

## FM RADIO

The DAP has a built-in FM tuner with auto scan and ten station memory. Besides listening to your favorite stations, you can also record a song or program.

Press the **[mode]** button and use the **[◀]** or the **[▶]** button to highlight the FM Radio **[FM]** icon screen:

Press the **[H]** button to confirm the FM Radio mode.

### Setting FM Stations with Auto Scan

- If the **[PRESET]** icon is displayed in the LCD, press the **[H]** button to clear it.
- Press and hold the **[H]** button to begin auto scan. This **[AUTO SCAN]** icon will be displayed in the LCD. Each detected FM station will be stored in memory with a channel number (from [C01] to [C10]) next to the station frequency.

**Note:**  
Each time when performing the auto scan the previously *preset* channels will be overwritten by new FM stations detected. Only the first 10 FM stations will remain in the memory.

### Setting FM Stations Manually

- If the **[PRESET]** icon is displayed in the LCD, press the **[H]** button to clear it.
- Press the **[H]** button to increase the FM frequency. To fast forward scan, press and hold the **[H]** button. The unit will stop as each FM Station is detected.
- Press the **[H]** button to decrease the FM frequency. To fast rewind scan, press and hold the **[H]** button. The unit will stop as each FM Station is detected.

13

14

- To store each station into memory, press the **[H]** button. The **[STORE]** icon will be displayed.
- Press the **[H]** or the **[H]** button a channel number will appear next to the FM frequency in the LCD for the first time setting.
- To select a different channel number, use the **[H]** or the **[H]** button.
- Press the **[H]** button to store this FM frequency in the selected channel number. The **[STORE]** icon will clear from the LCD screen.)

### Listing the Preset Channels

### File Folder Setting

- Press the [H] or the [W] button to return or exit from the delete file folder.

## ADDITIONAL INFORMATION

### PRECAUTIONS

#### Copyright

- ◆ Holding copies of MP3 tracks or files without permission is a violation of the International copyright laws.

#### Safety

- ◆ Vibration experienced during walking or exercising will not affect the player. However, dropping the player or dropping a heavy object on the player may result in damage or sound distortion.
- ◆ Avoid spilling any liquid onto or into the player.
- ◆ Do not leave the player in a location near extreme heat sources or in a car with the windows closed during excessive heat. Do not leave in a place subject to direct sunlight, excessive dust or sand, moisture, or rain.

#### FCC Warning:

- ◆ This equipment may generate or use radio frequency energy. Changes or modifications to this equipment may cause harmful interference unless the modifications are expressly approved in the instruction manual. The user could lose the authority to operate this equipment if an unauthorized change or modification is made.

#### On Headphones and Earphones

#### Road Safety

- ◆ Do not use the headphones/earphones while driving, cycling, or operating any motorized vehicles. It may create a traffic hazard and is illegal in some areas. It can also be potentially dangerous to play your headphones at high volume while walking, especially at pedestrian potentially hazardous situations.

#### Preventing Hearing Damage

- ◆ Avoid using the headphones/earphones at high volume. Hearing experts advise not to play loud music for a long period of time. If you do experience ringing in your ears, reduce the volume or discontinue use.

#### Consideration for Others

- ◆ Keep the volume at a moderate level. This allows you to hear the sound and still be considerate to the people around you.

#### CE Warning:

The exclamation point within the triangle is a warning sign alerting the user of important instructions accompanying this product.

This unit must not be exposed to moisture or rain.

Ensure all connections are properly made before operating the unit.

This unit should be positioned so that it is properly ventilated. Avoid placing it, for example, close to curtains, on the carpet or in a built-in installation such as a bookcase.

Do not expose this unit to direct sunlight or heat radiating sources.

## TROUBLE SHOOTING

Should any problem persist after you have checked these symptoms, consult your dealer or contact the support site at [www.datum-digital.com](http://www.datum-digital.com)

## TECHNICAL SPECIFICATIONS

Category	Item	Specification
Audio	Frequency Range	20Hz - 20kHz
	Headphone Output	20mW, 180mV (Max Vol.)
	SN Ratio	85dB (MP3)
File Support	MP3	MPEG 1/2/2.5 Layer 3
	WMA	Windows Media Audio
	WAV	ADPCM Encoding
	Bit Rate	8kbps - 320kbps
	Tag Info	112 Tag
FM Tuner	FM Frequency Range	87.5MHz - 108 MHz
	Antenna	Headphone / Earphone Cord Antenna
	Dimension	87 x 28 x 20 mm
	Weight	Approximately 40gms (Battery Included)
	Battery	Built-In rechargeable battery
	ICD	Full Graphics with 7-Color Backlight
	Language	English, Traditional Chinese, Simplified Chinese, Korean, Japanese
	USB	USB 1.1
Built-In Memory	128MB or 256MB	
Max. Playing	Approx. 10 hours (128mb, MP3)	
Supported OS	Win 98SE, Win ME, Win XP	
Voice Recording	Approx. 8 hours (Low resolution)	
Firmware Upgradable	Yes	
Operating Temperature	23°F ~ 104°F (-5°C ~ 40°C)	

Specifications are subject to change without notice.

## **UPGRADE FIRMWARE PROCEDURE**

Occasionally, new software (firmware) may be released for this unit enhancing its functionality. For more information, please go to the web site at [www.dutum-digital.com](http://www.dutum-digital.com) for downloading procedure and downloading the latest firmware.

## **CARE AND MAINTENANCE**

Your Digital Audio Player is a precision electronic device, and should not be subjected to rough handling or exposed to extreme temperatures or moisture. Do not use chemical agents or liquids to clean the unit, as they may damage the plastic.

### **Please Retain this Information for Future Reference**

The manufacturer reserves the right to make any technical changes without notice in the interest of progress.

### **Declaration**

Our company will not responsible for any mistakes in this manual. Prior notice will not be given in case of any amendments within the manual. The corresponding companies own the mentioned trademarks and names.

Microsoft, Windows Media and Windows Logo are registered trademarks in the US and/or other countries. WinAmp and WinAmp logo are registered trademarks of Nullsoft Company. All other products are the trademarks or registered trademarks of their owners.

The player may lock up or temporary lose its function due to electrostatic discharge or other electrical disturbances, but it resumes its normal function by resetting the device.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may-cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

Shielded cables must be used with this unit to ensure compliance with the Class B FCC limits.

*Warning: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user authority to operate the equipment.*
