

Safety and Compliance Information

Use **Responsibly**. Read all instructions and safety information before use to avoid injury.

 **CAUTION! FAILURE TO FOLLOW THESE SAFETY INSTRUCTIONS COULD RESULT IN FIRE, ELECTRIC SHOCK, OR OTHER INJURY OR DAMAGE.**

Maintaining Your Device

Do not use your device or its accessories in rain, or near sinks or other wet locations. Take care not to spill any food or liquid in your device. If your device does get wet, unplug all cables, turn off the wireless (go to Menu, and choose Turn Wireless Off) and let the screen revert to the screen saver. Wait for the device to dry completely before sliding the switch to wake again. Do not attempt to dry your device with an external heat source, such as a microwave, oven or hair dryer.

Clean the screen with a soft cloth; be careful not to wipe it with anything abrasive. When carrying your device in a bag or briefcase, keep a cover on to avoid scratches.

Don't expose your device to extreme heat or cold. For example, don't leave it in the trunk of your car in sub-zero or high-heat conditions.

Servicing Your Device

If your device needs service, consult only Chaffin authorized personnel by contacting us through Customer Support listed at the end of the Tips and Troubleshooting section. Faulty service may void the warranty.

Battery Safety

Charge the battery only in temperatures that range from 32° to 95° Fahrenheit (0° to 35° Celsius).

Headphone Safety

Listening to audio at high volume for extended periods of time can cause hearing damage. To avoid this problem, consider the tips below:

1. Keep the volume down;
2. Avoid prolonged, continuous listening; and
3. Wear headphones that isolate the wanted audio from background noise.

Wireless Safety and Compliance

Turn wireless off in areas where wireless use is forbidden or when it may cause interference or danger. Some specific situations are described below. In general, you should not use your device with wireless turned on any place you are not allowed to use a cellular device.

Turn Off Wireless When Flying

To prevent possible interference with aircraft systems, the U.S. Federal Aviation Administration regulations require you to have permission from a crew member to use your device's wireless service. If you have your wireless service turned off, you can use your device for reading once a crew member has said it is okay to use electronic devices.

Be Careful Around Other Electronic Devices

The device generates, uses, and can radiate radio frequency (RF) energy and, if not used in accordance with its instructions, may cause harmful interference to radio communications and electronic equipment. External RF signals may affect improperly installed or inadequately shielded electronic operating systems, entertainment systems and personal medical devices. While most modern electronic equipment is shielded from external RF signals, if in doubt, check with the manufacturer. For personal medical devices (such as pacemakers and hearing aids), consult with your physician or the manufacturer to determine if they are adequately shielded from external RF signals.

Steps to Minimize Interference

If your device does cause harmful interference to radio or television reception (which you can determine by turning your device off and on), you can try to correct the interference by one or more of the following measures: reorient or relocate the receiving antenna for the radio or television; increase the separation between the radio or television and your device; connect equipment and receivers to different outlets; or consult the radio or television manufacturer or an experienced radio/TV technician for help.

Watch for Signs

There are some places where RF signals could constitute a hazard, such as health care facilities, and construction sites. If you are not sure, look around for signs indicating that two-way radios or cell phones should be turned off.

Exposure to Radio Frequency Energy

Your device is designed and manufactured not to exceed the emission limits for exposure to RF energy set by the Federal Communications Commission of the United States (FCC).

The exposure standard for wireless devices employs a unit of measurement known as the specific absorption rate, or SAR. The SAR limit set by the FCC is 1.6 watts per kilogram (W/kg). Tests

for SAR are conducted using standard operating positions accepted by the FCC with the device transmitting at its highest certified power level in all tested frequency bands.

Although the SAR is determined at the highest certified power level, the actual SAR level of device while operating can be well below the maximum value. This is because device is designed to operate at multiple power levels so as to use only the power required to reach the network. In general, the closer you are to a wireless base-station antenna, the lower the power output.

The highest measured SAR value for this model device as reported to the FCC when held at least 0.31 of an inch (8.0 mm) from the body is 1.49 W/kg. SAR information on this device is on file with the FCC and can be found under the Display Grant section of <http://www.fcc.gov/oet/ea/> after searching on the FCC ID for this device. The FCC ID number for this device can be found on the back of the device.

This device may exceed FCC RF exposure guidelines if positioned closer than 0.31 of an inch (8.0 mm) from the body while wireless is on. If you place this device on your lap or against your body while wireless is on, you should place at least 0.31 of an inch (8.0 mm) of non-metallic material between the device and your body or use a Chaffin-branded book cover designed for the device to be sure that human exposure to RF energy does not exceed the FCC guidelines.

