SAFETY GUIDE

SAFETY INFORMATION

Please read these safety warnings and cautions carefully. Failure to read, understand and follow these warnings can result in death or serious personal injury and property damage.

Fire and Electric

Shock Hazard

- Never use the Jawbone® J2013 near a bathtub, shower, sink, sauna, pool, or steam room. Death or serious personal injury from electrocution will result.
- Do not expose your Jawbone® J2013 to liquid, moisture, humidity, or rain. Exposure of the Jawbone® J2013 to moisture could result in electric shock.
- Do not drop, disassemble, open, crush, bend, deform, puncture, shred, microwave, incinerate, paint, or insert foreign objects in to the Jawbone® J2013. Such actions could result in electric shock.
- Do not attempt to disassemble the Jawbone® J2013 or force open the built-in battery because this may result in electric shock.
- Do not charge the Jawbone® J2013 in damp areas or in extremely high or low temperatures because this could result in electric shock.
- Do not clean the Jawbone® J2013 when it is being charged. Always unplug the Jawbone® J2013 first before cleaning.
- Clean the Jawbone® J2013 only with a dry cloth.

BATTERY EXPLOSION

Hazard

- Do not dispose of your Jawbone® J2013 in a fire. The battery could explode causing death or serious personal injury.
- Do not expose your Jawbone® J2013 to extremely high or low temperatures because this could result in an explosion.
- Do not leave your Jawbone® J2013 in direct sunlight for extended periods of time because this could result in an explosion.
- Do not leave your Jawbone® J2013 near open flames or other heat sources such as cooking burners, candles, or fireplaces because this could result in an explosion.
- Do not block any ventilation openings.
- Dispose of the Jawbone® J2013 and the Jawbone® J2013's battery in accordance with local regulations. Do not dispose of the battery with regular household waste.
- Only charge the battery in accordance with the user instructions supplied with the Jawbone® J2013.

- Do not attempt to replace your Jawbone® J2013 battery; it is built-in and is not changeable. Failure to follow this warning may result in serious personal injury.
- Do not attempt to repair, modify, or disassemble your Jawbone® J2013 yourself; it does not contain any user-serviceable components.
- Do not use abrasive cleaners to clean your Jawbone® J2013 because this could cause scratches and damage.
- Do not bring your Jawbone® J2013 in to contact with any sharp objects because this could cause scratches and damage.
- Do not insert anything into your Jawbone® J2013 unless otherwise specified in the user instructions. This may damage the

internal components.

- Observe all signs and displays that require an electrical device or RF radio product to be switched off in designated areas.
- Turn off your Jawbone® J2013 prior to boarding an aircraft. Do not use the Jawbone® J2013 inside an aircraft unless allowed by your airline.

FCC STATEMENT

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC NOTICE

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. This device must accept any interference received, including interference that may cause undesired operation.

FCC CAUTION

- Any changes or modifications not expressly approved by the party responsible for

compliance could void the user's authority to operate this equipment.

- This device and its antenna(s) must not be co-located or operating in conjunction with any other antenna or transmitter.

Canada notices

This Class B digital apparatus meets all requirements of the Canadian Interference-Causing Equipment Regulations, CAN ICES-3(B)/NMB-3(B). This device has Bluetooth capability, the device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
