## **P1801-T ASUS Tablet can be used with P1801 ASUS All-in-one PC**

### **COPYRIGHT INFORMATION**

No part of this manual, including the products and software described in it, may be reproduced, transmitted, transcribed, stored in a retrieval system, or translated into any language in any form or by any means, except documentation kept by the purchaser for backup purposes, without the express written permission of ASUSTeK COMPUTER INC. ("ASUS").

ASUS PROVIDES THIS MANUAL "AS IS" WITHOUT WARRANTY OF ANY KIND, EITHER EXPRESS OR IMPLIED, INCLUDING BUT NOT LIMITED TO THE IMPLIED WARRANTIES OR CONDITIONS OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE. IN NO EVENT SHALL ASUS, ITS DIRECTORS, OFFICERS, EMPLOYEES OR AGENTS BE LIABLE FOR ANY INDIRECT, SPECIAL, INCIDENTAL, OR CONSEQUENTIAL DAMAGES (INCLUDING DAMAGES FOR LOSS OF PROFITS, LOSS OF BUSINESS, LOSS OF USE OR DATA, INTERRUPTION OF BUSINESS AND THE LIKE), EVEN IF ASUS HAS BEEN ADVISED OF THE POSSIBILITY OF SUCH DAMAGES ARISING FROM ANY DEFECT OR ERROR IN THIS MANUAL OR PRODUCT.

Products and corporate names appearing in this manual may or may not be registered trademarks or copyrights of their respective companies, and are used only for identification or explanation and to the owners' benefit, without intent to infringe.

SPECIFICATIONS AND INFORMATION CONTAINED IN THIS MANUAL ARE FURNISHED FOR INFORMATIONAL USE ONLY, AND ARE SUBJECT TO CHANGE AT ANY TIME WITHOUT NOTICE, AND SHOULD NOT BE CONSTRUED AS A COMMITMENT BY ASUS. ASUS ASSUMES NO RESPONSIBILITY OR LIABILITY FOR ANY ERRORS OR INACCURACIES THAT MAY APPEAR IN THIS MANUAL, INCLUDING THE PRODUCTS AND SOFTWARE DESCRIBED IN IT.

### **LIMITATION OF LIABILITY**

Circumstances may arise where because of a default on ASUS' part or other liability, you are entitled to recover damages from ASUS. In each such instance, regardless of the basis on which you are entitled to claim damages from ASUS, ASUS is liable for no more than damages for bodily injury (including death) and damage to real property and tangible personal property; or any other actual and direct damages resulted from omission or failure of performing legal duties under this Warranty Statement, up to the listed contract price of each product.

ASUS will only be responsible for or indemnify you for loss, damages or claims based in contract, tort or infringement under this Warranty Statement.

This limit also applies to ASUS' suppliers and its reseller. It is the maximum for which ASUS, its suppliers, and your reseller are collectively responsible.

UNDER NO CIRCUMSTANCES IS ASUS LIABLE FOR ANY OF THE FOLLOWING: (1) THIRD-PARTY CLAIMS AGAINST YOU FOR DAMAGES; (2) LOSS OF, OR DAMAGE TO, YOUR RECORDS OR DATA; OR (3) SPECIAL, INCIDENTAL, OR INDIRECT DAMAGES OR FOR ANY ECONOMIC CONSEQUENTIAL DAMAGES (INCLUDING LOST PROFITS OR SAVINGS), EVEN IF ASUS, ITS SUPPLIERS OR YOUR RESELLER IS INFORMED OF THEIR POSSIBILITY.

## About this manual

This manual provides information about the hardware and software features of your ASUS Tablet, organized through the following chapters:

### Chapter 1: Hardware Setup

This chapter details the hardware components of your ASUS Tablet.

### Chapter 2: Using your ASUS Tablet

This chapter provides you with information on using your ASUS Tablet.

### Chapter 3: Working with Android®

This chapter provides an overview of using Android® in your ASUS Tablet.

## Conventions used in this manual

To highlight key information in this manual, some text are presented as follows:

---

**IMPORTANT!** This message contains vital information that must be followed to complete a task.

---

---

**NOTE:** This message contains additional information and tips that can help complete tasks.

---

---

**WARNING!** This message contains important information that must be followed to keep you safe while performing tasks and prevent damage to your ASUS Tablet's data and components.

---

## Typography

**Bold** This indicates a menu or an item that must be selected.

*Italic* This indicates sections that you can refer to in this manual.

All illustrations and screenshots in this manual are for reference only. Actual product specifications and software screen images may vary with territories. Visit the ASUS website at [www.asus.com](http://www.asus.com) for the latest information.

## Safety information

Your ASUS Tablet is designed and tested to meet the latest standards of safety for information technology equipment. However, to ensure your safety, it is important that you read the following safety instructions.

### Setting up your system

- Read and follow all instructions in the documentation before you operate your system.
- Do not use this product near water or a heated source such as a radiator.
- Set up the system on a stable surface.
- Openings on the chassis are for ventilation. Do not block or cover these openings. Ensure that you leave plenty of space around the system for ventilation. Never insert objects of any kind into the ventilation openings.
- Use this product in environments with ambient temperatures between 0°C and 40°C.
- If you use an extension cord, ensure that the total ampere rating of the devices plugged into the extension cord does not exceed its ampere rating.

### Care during use

- Do not walk on the power cord or allow anything to rest on it.
- Do not spill water or any other liquids on your system.
- When the system is turned off, a small amount of electrical current still flows. Always unplug all power, modem, and network cables from the power outlets before cleaning the system.
- The touch screen requires periodic cleaning to achieve the best touch sensitivity. Keep the screen clean from foreign objects or excessive dust accumulation. To clean the screen:
  - Turn off the system and disconnect the power cord from the wall.
  - Spray a small amount of a household glass cleaner onto the supplied cleaning cloth and gently wipe the screen surface.
  - Do not spray the cleaner directly on the screen.
  - Do not use an abrasive cleaner or a coarse cloth when cleaning the screen.
- If you encounter the following technical problems with the product, unplug the power cord and contact a qualified service technician or your retailer.
  - The power cord or plug is damaged.
  - Liquid has been spilled into the system.
  - The system does not function properly even if you follow the operating instructions.

- The system was dropped or the cabinet is damaged.
- The system performance changes.

## Sound Pressure Warning

Excessive sound pressure from earphones or headphones can cause hearing damage or loss. Adjustment of the volume control as well as the equalizer to settings other than the center position may increase the earphones or headphones output voltage and the sound pressure level.

## Package contents

	
ASUS Tablet	USB adapter and cable
	
Quick Start Guide	Warranty Card

---

### NOTES:

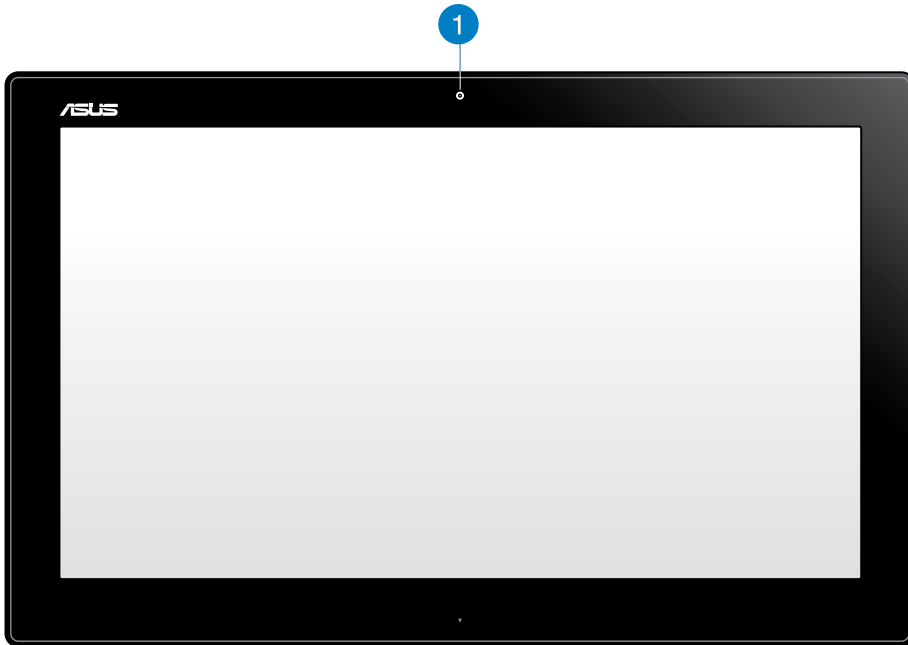

- Contact your retailer if any of the items are damaged or missing.
  - Contents may vary per country or region.

# Chapter 1: Hardware Setup

## Getting to know your ASUS Tablet

### Front view

1

#### Webcam

The built-in webcam allows you to start video chats online.

## Side views

- 1 Kensington® lock port**  
The Kensington® lock port allows you to secure your ASUS Tablet using Kensington® compatible security products.
- 2 Power button**  
Press this button to turn on your ASUS Tablet.
- 3 Volume control**  
Press to turn the volume up/down.
- 4 Mode button**  
Press this button to switch your operating system from Windows® 8 to Android™.
- 5 Mini USB port**  
This mini Universal Serial Bus (USB) 2.0 port allows you to connect compatible USB 2.0 or USB 1.1 devices to your ASUS Tablet using a mini USB cable.
- 6 MicroSD card reader**  
Your ASUS Tablet comes with an additional built-in memory card reader that supports microSD and microSDHC card formats.

- 7 Microphone**

The built-in microphone can be used for video conferencing, voice narrations, or simple audio recording.
- 8 Headphone output/microphone input combo port**

This port allows you to connect your ASUS Tablet to amplified speakers or headphones. You can also use this port to connect your ASUS Tablet to an external microphone.
- 9 Power input**

The supplied power adapter converts AC power to DC power for use with this jack. Power supplied through this jack supplies power to the PC. To prevent damage to the PC, always use the supplied power adapter.

---

**WARNING!** The power adapter may get warm or hot when in use. Do not cover the adapter and keep it away from your body.

---

## Bottom view

- 1 Connecting holes**

Align and insert the guiding poles into these holes to securely attach the tablet to the PC Station.

## Rear view

- 1 Audio speakers**  
Your ASUS Tablet is equipped with built-in high quality speakers.
- 2 Tablet stand**  
Pull out and adjust the stand to provide stable support for your tablet when it is placed on a table or desk.
- 3 Tablet handle**  
Carry the tablet easily using the ergonomic tablet handle.

---

**NOTE:** The magnet at the back of your ASUS Tablet may de-magnetize nearby objects.

---

## Chapter 2: Using your ASUS Tablet

### Placing your ASUS Tablet on the table or desk

**To place your ASUS Tablet on the table or desk:**

1. Pull and adjust the tablet stand.
2. Place your ASUS Tablet on a flat surface such as a table or desk.

## Charging your ASUS Tablet

Connect the power adapter to your ASUS Tablet's DC-in port and plug to the correct socket outlet with the correct input rating. The output voltage of the adapter is 100Vac~240Vac.

