When the Watch start for the first time as QR Code for linking your phone will be shown on the screen.

Bind watch

Open Amazfit APP on your mobile phone and follow the instructions in the APP to bind the watch.

charging

Put the watch into the charging attachment by the way as shown in our graphic. Use the mobile phone charger, that with output voltage of 5VDC and output current greater than 500mA, for charging the watch.

Notes

- The ingress protection ratings for watch is IP67. It can be dipped into water for 1m, sleep in 30 minutes. Take for bathing and swimming are forbidden, avoid salt water.
- Do not use the watch underneath water, use the soft cloth to wipe clean the watch when sprayed by water before using or charging the watch.
- The watch do not need for sea water, acid/alkaline solution, or reagents with abrasions. Defect or damage caused by improper use or abuse are not within the warranty.

Basic Information

product name: AMAZFIT PACE
product model: AM2
Battery capacity: 280mAh
wireless connect: BT4.2/WiFi
Input: 5V DC 500mA
operating temperature: 0~40°C
water resistance rating: IP67
OS support: Android 4.4 or above; and supports Android smart phones equipped with Bluetooth 4.2, iPhone 4s or later models with iOS 7.0 or above.

Regulatory Notice

This device complies with Industry Canada's approval for use in Canada. Operation is subject to the following two conditions: (1) This device may not cause interference, and (2) This device must accept any interference received, including interference that may cause undesired operation of the device. IC : 2806-A862 I CAN ICES-3 (B)/NMB-3(B)

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) L'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum length approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication.

Conformément à la réglementation d'Industrie Canada, le présent appareil radio peut fonctionner avec une antenne d'un type et d'une longueur maximaux approuvés pour l'émission par Industrie Canada. L'exploitation est autorisée sous deux conditions : (1) L'appareil ne doit pas produire de brouillage radioélectrique à l'intention des autres utilisateurs, et (2) l'utilisateur de l'appareil doit accepter toute interférence radioélectrique qu'il peut subir, même si celle-ci est susceptible d'affecter le fonctionnement satisfaisant.

Note

This product has been tested and found to comply with the limits for a Class B1 digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential environment. This product generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this product does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCID : 2ACBA862

Safety Notice

Do not attempt to force open the sensor. Substances contained in this product and/or its battery may damage the environment and/or human health if handled and disposed of improperly. Do not attempt to disassemble your device. Do not expose your device to extremely high or low temperatures. Do not leave your device in direct sunlight for extended periods of time. Do not use your device in a source or steam room.

Built-in Battery Precautions

Do not attempt to replace the device's battery on your own or force open the built-in battery. Use only the official cable to charge your device.

FC CE
