(3) Take frequent breaks to avoid any discomfort or cramping in your hands. (4) If you experience discomfort or cramping in your hands, try different play styles to find the most comfortable for you. (5) If you continue to experience discomfort or cramping after taking frequent breaks, stop playing and consult a physician. (6) Do not use the controller while driving or operating any machinery which is not be able to function safely. (7) Do not use the controller while driving or operating any machinery which is not be able to function safely. (8) Do not use the controller while driving or operating any machinery which is not be able to function safely. (9) Do not use the controller while driving or operating any machinery which is not be able to function safely. (10) Do not use the controller while driving or operating any machinery which is not be able to function safely. (11) Do not use the controller while driving or operating any machinery which is not be able to function safely. (12) Do not use the controller while driving or operating any machinery which is not be able to function safely. (13) Do not use the controller while driving or operating any machinery which is not be able to function safely. (14) Do not use the controller while driving or operating any machinery which is not be able to function safely. (15) Do not use the controller while driving or operating any machinery which is not be able to function safely. (16) Do not use the controller while driving or operating any machinery which is not be able to function safely. (17) Do not use the controller while driving or operating any machinery which is not be able to function safely. (18) Do not use the controller while driving or operating any machinery which is not be able to function safely. (19) Do not use the controller while driving or operating any machinery which is not be able to function safely. (20) Do not use the controller while driving or operating any machinery which is not be able to function safely. (21) Do not use the controller while driving or operating any machinery which is not be able to function safely. (22) Do not use the controller while driving or operating any machinery which is not be able to function safely. (23) Do not use the controller while driving or operating any machinery which is not be able to function safely. (24) Do not use the controller while driving or operating any machinery which is not be able to function safely. (25) Do not use the controller while driving or operating any machinery which is not be able to function safely. (26) Do not use the controller while driving or operating any machinery which is not be able to function safely. (27) Do not use the controller while driving or operating any machinery which is not be able to function safely. (28) Do not use the controller while driving or operating any machinery which is not be able to function safely. (29) Do not use the controller while driving or operating any machinery which is not be able to function safely. (30) Do not use the controller while driving or operating any machinery which is not be able to function safely. (31) Do not use the controller while driving or operating any machinery which is not be able to function safely. (32) Do not use the controller while driving or operating any machinery which is not be able to function safely. (33) Do not use the controller while driving or operating any machinery which is not be able to function safely. (34) Do not use the controller while driving or operating any machinery which is not be able to function safely. (35) Do not use the controller while driving or operating any machinery which is not be able to function safely. (36) Do not use the controller while driving or operating any machinery which is not be able to function safely. (37) Do not use the controller while driving or operating any machinery which is not be able to function safely. (38) Do not use the controller while driving or operating any machinery which is not be able to function safely. (39) Do not use the controller while driving or operating any machinery which is not be able to function safely. (40) Do not use the controller while driving or operating any machinery which is not be able to function safely. (41) Do not use the controller while driving or operating any machinery which is not be able to function safely. (42) Do not use the controller while driving or operating any machinery which is not be able to function safely. (43) Do not use the controller while driving or operating any machinery which is not be able to function safely. (44) Do not use the controller while driving or operating any machinery which is not be able to function safely. (45) Do not use the controller while driving or operating any machinery which is not be able to function safely. (46) Do not use the controller while driving or operating any machinery which is not be able to function safely. (47) Do not use the controller while driving or operating any machinery which is not be able to function safely. (48) Do not use the controller while driving or operating any machinery which is not be able to function safely. (49) Do not use the controller while driving or operating any machinery which is not be able to function safely. (50) Do not use the controller while driving or operating any machinery which is not be able to function safely. (51) Do not use the controller while driving or operating any machinery which is not be able to function safely. (52) Do not use the controller while driving or operating any machinery which is not be able to function safely. (53) Do not use the controller while driving or operating any machinery which is not be able to function safely. (54) Do not use the controller while driving or operating any machinery which is not be able to function safely. (55) Do not use the controller while driving or operating any machinery which is not be able to function safely. (56) Do not use the controller while driving or operating any machinery which is not be able to function safely. (57) Do not use the controller while driving or operating any machinery which is not be able to function safely. (58) Do not use the controller while driving or operating any machinery which is not be able to function safely. (59) Do not use the controller while driving or operating any machinery which is not be able to function safely. (60) Do not use the controller while driving or operating any machinery which is not be able to function safely. (61) Do not use the controller while driving or operating any machinery which is not be able to function safely. (62) Do not use the controller while driving or operating any machinery which is not be able to function safely. (63) Do not use the controller while driving or operating any machinery which is not be able to function safely. (64) Do not use the controller while driving or operating any machinery which is not be able to function safely. (65) Do not use the controller while driving or operating any machinery which is not be able to function safely. (66) Do not use the controller while driving or operating any machinery which is not be able to function safely. (67) Do not use the controller while driving or operating any machinery which is not be able to function safely. (68) Do not use the controller while driving or operating any machinery which is not be able to function safely. (69) Do not use the controller while driving or operating any machinery which is not be able to function safely. (70) Do not use the controller while driving or operating any machinery which is not be able to function safely. (71) Do not use the controller while driving or operating any machinery which is not be able to function safely. (72) Do not use the controller while driving or operating any machinery which is not be able to function safely. (73) Do not use the controller while driving or operating any machinery which is not be able to function safely.