## Using Gestures

The gestures allow you to launch programs and access the settings of your ASUS Tablet. The functions can be activated by using the hand gestures to your ASUS Tablet's display panel.

### Zoom out

Bring together your two fingers on the touch panel.

### Zoom in

Spread apart your two fingers on the touch panel.

### Tap and hold

- Tap an app to launch it.

### Tap/Double tap

- To move an app, tap and hold the app tile and drag it to a new location.

### Flip

Use your finger back and forth between home screens, through different images in the Gallery, or pages in MyLibrary and SuperNote.

# Chapter 3: Working with Android®

## Basics

### Unlocking your device

Touch and drag the lock icon to the unlocked icon.

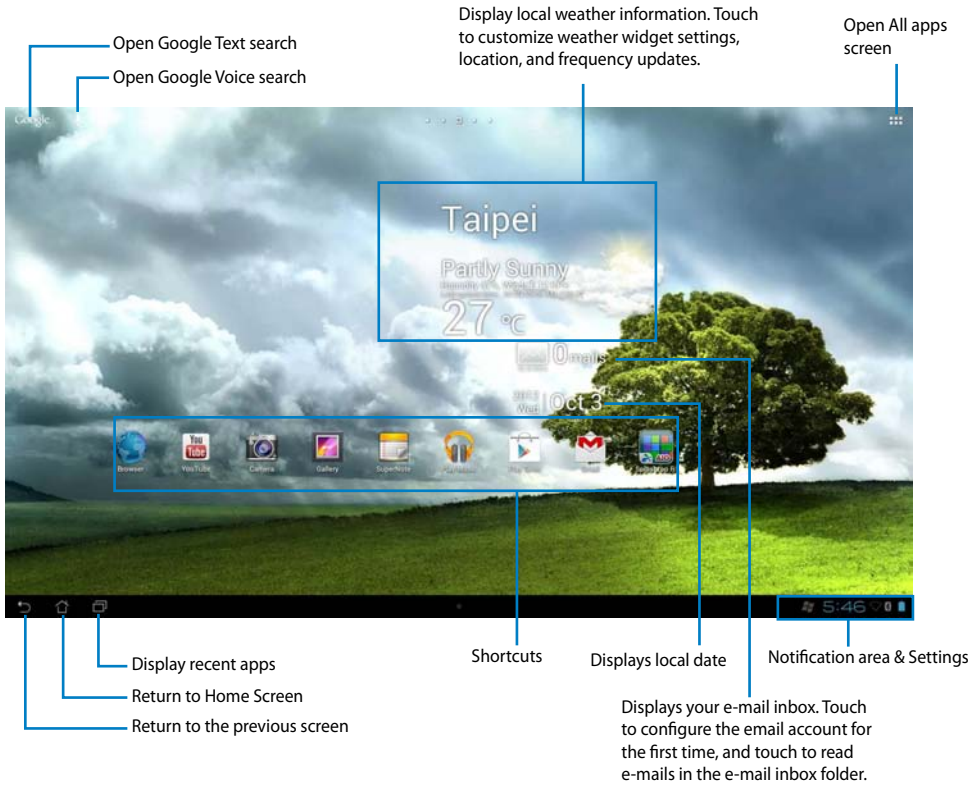

### Entering the camera mode

Touch and drag the lock icon to the camera icon.

# Home Screen

**NOTE:** The Home Screen may update and change with Android OS.

## Screen Views

The screen view rotates automatically when you hold the tablet horizontally to vertically, and vice versa.

### Landscape view

### Portrait view

## Connecting to the world

### Connecting to Wi-Fi networks

Wi-Fi wireless networking technology allows you to exchange data wirelessly over a network. To use Wi-Fi, enable the Wi-Fi feature in your ASUS Tablet and connect to a wireless network. Some wireless networks are secured with a key or protected with digital certificates and requires additional steps to set up; others are open and you can easily connect to them.

---

**NOTE:** Turn OFF Wi-Fi when you're not using it to help save battery power.

---

#### To enable Wi-Fi and connect to a Wi-Fi network:

1. Touch  to go to the All apps screen then touch Settings .
2. Slide the Wi-Fi switch to ON. When enabled, your ASUS Tablet scans for available Wi-Fi networks.
3. Touch a network name to connect to it. If the network is secured or protected, you are prompted to key in a Password or key in other credentials.

---

**IMPORTANT!** If your ASUS Tablet finds a network that you have connected to previously, it automatically connects to it.

---

## Using Bluetooth

### Enabling or disabling Bluetooth in your device

Bluetooth is a wireless standard used for exchanging data over short distances. Bluetooth exists in many products, such as smartphones, computers, tablet devices, and headsets.

Bluetooth is very useful when transferring data between two or more devices that are near each other.

The first time you connect to a Bluetooth device, you must pair it with your ASUS Tablet.

---

**TIP:** Turn OFF Bluetooth in your ASUS Tablet when you're not using it to help save battery power.

---

To enable or disable Bluetooth in your ASUS Tablet, touch  to go to the All apps screen then touch **Settings** . Slide the Bluetooth switch to **ON**.

### Pairing your ASUS Tablet with a Bluetooth device

Before you can connect to a device, you must first pair your ASUS Tablet to that device. Once paired, the devices stay paired unless you unpair them.

To pair your ASUS Tablet to a device:

1. Touch  to go to the All apps screen then touch **Settings** . Slide the Bluetooth switch to **ON**.
2. Touch **Bluetooth** to display all available Bluetooth devices within range. If the device you want to pair with is not in the list, ensure that its Bluetooth feature is turned ON and set as Discoverable. See the technical documentation that came with the device to learn how to turn its Bluetooth ON and how to set it to discoverable.

3. If your ASUS Tablet has finished scanning before your Bluetooth device is ready, touch **Search for devices**.
4. In the list of available devices, touch the Bluetooth device you want to pair with. Follow the succeeding screen instructions to complete the pairing. If necessary, refer to the technical documentation that came with the device.

## Connecting your ASUS Tablet to a Bluetooth device

After you have paired your ASUS Tablet to a Bluetooth device, you can easily reconnect to it again manually, after it is back in range.

To connect:

1. Touch  to go to the All apps screen then touch **Settings** . Slide the Bluetooth switch to **ON**.
2. In the list of **PAIRED DEVICES**, touch the name of the paired device.

## Unpairing and configuring a Bluetooth device

To unpair or configure a Bluetooth device:

1. Touch  to go to the All apps screen then touch **Settings** . Slide the Bluetooth switch to **ON**.
2. Touch **Bluetooth** to display the Bluetooth settings.
3. Touch the Bluetooth Quick Settings icon beside the connected Bluetooth device you want to unpair or configure.
4. From the Bluetooth Quick Settings screen, you can do any of the following:
  - Touch **Unpair** to unpair the device.
  - Touch **Rename** to rename the Bluetooth device.
  - Touch any of the listed profiles to enable or disable profile.
5. Touch  when you're finished.

# Using apps and widgets

## Managing Apps

### App shortcut

You can create shortcuts for your favorite apps on your ASUS Tablet Home Screen.

1. Touch **☰** to go to the All apps screen.
2. From the **All apps screen**, touch and hold the icon of the app you wish to move then drag and place the app on the Home Screen.

### App info

You can view the detailed app information while you are creating a shortcut for the app. While holding an app from the All apps screen to the Home Screen, the **App info** will appear on the top of the Home Screen page. Drag the app to **App info** to display its detailed information.

### Removing App from Home Screen

You can remove app shortcuts from your ASUS Tablet Home Screen. The original app will remain in your **All apps** screen. To remove an app in your Home Screen:

1. Touch and hold an app on your Home Screen until **X Remove** appears.
2. Drag the app to **X Remove** to remove it from the Home Screen.

## App Folder

Create folders to organize your applications and shortcuts on your ASUS Tablet Home Screen.

1. On your ASUS Tablet's Home Screen, touch and drag an app or shortcut onto another app and a folder will appear.
2. Touch the new folder and tap **Unnamed Folder** to rename the folder.

## Recent Apps

Recent apps are displayed on the left panel of the Home Screen. You can find detailed information and manage your apps from the Recent Apps list.

1. Touch the **Recent Apps** icon at the lower left corner of the Home Screen.

2. Swipe up or down the list to view **Recent Apps**. Swipe a recent app to the left or right to remove from the list.
3. Touch and hold a recent app to display the menu. Select to remove app from list or display app information.

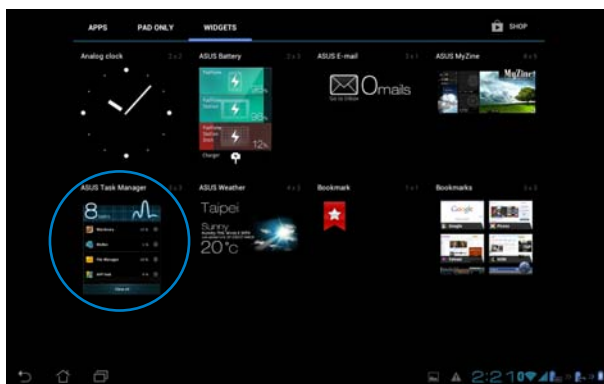

## Task Manager

ASUS widget displays a list of currently running utilities and applications and their usages in percentages on your ASUS Tablet.

1. Touch **☰** to go to the All apps screen.
2. Touch **WIDGETS** to display the widgets menu.
3. Touch and hold **ASUS Task Manager** to display the ASUS Task Manager box on the Home Screen.

4. Touch and hold the widget to display the sizing brackets. Pull the sizing bracket upward or downward to show the complete list of tasks.
5. Tap **⊗** beside each running app to close the app. Touch **One-click Clean** to close running apps all at once.

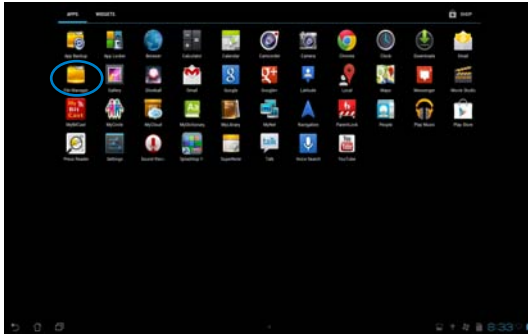

## File Manager

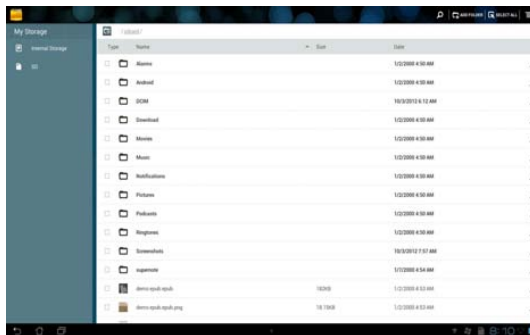

File Manager allows you to easily locate and manage your data either on the internal storage device or the connected external storage devices.

