

AmazonBasics Wireless Keyboard and Mouse Combo w/Nano Receiver

USER'S GUIDE

Ver.:1.00

CAUTION: To use this product properly, please read the user's guide before installation

Federal Communication Commission Interference Statement

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Radiation Exposure Statement:

The product comply with the FCC portable RF exposure limit set forth for an uncontrolled environment and are safe for intended operation as described in this manual. The further RF exposure reduction can be achieved if the product can be kept as far as possible from the user body or set the device to lower output power if such function is available.

Functional Introduction

Installing the batteries

- Step 1:** Take the battery cover off.
- Step 2:** Insert the batteries as shown inside the battery compartment.
- Step 3:** Replace the cover.
- Step 4:** Turn on power switch.

****Warning:**
*Please insert the battery with the correct position according to the instruction labeled on the mouse.

Step 5: If you need to travel with your wireless mouse, make sure you turn off the POWER SWITCH.

Keyboard Buttons

Key Function (* compound key, Press with Fn key)			
1		Media Player on	Turn on the Media player program
2		Volume down (Voice-)	Decrease the computer's sound volume.

3		Volume up (Voice+)	Increase the computer's sound volume.
4		Mute	Mute (turns off) the computer's sound
5		Previous	Switch to the previous media track

8		Stop(Media)	Stop playing the media in the media player
9		Homepage(www/e)	Start the default Web browser and loads the home Web page
10		Outlook(E-mail)→Default	Start the default e-mail program
11		My Computer	My Computer
12		My Favorites	Open My favorite after into Internet browser application
13		LED indicator	Caps Lock
14		LED indicator	Number Lock
15		LED indicator	Low Battery & Pairing Indicator
16	Connect Button		
17	Battery Cover		

Encrypted air-protocol with AES 128

AES (Advance Encryption Standard) is a specification for the encryption of electronic data.

Setup the Connection between the Receiver and the Mouse, Keyboard.

1. Insert the batteries into the mouse & Keyboard, then follow the steps below.
2. In the meantime, to open the mouse under the cover, take the nano receiver out.

3. Plug the Nano receiver into the USB port on your computer.

4. If the mouse or keyboard does not work, please put them into pairing mode.
5. Pairing: Re-plug the receiver into the USB port on your computer, then press connect button of the mouse and keyboard. If the mouse or keyboard does not work after 10 seconds, pair them again. (The receiver has auto pairing function).
6. The LED indicator on the mouse & Keyboard flashes steadily when it is in pairing mode and stops blinking when it is successfully paired with the receiver.

7. When low battery, the battery indicator on the keyboard or the mouse will start to blink.

***Mouse Indicator**

LED Blinks for 10 sec.
During Pairing (LED OFF when paired or failed after 10 sec.)

LED Blinks for 10 sec.
Low Battery Warning

***Keyboard Indicator**

LED is on for 10 sec.
Power ON

LED Blinks for 10 sec.
Low Battery Warning

LED Blinking
Pairing (LED OFF when paired or failed after 10 sec.)

FCC Warning

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: Any changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

IC WARNING

This device complies with Industry Canada's licence-exempt RSSs.

Operation is subject to the following two conditions:

(1) This device may not cause interference; and
(2) This device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes: (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
