- Music time: up to 14 hours

You should follow three steps before using your headset:

1. Charge your headset

2. Activate Bluetooth on your mobile phone (refer to the manual for your Mobile phone)

3. Pair your headset to your mobile phone

The **BTR-1 (blue tooth stereo headset)**   is easy to operate. The buttons performs different functions depending on how long you press them:

Instruction	Duration of press
Tap	Press briefly
Press	Approx: 1 second
Press and hold	Approx: 4 seconds

Your headset indicates the charging level while charging:

What you see	Status
Solid Red	Charging
Red LED Gets Off	Fully Charged

Please note: The lifetime of the battery will be significantly reduced if your device is left uncharged for a long period. We therefore recommend that you recharge your device at least once a month.

BATTERY LEVEL

- When the voltage is below 3.1v, red LED twinks 5 times after every 30 seconds, with warning sound; It's time to charge the device
- The device gets off when voltage is below 2.9v, in order to protect the device

Turning your headset on an d off

• Press and hold the   until you see a burst of flashes on the indicator light (BLUE LED) to turn the headset off.

•Press and hold the   until you see a burst of flashes on the indicator light (RED LED) to turn the headset off.

Pairing your headset with your phone

Headsets are connected to phones using a procedure called ' pairing'. By following a few simple steps, a phone can easily be paired with a headset.

1. Put the headset in pairing mode

Press and hold button until see red and blue LED twinks in interval. At this time, it gets into pair status

2. Set your Bluetooth phone to 'discover' the **IQ BTR**

Follow your phone's instruction guide. First make sure that Bluetooth is activated on your mobile phone. Then set your phone to discover the headset. This usually involves going to a 'setup,' 'connect' or 'Bluetooth' menu on your phone and selecting the option to 'discover' or 'add' a Bluetooth device.* (See example from a typical mobile phone in fig. 1).

3. Your phone will find the IQ BTR

Your phone will find the headset under the name **IQ BTR**. Your phone then asks if you want to pair with the headset. Accept by pressing 'Yes' or 'OK' on the phone and confirm with the passkey or PIN = 0000 (4 zeros). Your phone will confirm when pairing is complete.

Fig. 1

if the pairing fails, please turn off the device and repeat the above processes.