To access the internal storage device:

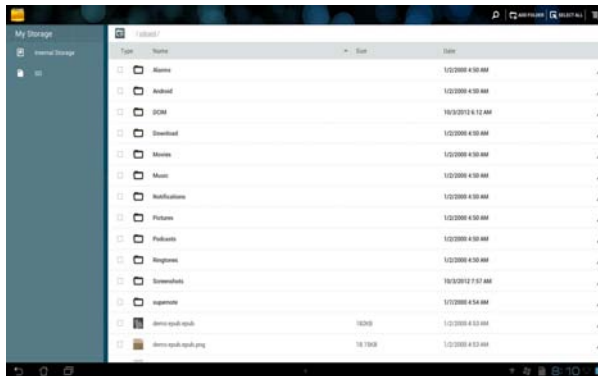

1. Touch **☰** to go to the All apps screen.
2. Touch **File Manager** then go to **My Storage**.

3. The Internal Storage (/sdcard/) and any connected external storage devices (/Removable/) are displayed on the left panel. Touch the source icon on the left panel to display the content list, and touch to select an item.

4. Touch the **Return** folder icon to return to the root directory of **My Storage**.

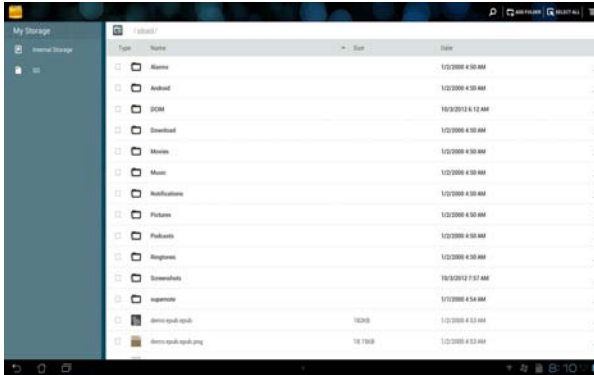

To access the external storage device:

1. Touch the USB or SD card icon  on the bottom right corner of your Home Screen to display the notification box.

2. Touch the USB or SD card icon to display its contents.

To copy, cut, delete, or share files:

Tick the file you wish to copy, cut, share, or delete and touch the action icon found at the tool bar on the upper right corner of the File Manager screen.

You can also tick the file and drag/drop it to your desired destination folder.

## Play Store

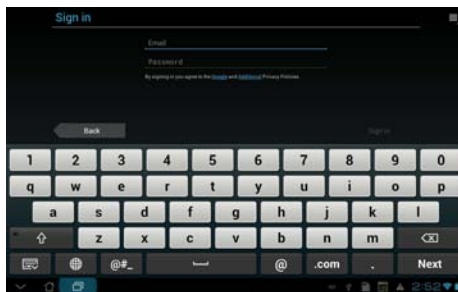

Access lots of fun games and tools in the Play Store using your Google account. If you don't have a Google account, please create one.

To access the Play Store:

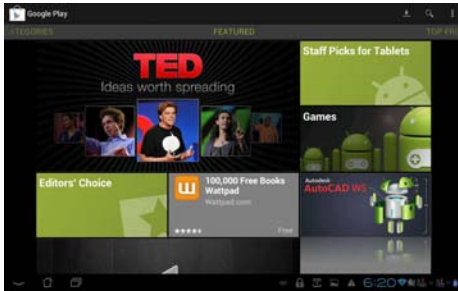

1. From the Home screen, tap **Play Store** .
3. You need a Google account to access Google Play. If you don't have an existing account, tap **New**.

4. Type your **Email** and **Password** to **Sign in** if you already have an account.

5. After signing in, you can start downloading and adding apps to your device from the Play Store.

---

**IMPORTANT!** Download the latest Adobe Flash Player version 11.1.112.60 for Jelly Bean devices.

---

**NOTES:**

- You cannot restore the deleted applications, but you can login with the same ID and download them again.
  - Some applications are free and some might charge you through a credit ca
-

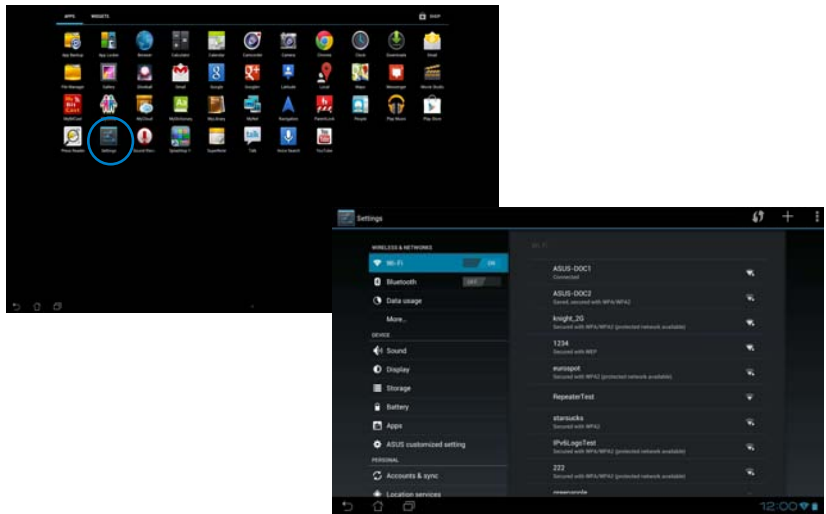

## Settings

Settings screen allows you to configure the settings of your ASUS Tablet, including **Wireless & networks, Device, Personal,** and **System** settings. Touch the tabs on the left to switch screens and do the configurations.

There are two ways to go to the **Settings** screen.

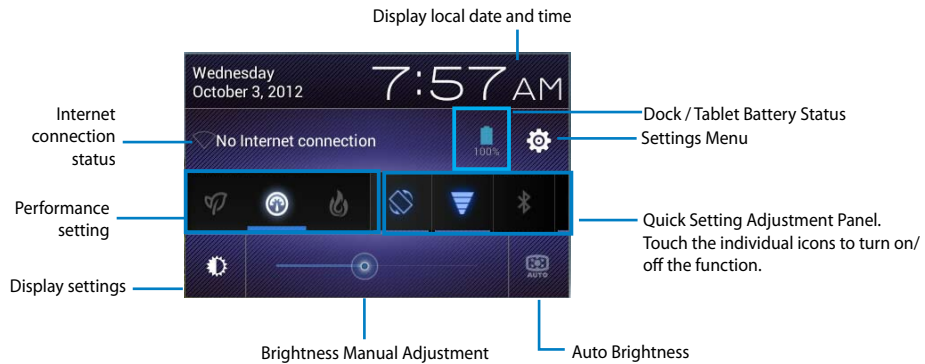

From the **All apps** screen:

Touch **Settings** to display the settings menu.

From **ASUS Quick Setting**:

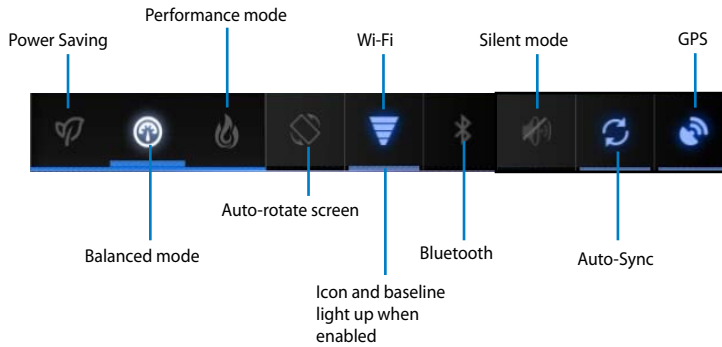

Touch the notification area on the bottom right corner to launch the **ASUS Quick Settings** panel.

## ASUS Quick Setting Adjustment Panel

Touch any of the following icons to enable or disable its assigned function.

### IMPORTANT!

- **Balanced mode [Default mode]:** Balances the system's performance and power usage.
- **Performance mode:** Maximizes the system's performance but consumes more battery power.
- **Power saving mode:** Energy saving mode

## Notification Panels

Notification panels will appear under the Quick Setting panel for alerts or updates in apps, incoming emails, and utility status.

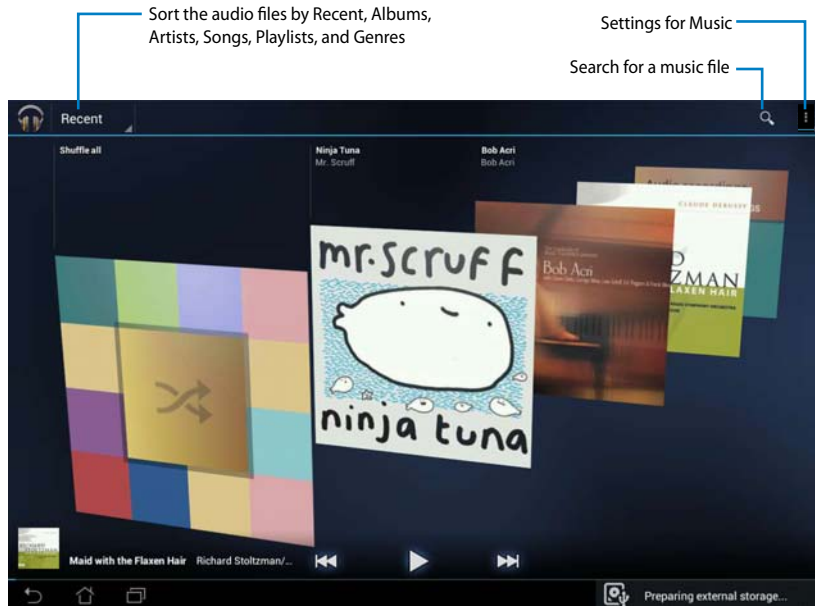

**IMPORTANT!** Swipe a notification to the right or to the left to remove item from the list.

## Music

Touch **Play Music** on the Home Screen to play your music files. This application automatically collects and displays all the audio files stored in your ASUS Tablet and connected external storage devices.

You can shuffle and play all audio files randomly or flip to select an album for your listening pleasure.

Use the buttons on the top to conveniently sort or search your audio files.

### NOTE:

The audio and video codec supported by your ASUS Tablet:

#### Decoder

**Audio Codec:** AAC LC/LTP, HE-AACv1 (AAC+), HE-AACv2(enhanced AAC+), AMR-NB, AMR-WB, MP3, FLAC, MIDI, PCM/WAVE, Vorbis, WAV a-law/mu-law, WAV linear PCM, WMA 10, WMA Lossless, WMA Pro LBR

**Video Codec:** H.263, H.264, MPEG-4, VC-1/WMV, VP8

#### Encoder

Audio Codec: AAC LC/LTP, AMR-NB, AMR-WB

Video Codec: H.263, H.264, MPEG-4

## Gallery

Touch **Gallery** on the Home Screen to browse for images or video files. This app automatically collects and displays all the images and video files stored in your ASUS Tablet.

From the Gallery, you can display images in a slideshow or touch to select for image or video files.