FCC Compliance Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference; and (2) this device must accept any interference received, including interference that may cause undesired operation.

This device has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. However, there is no guarantee that interference will not occur in a particular installation.

This device meets the FCC Radio Frequency Emission Guidelines and is certified with the FCC as the FCC ID number found on the back of the device.

Recycling Device Properly

In some areas, the disposal of certain electronic devices is regulated. Make sure you dispose of or recycle your device in accordance with your local laws and regulations. For information about recycling your device, go to:

[http://www.\[\].com/device-recycling](http://www.[].com/device-recycling)

UL Certification Number

The UL Certification Number for this device can be found on the back of the device.

Product Specifications

Display — 9.7” diagonal display, 1200 x 824 pixel resolution, 150 pixels per inch, 16-level gray scale.

Size — 10.4 inches by 7.2 inches by 0.38 inches (264.5mm x 182mm x 9.7mm).

Weight — 18.9 ounces (535g).

Storage — 4GB internal storage, approximately 3.4GB available to the user.

Audio — 3.5mm stereo headphone jack, built-in stereo speakers.

Power — AC power adapter and rechargeable lithium polymer battery.

Connectivity — USB 2.0 (micro-B connector) EVDO/CDMA wireless modem.

Operating temperature — 32°F to 95°F (0°C to 35°C).

Storage temperature — 14°F to 113°F (-10°C to 45°C).

ONE-YEAR LIMITED WARRANTY

This Warranty is provided by Chaffin for the device (the "Device").

We warrant the device against defects in materials and workmanship under ordinary consumer use for one year from the date of original retail purchase. During this warranty period, if a defect arises in the device, and you follow the instructions for returning the device, we will, at our option, either (i) repair the device using either new or refurbished parts, (ii) replace the device with a new or refurbished device, or (iii) refund the purchase price of the device.

This limited warranty applies to any repair, replacement part or replacement device for the remainder of the original warranty period or for ninety days, whichever period is longer. All replaced parts and devices for which a refund is given shall become our property. This limited warranty applies only to hardware components of the device that are not subject to accident, misuse, neglect, fire or other external causes, alterations, repair, or commercial use.

Instructions. Please contact Customer Service for specific instructions about how to obtain warranty service for your device:

In the United States: 1-yyy-yyy-yyyy

Outside the United States: 1-yyy-yyy-yyyy

In general, you will need to deliver your device, postage paid, in either its original packaging or in equally protective packaging to the address specified by Customer Service. Before you deliver

your device for warranty service, it is your responsibility to back up any data, software, or other materials you may have stored or preserved on your device. It is possible that such data, software or other materials will be lost or reformatted during service, and we will not be responsible for any such damage or loss.

Limitations. TO THE EXTENT PERMITTED BY LAW, THE WARRANTY AND REMEDIES SET FORTH ABOVE ARE EXCLUSIVE AND IN LIEU OF ALL OTHER WARRANTIES AND REMEDIES, AND WE SPECIFICALLY DISCLAIM ALL STATUTORY OR IMPLIED WARRANTIES, INCLUDING, BUT NOT LIMITED TO, WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE AND AGAINST HIDDEN OR LATENT DEFECTS. IF WE CANNOT LAWFULLY DISCLAIM STATUTORY OR IMPLIED WARRANTIES, THEN TO THE EXTENT PERMITTED BY LAW, ALL SUCH WARRANTIES SHALL BE LIMITED IN DURATION TO THE DURATION OF THIS EXPRESS LIMITED WARRANTY AND TO REPAIR OR REPLACEMENT SERVICE AS DETERMINED BY US IN OUR SOLE DISCRETION. SOME STATES DO NOT ALLOW LIMITATIONS ON HOW LONG AN IMPLIED WARRANTY LASTS, SO THE ABOVE LIMITATION MAY NOT APPLY TO YOU.

WE ARE NOT RESPONSIBLE FOR DIRECT, SPECIAL, INCIDENTAL OR CONSEQUENTIAL DAMAGES RESULTING FROM ANY BREACH OF WARRANTY OR UNDER ANY OTHER LEGAL THEORY. SOME STATES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE EXCLUSION OR LIMITATION MAY NOT APPLY TO YOU.

This limited warranty gives you specific legal rights, and you may have other rights which vary from state to state.

Patent Notices

The device and/or methods used in association with the device may be covered by one or more patents or pending patent applications.
