

Your mobile phone plays music? Then let's hear it!

Just because your music files are on your cell phone doesn't mean you have to be tethered to headphones. Let the sound out (!) with the Altec Lansing SoundBlade Wireless Speaker System with Bluetooth® technology*. Sleek and surprisingly thin—yet powerful—it features a matched pair of two-inch, light-weight neodymium speakers, plus SRS Wow™ technology that expands the size of the audio field and fills the room with full-spectrum sound. What's more, there's a built-in echo-cancelling microphone that turns your mobile phone into a first-class speakerphone. With the SoundBlade wireless speaker system, you'll be headphones-free. And you'll be amazed.

SoundBlade
Wireless Speaker System with
Bluetooth® technology*

Bluetooth®

For mobile phone with stereo Bluetooth (A2DP) feature only
(Mobile phone not included)

An amplified extension of your music-enabled Stereo Bluetooth mobile phone*, the Altec Lansing SoundBlade Wireless Speaker System with Bluetooth® technology replaces headphone listening and delivers high quality, crystal-clear sound.

Speakerphone

A built-in, echo-cancelling microphone turns your Stereo Bluetooth® mobile phone into a first-class speakerphone.

Voice-activated dialing

The SoundBlade picks up your voice from several feet away.

Big sound from an ultra-thin design

Altec Lansing speakers enhanced with SRS Trubass technology deliver a powerful, immersive experience with the perception of deep, rich bass. And at just 1" thick, the SoundBlade goes where you go.

Easy to set-up

Pairing with your Bluetooth mobile phone is a snap with QuickPair™ technology!

Two-way wireless control

Use your mobile phone like a wireless remote to control speaker functions, or use the speaker to control music functions on your mobile phone.**

Crisp, clean sound

Two custom-built 2.5" full-range speakers deliver a strong performance.

Shielded design

GSM/CDMA shielding prevents speaker buzz.

hear what's next™
