

## FEDERAL COMMUNICATIONS COMMISSION (F.C.C.) STATEMENT

This equipment generates, uses and can radiate radio frequency energy and , if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation, if this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

1. Reorient / Relocate the receiving antenna.
2. Increase the separation between the equipment and receiver.
3. Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
4. Consult the dealer or an experienced radio/ TV technician for help.

**CAUTION:** Changes or modifications not expressly approved by the manufacturer responsible for compliance could void the user's authority to operate the equipment.

Compliance / Attention

可匹配 677X series alarm 任何產品。 Could be used with any 677X series alarms

之前有做过 #6770. 可算比 sample 未测试。 此也加强接收功能。 同样良好的对

應 TX.

## 6722 RECEIVER MODULE

No specific matching TX

- o With low active data output.
- o Suitable for 677X series alarm system and 6721 Receiver control device for extending the RF control range.
- o Suitable for all of the RF products For extending the RF control distance.
- o An add-on module to electrical devices for changing the original manual control way to remote control.
