

Coffee Machines

A stunning addition to your kitchen, an AEG-Electrolux coffee machine is always on hand to deliver the perfect cup of freshly ground coffee, bringing Italian espresso coffee into your home.

PERFEKT IN FORM UND FUNKTION

AEG
Electrolux

Design & Performance

Superb aesthetics & outstanding performance.

Anti-fingerprint stainless steel.

The AEG-Electrolux coffee machine is designed with anti-fingerprint stainless steel, taking the style and elegance of stainless steel one stage further - ensuring your coffee machine always looks good.

Coffee press.

The coffee press function firmly compresses the ground coffee in preparation for making coffee.

Perfect accessories:

Accessory drawer

The AEG-Electrolux coffee machine and accessory drawer with telescopic runners can be easily installed into kitchen furniture to perfectly match your oven and dishwasher.

Filter holder

Filter holder holds the relevant filter for coffee preparation.

Coffee bean grinder.

At the turn of a switch, the coffee bean grinder will grind fresh coffee beans exactly to your individual taste. It is regulated to deliver the perfect espresso, but can be adjusted according to personal preference.

Coffee pods.

Our coffee machine can utilise coffee pods for added flexibility

Steam spout.

The AEG-Electrolux coffee machine comes with a steam spout; perfect for cappuccino, latte or even hot chocolate.

Wire cup rack

Wire cup rack for espresso making

2 filters

Allows the user to make either 1 or 2 cups at a time.

2 nozzles

1 and 2 cup nozzles to use with filters. The 2 cup nozzle has an adjustable screw to allow regulation of coffee flow, delivering the required volume into each cup.

Halogen light.

Perfect illumination of the working area.

BRITA® water filter.

There is no need to plumb the AEG-Electrolux coffee machine, BRITA® water filters are included as standard to ensure the optimum water quality is maintained. It holds 2.5 litres of water and the LED display will indicate when it needs to be refilled, making maintenance simple.

1 scoop useful when using pre-ground coffee.

All accessories can be cleaned in the dishwasher for total convenience.

Waste dish

A durable and easy to clean dish for emptying the filter of used coffee grounds.

Italian espresso style coffee at home.