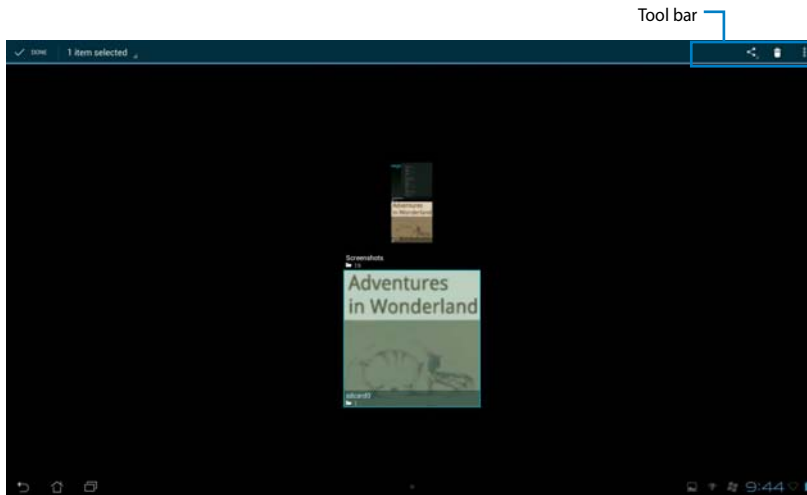

You can also use the menu buttons on the upper right corner of the Gallery screen to sort the files by album, by location, by time, by people, or by tags.

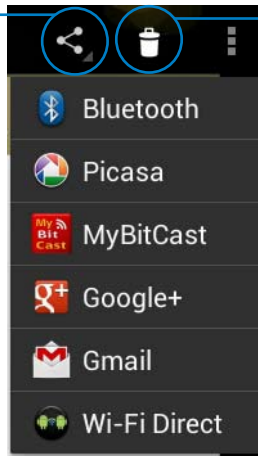

## Sharing and deleting albums

Touch and hold an album in the Gallery until the Tool bar on top appears.

Using the Tool bar options, you can upload, delete, or share selected albums online.

Share the selected album through Bluetooth®, Picasa®, MyBitCast, Google+, or Gmail®

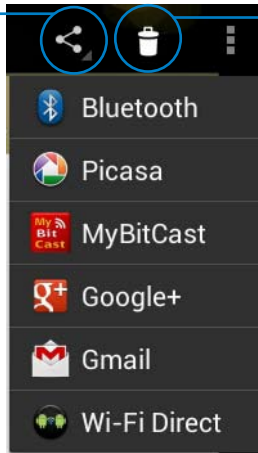

Delete icon

## Sharing, deleting, and editing images

Touch an image in the Gallery and use the tool bar on the upper right corner to share, delete, or edit a selected image.

Share the selected album through Bluetooth®, Picasa®, MyBitCast, Google+®, or Gmail®

---

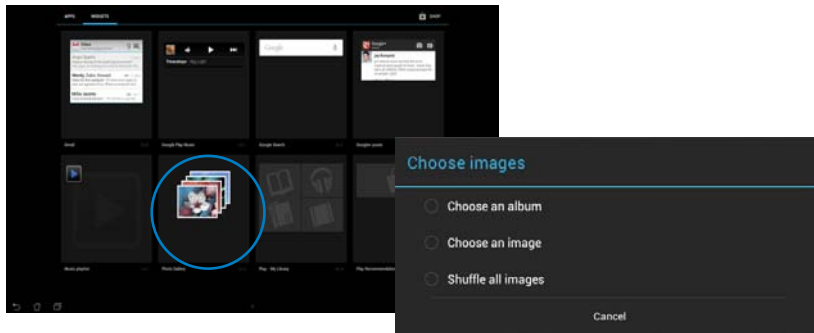

**CAUTION!** You cannot restore a deleted file.

---

## Gallery widget

The **Photo Gallery** widget allows immediate access to your favorite photos or albums right from the Home Screen.

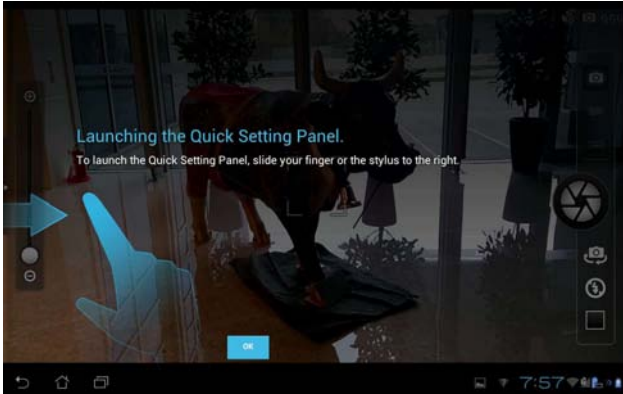

1. Touch **☰** to go to the All apps screen.
2. Touch **Widgets** to display the widgets menu.
3. Touch and hold **Photo Gallery** until the gallery widget box moves to the Home Screen and displays the **Choose images** menu box.
4. Choose the album or image that you wish to place as a widget on the Home Screen.

## Camera

Touch **Camera** from the **All apps** screen to take pictures, record videos, or create panoramic images. You can use the front camera or the back camera to take pictures or record videos.

The image and video files are saved to **Gallery**.

## Camera mode

### Video mode

### Panoramic mode

### Panoramic image

## Email

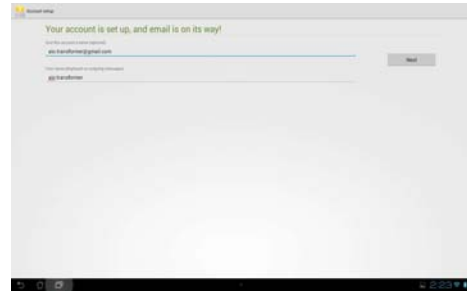

Email allows you to add several e-mail accounts and conveniently browse and manage your e-mails.

To set up an email account:

1. Touch **⋮** to go to the All apps screen.
2. Touch **Email**  to launch the email app.
3. From the email app screen, key in your **Email address** and **Password**, then touch **Next**.
4. Wait while your ASUS Tablet automatically checks your incoming and outgoing mail server settings.
5. Configure the **Account options** and touch **Next**.

6. Provide a name for the account and key in the name you want displayed on the outgoing messages. Touch **Next** to log into your mail inbox.

To add email accounts:

1. Touch  to go to the All apps screen, touch **Email**  and login using the account that you've previously set up.
2. Touch  then **Settings**. Touch **Add account** on the upper right corner to add new email accounts.

---

**NOTE:** You can include all your e-mail accounts in **Email**.

---

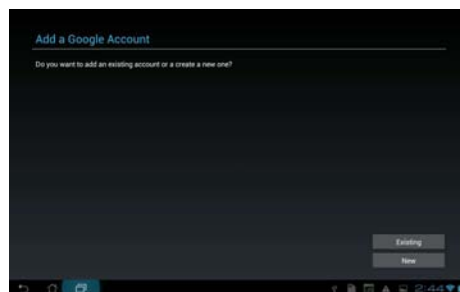

## Gmail

Gmail (Google mail) allows you to access your Gmail account, receive, and compose e-mails.

To set up a Gmail account:

1. Touch **Gmail** from the Home screen. Touch **Existing** and type your existing **Email** and **Password**, then touch **Sign in**.

---

**NOTE:** Touch **New** if you do not own a **Google Account**.

---

2. Wait while your ASUS Tablet communicates with Google servers to set up your account.

3. You can use your Google account to backup and restore your settings and data. Touch **Done** to sign in to your Gmail.

---

**IMPORTANT:** If you have several e-mail accounts in addition to Gmail, use **Email** to set up and access all your e-mail accounts at same time.

---

## MyLibrary

MyLibrary, an integrated interface for your e-book collections, allows you to place your purchased or downloaded e-books into different bookshelves and genres.

Touch **☰** to go to the All apps screen, then touch **MyLibrary**.

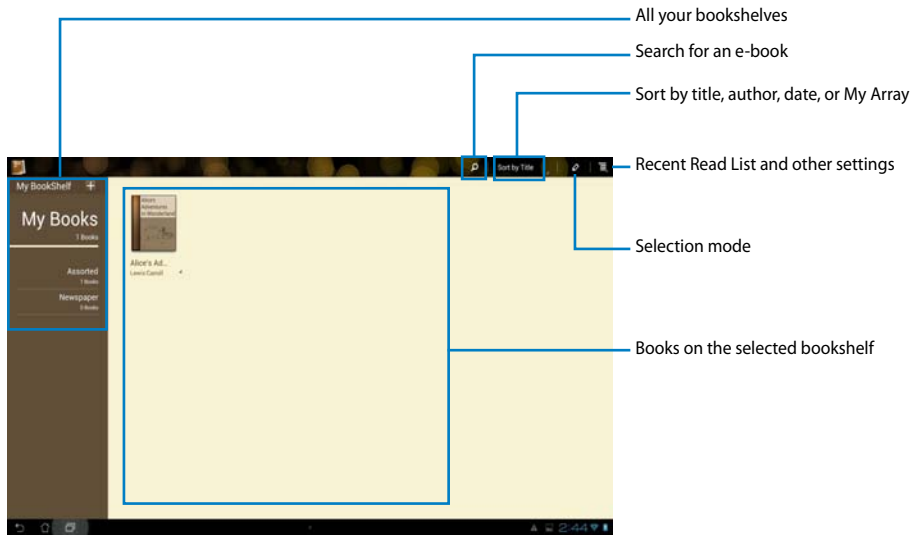

---

**NOTE:** Log into `asus@vibe` to download more e-books.

---

**IMPORTANT:**

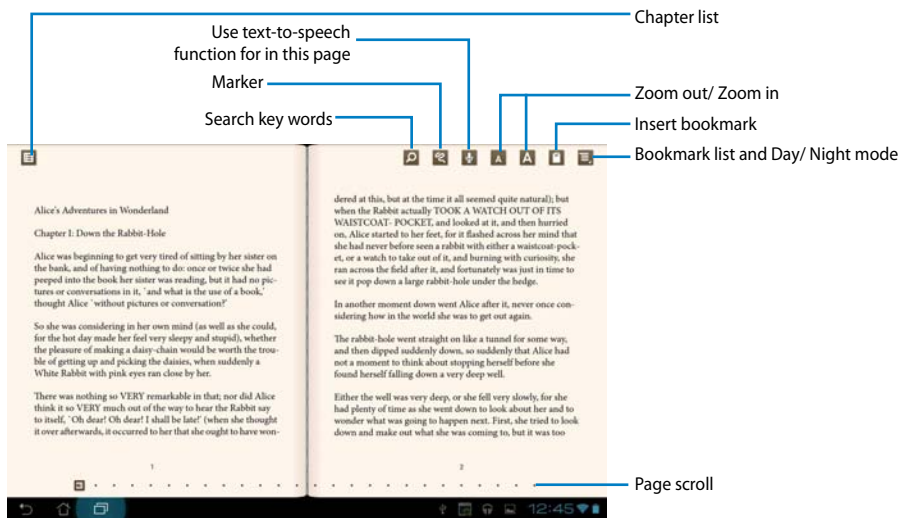

- MyLibrary supports e-books in ePub, PDF and TXT format.
  - You may need Adobe Flash® player to open some e-books. Download Adobe Flash® player before using MyLibrary.
- 

## Reading your e-books

To read e-books:

