

PLAY FROM A BLUETOOTH DEVICE

Step 1: Connect two speakers
Step 2: Activate the Bluetooth function in your Bluetooth device
Step 3: Select " DE 23TBT " on your Bluetooth device for pairing. (For some devices, you may need to input "0000" as pairing password.)
Step 4: Start playing music on your Bluetooth device.

Note: The effective operating range between the speaker and your Bluetooth device is approximately 10 meters (about 30 feet).

PLAY FROM AN EXTERNAL DEVICE

Step 1: Connect your speaker with an external device via the supplied audio cable.
Step 2: Start playing music and adjust the volumes and tracks on your device.

POWER SUPPLY

The speaker can only operate on plug-in USB power. Please connect the USB socket with PC or adapter through supplied USB cable.

TROUBLESHOOTING

Warning

- Never remove the casing of this apparatus.

To keep the warranty valid, never try to repair the system yourself.
If you encounter problems when using this apparatus, check the following points before requesting service.

No sound

- Adjust volume on your mobile phone or PC/Mac.
- Make sure that your Bluetooth mobile phone is within the effective operation range.
- Check if you have selected the correct audio source.

No response from the speaker

- Restart the speaker.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment. This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) this device may not cause harmful interference, and
- (2) this device must accept any interference received, including interference that may cause undesired operation.
