

CHAPTER 4

MAINTENANCE

4.1 MAINTENANCE PROCEDURES

The SelectAmp contains no user-serviceable parts. To verify operation check the amplifier against the electrical specifications provided in Chapter 1. If the amplifier does not meet these specifications, return the defective unit to the address below for repair:

RF Amplifier Group
Andrew Corporation
2601 Telecom Pkwy
Richardson, Texas 75082
Telephone 972-952-9700
Fax 972-952-0019

To ensure the rapid repair and return of defective items, certain information must accompany any return. Please call the Andrew Technical Support Hot Line and request the Customer Return Instructions. The hot line is available, 24 hours a day, 7 days a week, by calling 1-800-255-1479.