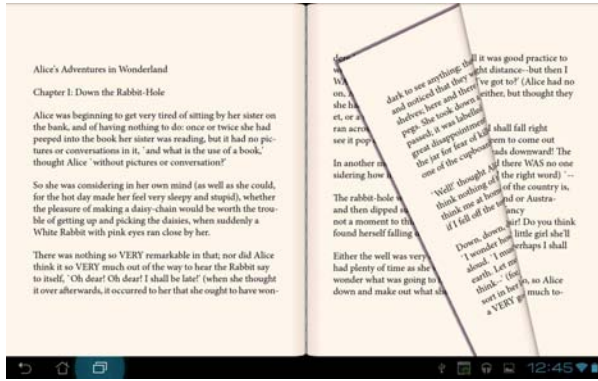

1. Touch to select an e-book on the bookshelf.
2. Touch and hold the screen to show the tool bar on the top.

### NOTES:

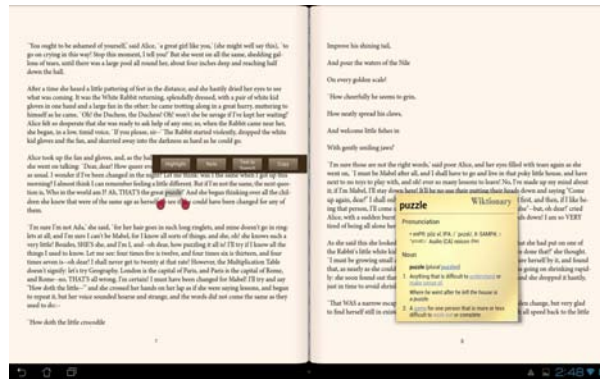

- Android initiates the download and installation of necessary resource if you would like to use the text-to-speech function.
- Tap on the Bookmark list and select the marked page to show the bookmark icon on the upper right corner of the screen.

3. Flip pages like a real book or move the page scroll at the bottom.

Making notes on your e-books

1. Touch and hold on a desired word or sentence until the tool menu and the dictionary definition are displayed.

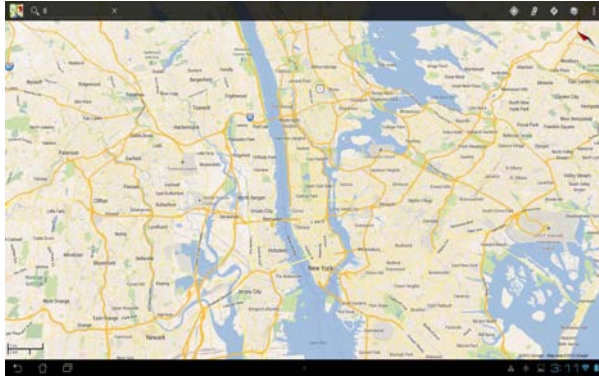

2. Once selected, you either highlight the selected word with a marker, add a note, use text-to-speech function for the selected text, or simply copy the word.
3. Move the selection point to extend the selected region to a whole phrase or sentence if needed.

## Maps

Google Maps allows you to find establishments, view maps, and get directions. Use the tool bar on the top to get directions or create your own maps.

Touch  to go to the All apps screen, then touch **Maps**.

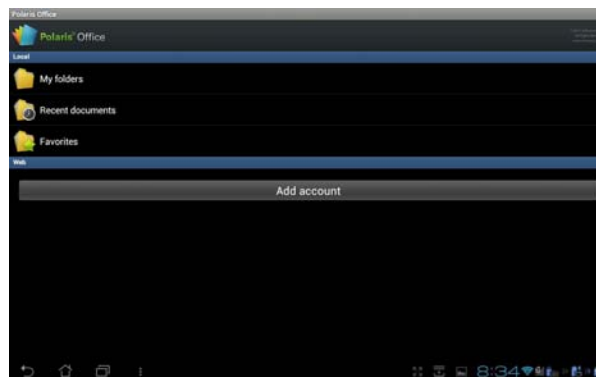

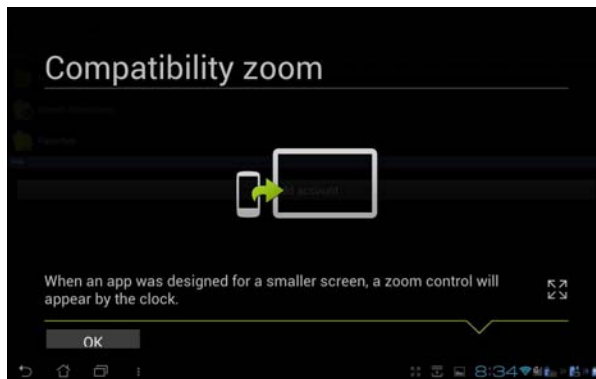

## Polaris® Office

Polaris® Office is a set of interrelated desktop applications that allows you to create, read, and edit documents, spreadsheets, and presentations.

To use Polaris® Office:

1. Touch **☰** to go to the All apps screen.
2. In the **All apps screen**, touch **Polaris® Office**.

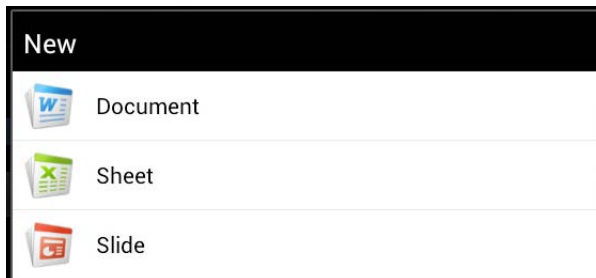

3. Touch **My Folders** on the upper left and select the file.

## Adding new files

Touch **New File**, then do any of the following:

- Touch **Document** to start the word processor to edit documents.
- Touch **Sheet** to start the spreadsheet to perform calculation and manage information.
- Touch **Slide** to start the application to create and share presentations.

---

### NOTE:

- Polaris® Office 3.0 supports file types as below:
    - Microsoft Word: .doc/ .docx
    - Microsoft Excel: .xls/ .xlsx
    - Microsoft Powerpoint: .ppt/ .pptx
      - Adobe Acrobat: .pdf
      - Text: .txt
      - Images: .bmp/ .jpg/ .jpeg/ .png/ .gif/ .wbpm
      - Zip Archivex: .zip
  - Polaris® Office 3.0 currently saves files into .doc/ .xls/ .ppt formats only.
-

## Accessing/clearing your recent files

To access and clear your recent files, do either of the following:

- From the Polaris® Office screen, touch **Recent Documents** to conveniently access your recently-edited files.
- From the **Recent Documents** screen, touch  then select **Clear recent documents** to delete your recent files.

## Adding Accounts

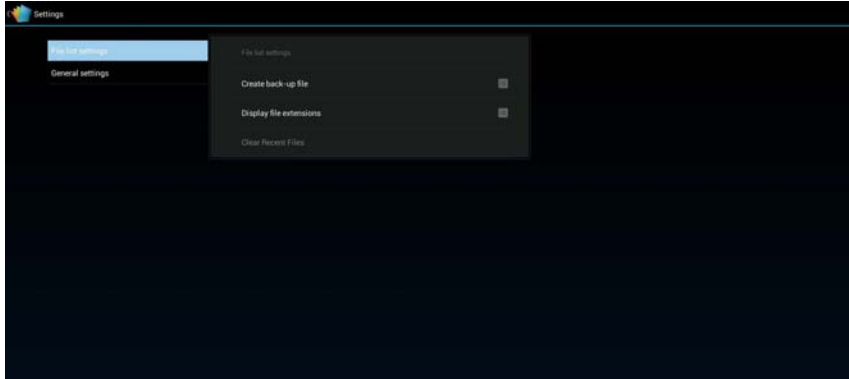

You are allowed to edit your files with Polaris® Office from other accounts, including **Google docs** and **Box.net**.

1. Touch **Add account**.
2. Select a desired service to add.
3. Key in your e-mail account and password and touch **OK** to add the account.

## Configuring Settings

Touch  and select **Settings**. You are allowed to configure the following: **Create back-up file**, **Display file extensions**, and **Clear Recent Files**.

## MyNet

MyNet allows you to store, save, and stream audio, video, and image files between your ASUS Tablet and a DLNA device such as your computer, TV, or speakers.

---

**NOTE:** DLNA (Digital Living Network Alliance) is the networking standard that allows network devices to seamlessly communicate with each other.

---

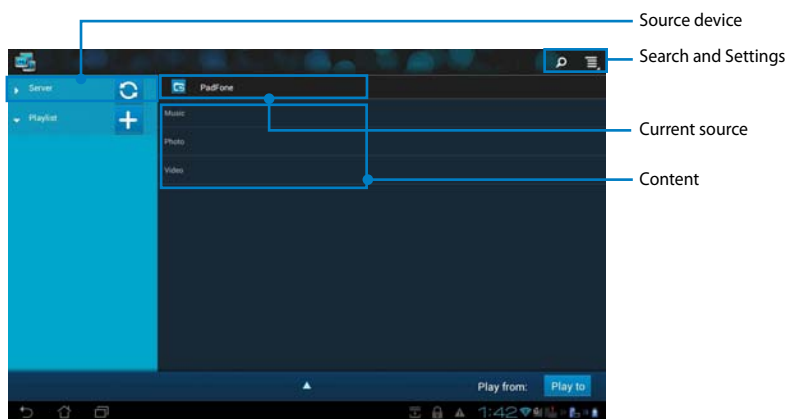

### **IMPORTANT:**

- MyNet works with Microsoft Media Player 11 or later version only.
  - MyNet will not work if the devices are connected via 3G network.
  - Your ASUS Tablet and the DLNA device such as computer, TV, or speakers must be connected to the same wireless network. Otherwise, MyNet will not function.
-

1. Ensure that your ASUS Tablet and your computer are connected to the same wireless network.
2. Click and enable **Allow remote control of my Player** and **Automatically allow devices to play my media** in Windows Media Player on your computer. Go to **More streaming options** to configure, if necessary.

