintain electrical safety, a coating is applied to insulate the device except on the areas where the I/O ports are located.

ASUS Recycling/Takeback Services

ASUS recycling and takeback programs come from our commitment to the highest standards for protecting our environment. We believe in providing solutions for you to be able to responsibly recycle our products, batteries, other components as well as the packaging materials. Please go to <http://csr.asus.com/english/Takeback.htm> for detailed recycling information in different regions.

Green ASUS notice

ASUS is devoted to creating environment-friendly products and packaging to safeguard consumers' health while minimizing the impact on the environment. The reduction of the number of the manual pages complies with the reduction of carbon emission.

For the detailed user manual and related information, refer to the user manual included in the ASUS Tablet or visit the ASUS Support Site at <http://support.asus.com/>.

Proper disposal

Risk of explosion if battery is replaced by an incorrect type. Dispose of used batteries according to the instructions.

La batterie présente un risque d'incendie si celle-ci est remplacée par une batterie de type incorrect. La batterie doit être recyclée de façon appropriée.

DO NOT throw the battery in municipal waste. The symbol of the crossed out wheeled bin indicates that the battery should not be placed in municipal waste.

DO NOT throw the ASUS Mobile Dock in municipal waste. This product has been designed to enable proper reuse of parts and recycling. The symbol of the crossed out wheeled bin indicates that the product (electrical, electronic equipment and mercury-containing button cell battery) should not be placed in municipal waste. Check local regulations for disposal of electronic products.

DO NOT throw the ASUS Mobile Dock in fire. DO NOT short circuit the contacts. DO NOT disassemble the ASUS Mobile Dock.