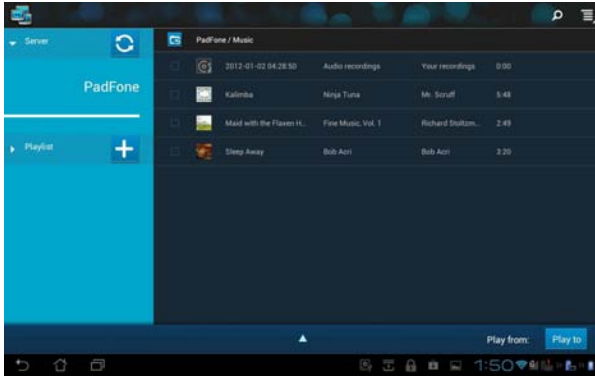

3. On the **Server** list, select the source device on the left panel to view the contents.

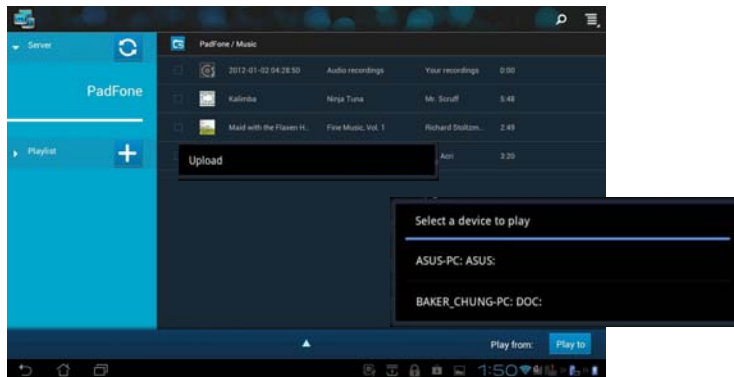

4. You can do any of the following:

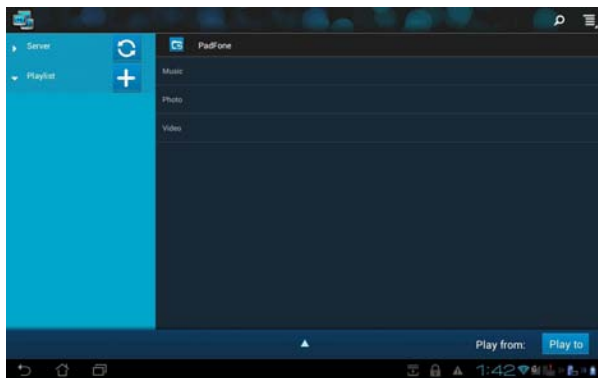

- Select a file and touch **Play to** on the bottom right to start playing on the target device.

- Touch and hold a file to upload or download it to and from the connecting devices.

- You can also select a file from the **Playlist**. The Playlist offers a common space for the connected devices to share files. Tap the plus sign (+) to create new lists.

- To enable **Digital Media Server**, touch **Settings** on the upper right corner and tick **Digital Media Server Settings** to allow the other connecting devices to access media files on your ASUS Tablet. You can also select the location of the file you want to share.

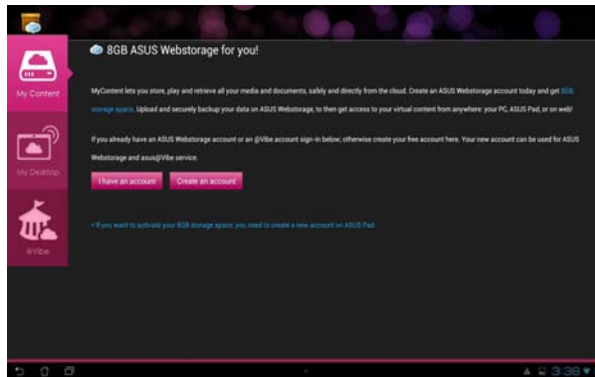

## MyCloud

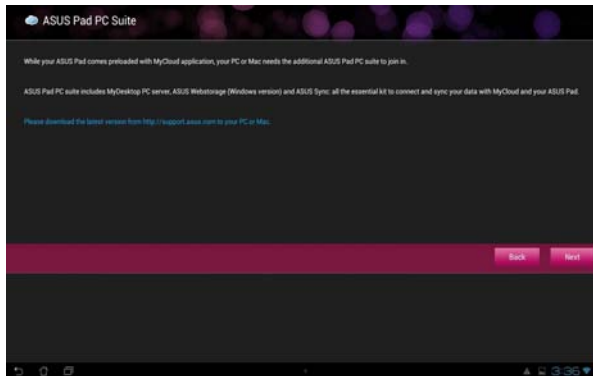

**MyCloud** is a convenient app to access your cloud contents and synchronize them with your ASUS Tablet, remotely control your computer, and access [asus@vibe](mailto:asus@vibe), ASUS' one-stop digital entertainment site.

To launch MyCloud:

1. From the **All apps** screen, touch **MyCloud**.
2. Click **Next** to continue.

3. MyCloud needs to work with **ASUS ASUS Tablet Suite** to avail its full function. Download and install ASUS ASUS Tablet Suite from the ASUS support site at [support.asus.com](http://support.asus.com) to your computer. Click **Next** to continue.

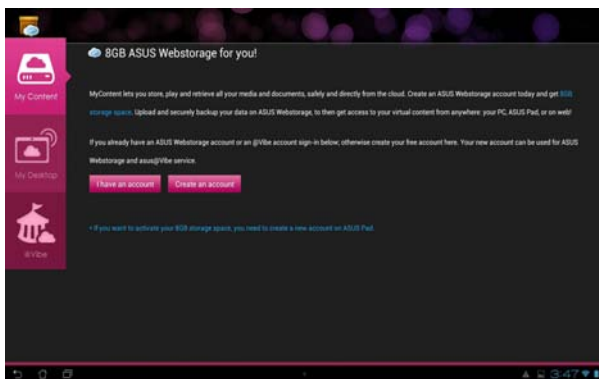

## My Content

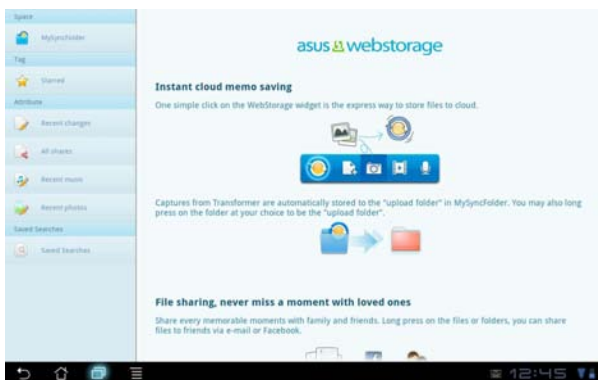

**My Content** allows you to access your data such as music, video, or audio files from ASUS Webstorage.

To access MyContent:

1. Touch **I have an account** to sign in or touch **Create an account** to create your free account.

2. After signing in, you will see all your data stored in ASUS Webstorage. Locate your data according to its category.

## My Desktop

**My Desktop** allows you to remotely control your computer from your ASUS Tablet.

You will need to download **ASUS Tablet Suite** to your computer first to enable My Desktop on your ASUS Tablet.

### Installing and setting up the ASUS PC Suite on your computer

1. Ensure that your computer is connected to the Internet.
2. Double-click the file you downloaded from the ASUS support site.
3. Click **Restart Now** to reboot your computer.
4. Click **GO** to configure the necessary settings for My Desktop.
5. Click **Next** to continue.

6. Read the license agreement and click **Accept** to continue.

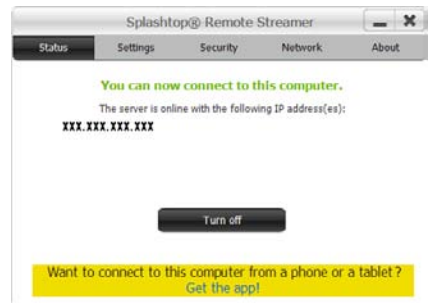

7. Create a password and click **Next**.

8. Click **Enjoy Now** to continue.

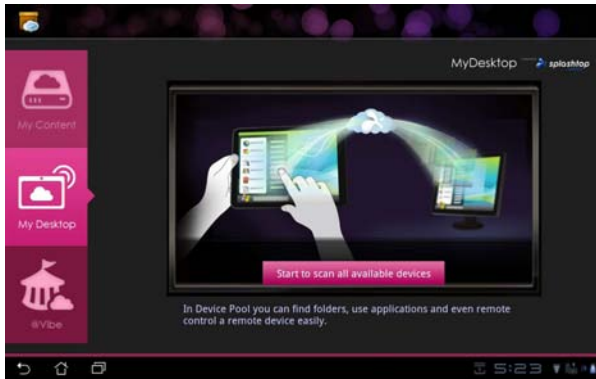

9. Copy your computer's IP address for later use on your ASUS Tablet.

## Using My Desktop on your ASUS Tablet

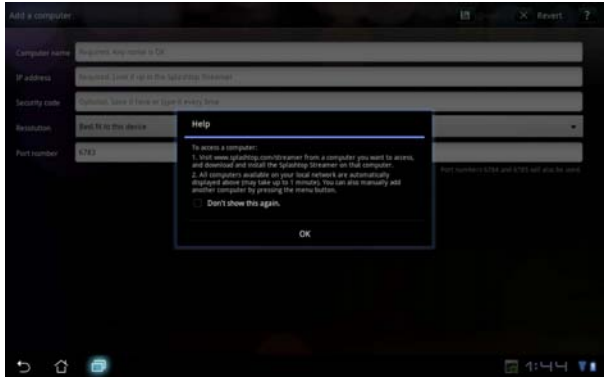

1. Ensure that your ASUS Tablet and your computer are connected to the same wireless network. Touch My Desktop.
2. Touch the screen to scan the available devices.

3. Touch the plus sign (+) on the upper right corner to add your computer's information.

4. Touch **OK** to continue.

5. Manually enter your computer's IP address and other information, then touch **Done**.

**NOTES:**

- The devices must be connected to the same wireless network while enabling My Desktop.
- My Desktop will not work if the devices are connected via 3G network.

## Setting up Internet Discovery for My Desktop

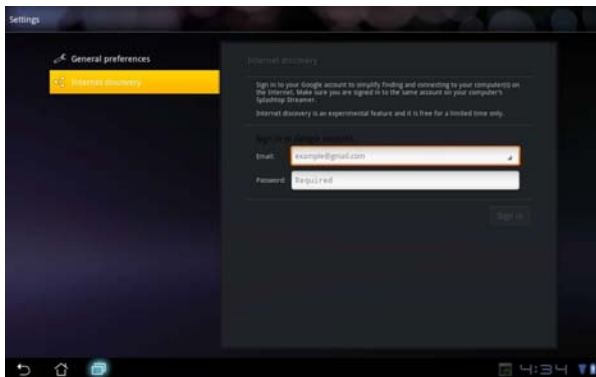

On your computer:

1. Download and activate **Splashtop Streamer** from the ASUS support site.
2. Go to **Network** in Splashtop Remote Streamer.
3. Key in your Google credentials in the Email and Password fields then click **Sign in**.

### On your ASUS Tablet:

Go to **Settings** and enter your Google account in **Internet discovery**. Your device will automatically detect your computer.

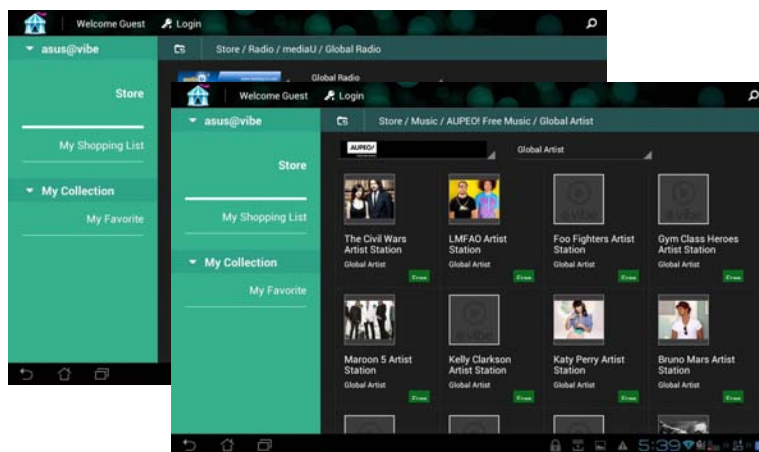

## asus@vibe

asus@vibe is a one-stop entertainment platform that serves as a value-added service for all ASUS products. With asus@vibe, you can access or download a wealth of exciting and engaging digital content such as music, videos, games, magazines, and e-books. You can also tune into your favorite radio stations and stream live TV anytime and anywhere.

### NOTES:

- Log in with your ASUS Access account to enjoy the multimedia content in asus@vibe.
- The contents on asus@vibe may vary with country or region.

1. From the **All apps screen**, touch **asus@vibe**.
2. Login by using your account.
3. Scroll and select your desired disc or radio station.

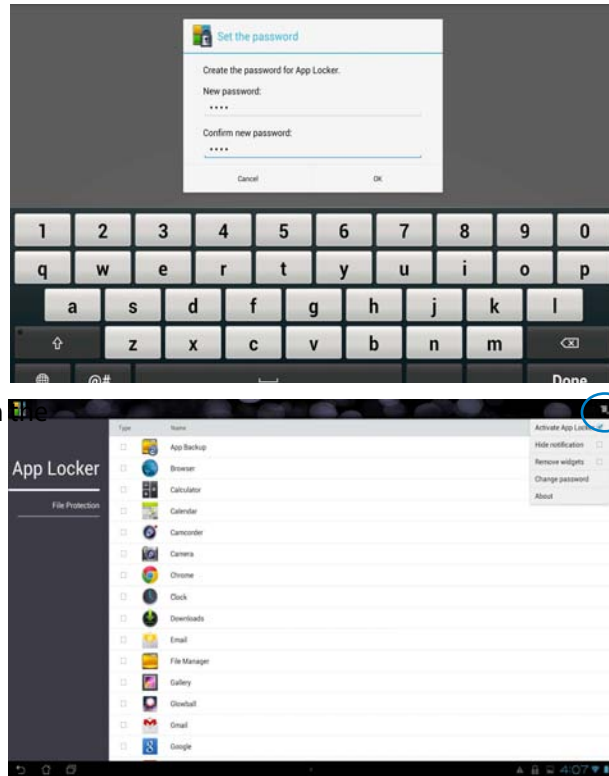

## App Locker

App Locker allows you to password-protect your apps.

To use **App Locker**:

1. From the **All apps** screen, touch on **App Locker**.
2. Set up your password.
3. Tick the apps you would like to lock.
4. Activate App Locker from Settings on upper right corner.

### NOTES:

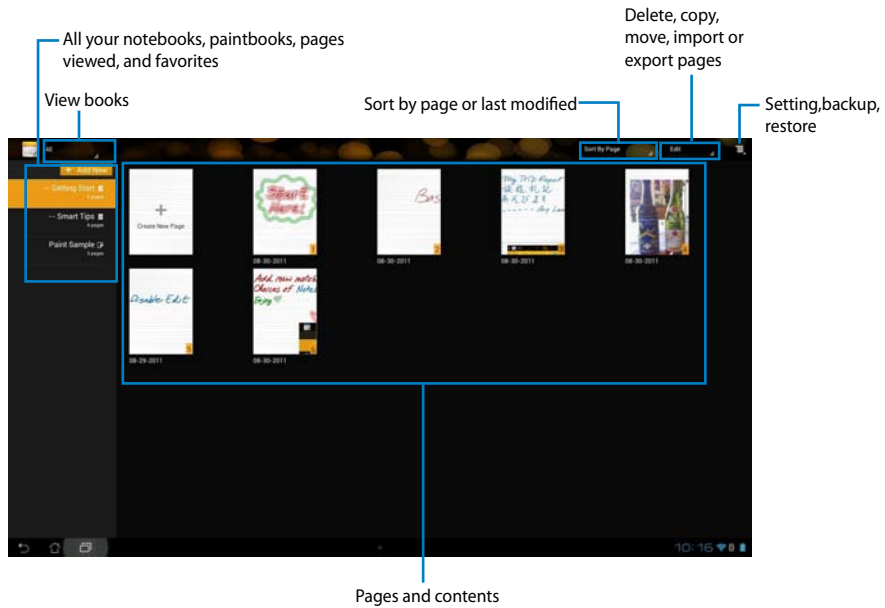

- Locked apps will have lock icons on the Home Screen.
- You will be asked for your password everytime you access the locked apps.

# SuperNote

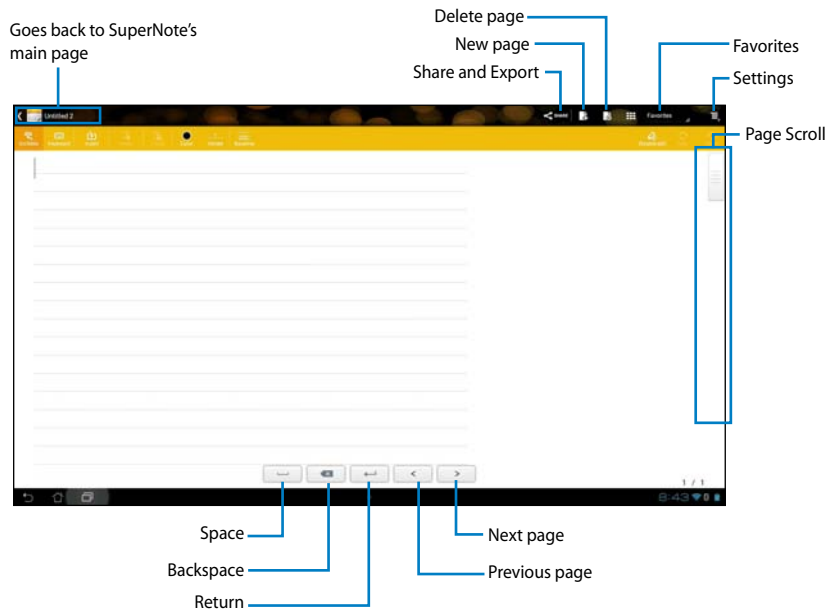

SuperNote is a convenient app used for writing and painting on your ASUS Tablet. You can take notes, send instant messages, draw sketches, create e-cards with audio recordings or diaries with video, and lots more.

## Using SuperNote

### To create a new notebook:

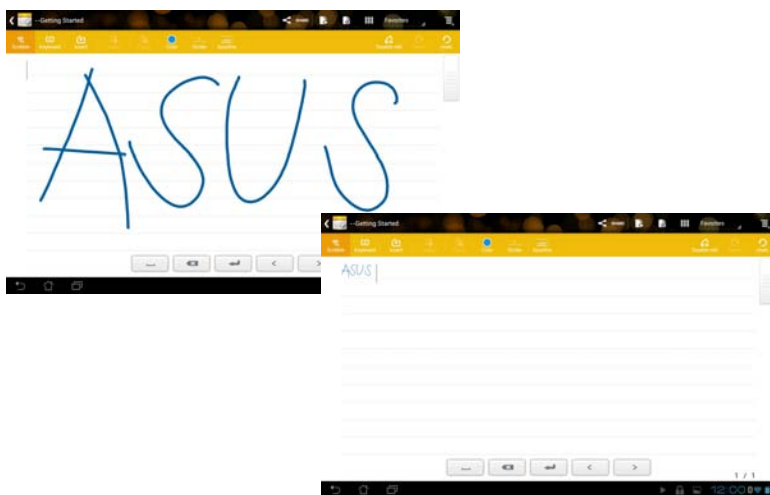

1. Touch **+ Add New** on the left panel of the SuperNote main page.
2. Key in a name for the file and select **Notebook** or **Paintbook**.
3. Select the page color and font size, then touch **OK**.
4. Touch the return path on the upper left for an overall view of the books and note pages.
5. On the upper right, touch **Share** to share by bluetooth, e-mail, webstorage, short messages, social networks, or online gallery.

## Using the SuperNote Notebook

SuperNote Notebook is designed to allow you to scribble and doodle on your ASUS Tablet continuously regardless of page lines. The app automatically adjusts the scribbled note to fit into the page lines.

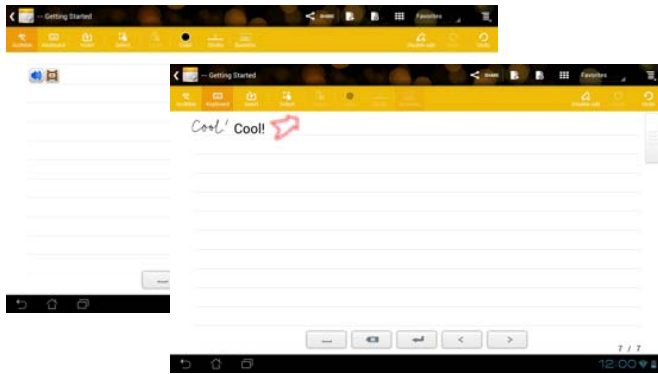

1. Choose **Scribble** mode or **Keyboard** mode to enter your notes.
2. In **Scribble** mode, select **Color** and **Stroke** weight to customize strokes.
3. Touch to set a spot for the text cursor, then scribble on the tablet. The app automatically adjusts the scribbled note to fit into the page lines.

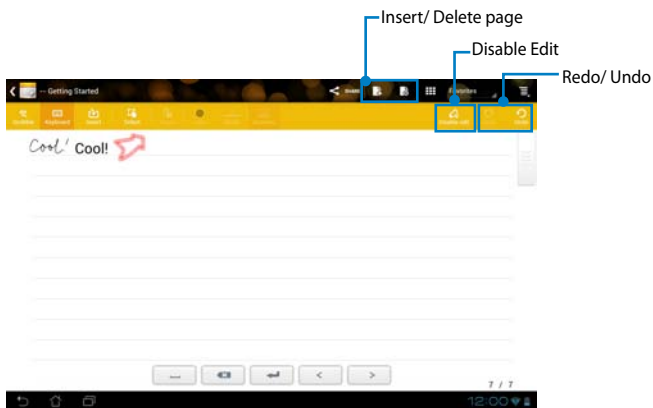

4. Touch the **Baseline** function for penmanship guidelines, if necessary.

5. Touch **Insert** to make annotations, create time stamps, insert photos, drawings from paintbook, picture from gallery, voice, video, or other text and picture file.

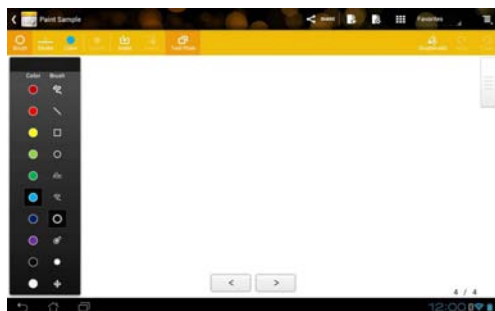

6. Insert a new page in the notebook or delete to discard unwanted pages.
7. Touch **Read Only** to enable Read Only mode to view and flip through the note pages and avoid entering unnecessary marks on the pages.
8. Touch **Undo** to delete changes. Touch **Redo** to keep the changes.

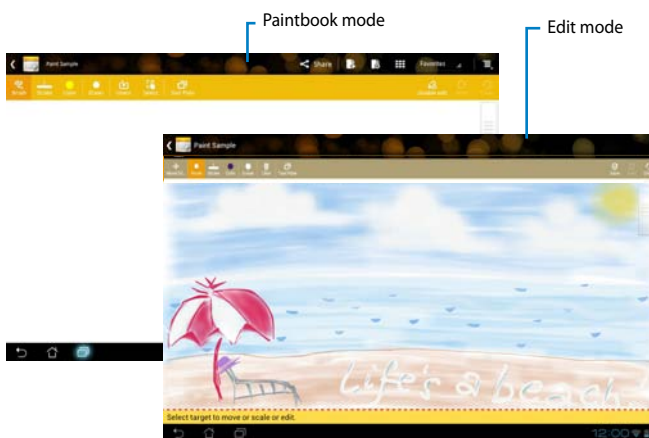

## Using the SuperNote Paintbook

SuperNote Paintbook provides you with an immediate interface to draw and save to an electronic file. The Paintbook is similar to the Notebook in structure with additional color options and brush selections for you to draw freely on a canvas.

1. Select **Brush**, **Stroke**, and **Color** to customize strokes.
2. Tap **Tool Plate** to display Brush and Color palettes.

3. Once you enter the first stroke or tap **Select**, the canvas switches to Edit mode.
4. Tap **Select** to move, scale, rotate, or edit the selected area. A red dotted box will appear to designate the area.
5. Tap **Done** to return to Paintbook mode.

## Adding widgets

Use widgets to conveniently access useful and fun applications on your ASUS Tablet Home Screen. You can find them in the Widgets tab in the All Apps screen, ready to be moved into your Home Screen.

To see your widgets, Touch  to go to the All apps screen, then touch **Widgets**.

From the main Widgets screen, you can:

- Drag a widget to another screen.
- Swipe left or right to move between screens and view more widgets.

---

### IMPORTANT:

- You may be prompted to perform additional tasks (such as registration, activation) before you can use a selected widget.
  - If there is not enough room on the screen where you placed a widget, the widget won't get added to that screen.
- 

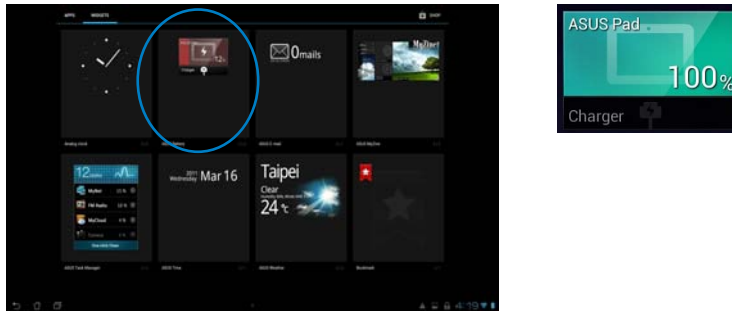

To remove a widget:

- Touch and hold the widget until **X Remove** appears then without lifting your finger, drag the widget into **X Remove**.

## ASUS Battery

This special widget shows the individual battery status of your AIO Transformer by percentage and color. The more battery power, the brighter the color.

1. Touch **⋮** to go to the All apps screen.
2. Touch **Widgets** to display the widgets menu.
3. Touch and hold **ASUS Battery** to display the ASUS Battery app.

4. The ASUS Quick Setting and the notifications panel also display the battery status. The battery status of the ASUS Tablet is shown separately. When battery is low, the battery icon turns from blue to red with an exclamation mark. There will also be a warning sound to notify you when the battery is running low.

# Appendices

## Notices

### REACH

Complying with the REACH (Registration, Evaluation, Authorization, and Restriction of Chemicals) regulatory framework, we publish the chemical substances in our products at ASUS REACH website at <http://csr.asus.com/english/REACH.htm>

### ASUS Recycling/Takeback Services

ASUS recycling and takeback programs come from our commitment to the highest standards for protecting our environment. We believe in providing solutions for you to be able to responsibly recycle our products, batteries, other components, as well as the packaging materials. Please go to <http://csr.asus.com/english/Takeback.htm> for the detailed recycling information in different regions.

### COATING NOTICE

**IMPORTANT!** To provide electrical insulation and maintain electrical safety, a coating is applied to insulate the device except on the areas where the I/O ports are located.

#### Beschichtungshinweis

WICHTIG! Um die elektrische Isolation und die elektrische Sicherheit zu gewährleisten, ist das Gehäuse mit einer Beschichtung zur Isolation versehen. Diese Beschichtung ist an den E/A-Anschlüssen des Gerätes nicht vorhanden.

### Federal Communications Commission Statement

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- This device may not cause harmful interference, and
- This device must accept any interference received including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with manufacturer's instructions, may cause harmful interference to radio communications.

However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**IMPORTANT!** Outdoor operations in the 5.15~5.25 GHz band is prohibited. This device has no Ad-hoc capability for 5250~5350 and 5470~5725 MHz.

**CAUTION:** Any changes or modifications not expressly approved by the guarantee of this device could void the user's authority to operate the equipment.

### **RF exposure warning**

This equipment complies with FCC RF exposure limits set forth for an uncontrolled environment. The equipment must not be co-located or operating in conjunction with any antenna or transmitter.

The highest SAR value for this device is 0.614 W/kg.

### **Canadian Department of Communications Statement**

This digital apparatus does not exceed the Class B limits for radio noise emissions from digital apparatus set out in the Radio Interference Regulations of the Canadian Department of Communications.

This class B digital apparatus complies with Canadian ICES-003.

## IC Radiation Exposure Statement for Canada

This equipment complies with IC radiation exposure limits set forth for an uncontrolled environment. To maintain compliance with IC RF exposure compliance requirements, please avoid direct contact to the transmitting antenna during transmitting. End users must follow the specific operating instructions for satisfying RF exposure compliance.

Operation is subject to the following two conditions:

- This device may not cause interference and
- This device must accept any interference, including interference that may cause undesired operation of the device.

## Canada, Industry Canada (IC) Notices

This Class B digital apparatus complies with Canadian ICES-003 and RSS-210.

Operation is subject to the following two conditions: 1) this device may not cause interference, and 2) this device must accept any interference, including interference that may cause undesired operation of the device.

## Radio Frequency (RF) Exposure Information

The radiated output power of the wireless device is below the Industry Canada (IC) radio frequency exposure limits. The wireless device should be used in such a manner such that the potential for human contact during normal operation is minimized.

This device has been evaluated for and shown compliant with the IC Specific Absorption Rate ("SAR") limits when installed in specific host products operated in portable exposure conditions.

The highest SAR value for this device is 0.614 W/kg.

## Canada, avis d'Industry Canada (IC)

Cet appareil numérique de classe B est conforme aux normes canadiennes ICES-003 et RSS-210.

Son fonctionnement est soumis aux deux conditions suivantes: 1) cet appareil ne doit pas causer d'interférence et 2) cet appareil doit accepter toute interférence, notamment les interférences qui peuvent affecter son fonctionnement.

## Informations concernant l'exposition aux fréquences radio (RF)

La puissance de sortie émise par l'appareil de sans fil est inférieure à la limite d'exposition aux fréquences radio d'Industry Canada (IC). Utilisez l'appareil de sans fil de façon à minimiser les contacts humains lors du fonctionnement normal.

## Declaration of Conformity (R&TTE directive 1999/5/EC)

The following items were completed and are considered relevant and sufficient:

- Essential requirements as in [Article 3]
- Protection requirements for health and safety as in [Article 3.1a]
- Testing for electric safety according to [EN 60950]
- Protection requirements for electromagnetic compatibility in [Article 3.1b]
- Testing for electromagnetic compatibility in [EN 301 489-1] & [EN 301 489-17]
- Effective use of the radio spectrum as in [Article 3.2]
- Radio test suites according to [EN 300 328-2]

## CE Mark Warning

This is a Class B product, in a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures.

## CE marking for devices without wireless LAN/Bluetooth

The shipped version of this device complies with the requirements of the EEC directives 2004/108/EC "Electromagnetic compatibility" and 2006/95/EC "Low voltage directive".

## CE marking for devices with wireless LAN/ Bluetooth

This equipment complies with the requirements of Directive 1999/5/EC of the European Parliament and Commission from 9 March, 1999 governing Radio and Telecommunications Equipment and mutual recognition of conformity.

**ⓘ is for class II device.**

The highest SAR value for this device is 0.163 W/kg.

## Wireless Operation Channel for Different Domains

N. America	2.412-2.462 GHz	Ch01 through CH11
Japan	2.412-2.484 GHz	Ch01 through Ch14
Europe ETSI	2.412-2.472 GHz	Ch01 through Ch13

**NO DISASSEMBLY**

**The warranty does not apply to the products that have been disassembled by users**

**Lithium-Ion Battery Warning**

**CAUTION:** Danger of explosion if battery is incorrectly replaced. Replace only with the same or equivalent type recommended by the manufacturer. Dispose of used batteries according to the manufacturer's instructions.

**No Exposure to Liquids**

DO NOT expose to or use near liquids, rain, or moisture. This product is not waterproof or oil-proof.

This symbol of the crossed out wheeled bin indicates that the product (electrical, electronic equipment, and mercury-containing button cell battery) should not be placed in municipal waste. Check local regulations for disposal of electronic products.

DO NOT throw the battery in municipal waste. The symbol of the crossed out wheeled bin indicates that the battery should not be placed in municipal waste.

廢電池請回收

請勿將電池當作一般垃圾丟棄。這個標誌表示電池不應視為一般垃圾丟棄。

## Prevention of Hearing Loss

To prevent possible hearing damage, do not listen at high volume levels for long periods.

A pleine puissance, l'écoute prolongée du baladeur peut endommager l'oreille de l'utilisateur.

## Global Environmental Regulation Compliance and Declaration

ASUS follows the green design concept to design and manufacture our products, and makes sure that each stage of the product life cycle of ASUS product is in line with global environmental regulations. In addition, ASUS disclose the relevant information PC Station on regulation requirements.

Please refer to <http://csr.asus.com/english/Compliance.htm> for information disclosure based on regulation requirements ASUS is complied with:

### Japan JIS-C-0950 Material Declarations

### EU REACH SVHC

### Korea RoHS

### Swiss Energy Laws

## ENERGY STAR complied product

ENERGY STAR is a joint program of the U.S. Environmental Protection Agency and the U.S. Department of Energy helping us all save money and protect the environment through energy efficient products and practices.

All ASUS products with the ENERGY STAR logo comply with the ENERGY STAR standard, and the power management feature is enabled by default. The monitor and computer are automatically set to sleep after 15 and 30 minutes of user inactivity. To wake your computer, click the mouse or press any key on the keyboard.

Please visit <http://www.energy.gov/powermanagement> for detail information on power management and its benefits to the environment. In addition, please visit <http://www.energystar.gov> for detail information on the ENERGY STAR joint program.

---

**NOTE:** ENERGY STAR is NOT supported on Freedos and Linux-based products.
