Magic Mouse 2

Welcome to your Apple Magic Mouse 2

Your Apple Magic Mouse 2 has a rechargeable battery and uses Bluetooth® technology to connect wirelessly to your Mac.
This guide shows you how to use your Magic Mouse 2, including pairing, customization, recharging the battery, and updating OS X.

Update your software

To use your Magic Mouse 2 and its full range of features, update your Mac to OS X v10.11 or later.

To update to the latest version of OS X, choose Apple menu > App Store to see if there are updates. Follow the onscreen instructions to update OS X.

Set up your Magic Mouse 2

On/off switch

Lightning port

Use the Lightning to USB cable that came with your mouse. Plug the Lightning end of the cable into the Lightning port on the bottom of your mouse. Plug the USB end of the cable into a USB port on your Mac. Slide the on/off switch to on (so you see green on the switch).

Your mouse will pair automatically with your Mac.

After the mouse is paired, disconnect the cable to use your mouse wirelessly.

Remove a pairing

After you pair your Magic Mouse 2 with a Mac, you can pair it again with a different Mac. To do this, remove the existing pairing and then pair the mouse again using the set up instructions in the previous section..

To remove a pairing:

1 Choose Apple menu > System Preferences, then click Bluetooth.

2 Select the trackpad, then click the Delete button ⊗ next to the mouse name.

Customize your Magic Mouse 2

Your Magic Mouse 2 has a Multi-Touch surface you can use to right-click, left-click, scroll, and swipe.

To customize your mouse:

1 Choose Apple menu > System Preferences, then click Mouse.

2 Click Point & Click for these options:

- *Scroll direction: natural:* Select this option to move the contents of a window in the same direction as your fingers.
- *Secondary click:* Select this option, then choose "Click on the right side" or "Click on the left side" to secondary (or Control) click items on your screen.
- *Smart zoom:* Select this option to double-tap with one finger to zoom in or out.

3 Click More Gestures for these options:

- *Swipe between pages:* Select this option and choose "Scroll left or right with one finger," "Swipe left or right with two fingers," or "Swipe with one or two fingers" to move between pages in a document.

- *Swipe between full-screen apps:* Select this option to move between apps in full screen.

- *Mission Control:* Select this option to double-tap with two fingers to enter Mission Control.

Rename you Magic Mouse 2

Your Mac automatically gives your Apple Magic Mouse 2 a unique name the first time you pair it. You can rename it in Bluetooth preferences.

To rename your mouse:

1 Choose Apple menu > System Preferences, then click Bluetooth.

2 Control-click the mouse, then choose Rename.

3 Enter a name and click OK.

Recharge the battery

Use the Lightning to USB cable that came with your mouse. Plug the Lightning end into the Lightning port on the bottom of your mouse, and the USB end into a USB port on your Mac or a USB power adapter.

To check the battery status, Choose Apple menu > System Preferences, then click Mouse. The battery level is shown in the lower-left corner.

Note: When you aren't using your Magic Mouse 2, it goes to sleep to conserve battery power. If you won't be using your mouse for an extended period, turn it off to conserve even more power.

Clean your Magic Mouse 2

To clean the outside of your mouse, use a lint-free cloth. Don't get moisture in any openings or use aerosol sprays, solvents, or abrasives.

Ergonomics

When using your Magic Mouse 2, it's important to find a comfortable posture, change your position often, and take frequent breaks.

For information about ergonomics, health, and safety, visit the ergonomics website at www.apple.com/about/ergonomics.

More information

For more information about using your mouse, open Mac Help and search for "mouse."

For support and troubleshooting information, user discussion boards, and the latest Apple software downloads, go to www.apple.com/support.

Regulatory Compliance Information

FCC Compliance Statement

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation. See instructions if interference to radio or television reception is suspected.

Radio and Television Interference

This computer equipment generates, uses, and can radiate radio-frequency energy. If it is not installed and used properly—that is, in strict accordance with Apple's instructions—it may cause interference with radio and television reception.

This equipment has been tested and found to comply with the limits for a Class B digital device in accordance with the specifications in Part 15 of FCC rules. These specifications are designed to provide reasonable protection against such interference in a residential installation. However, there is no guarantee that interference will not occur in a particular installation.

You can determine whether your computer system is causing interference by turning it off. If the interference stops, it was probably caused by the computer or one of the peripheral devices.

If your computer system does cause interference to radio or television reception, try to correct the interference by using one or more of the following measures:

- Turn the television or radio antenna until the interference stops.
- Move the computer to one side or the other of the television or radio.
- Move the computer farther away from the television or radio.
- Plug the computer into an outlet that is on a different circuit from the television or radio. (That is, make certain the computer and the television or radio are on circuits controlled by different circuit breakers or fuses.)

If necessary, consult an Apple Authorized Service Provider or Apple. See the service and support information that came with your Apple product. Or, consult an experienced radio/television technician for additional suggestions.

Important: Changes or modifications to this product not authorized by Apple Inc. could void the EMC compliance and negate your authority to operate the product.

This product has demonstrated EMC compliance under conditions that included the use of compliant peripheral devices and shielded cables between system components. It is important that you use compliant peripheral devices and shielded cables (including Ethernet network cables) between system components to reduce the possibility of causing interference to radios, television sets, and other electronic devices. Turn the television or radio antenna until the interference stops.

Canadian Compliance Statement

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

CAN ICES-3 (B)/NMB-3(B)

EU Compliance statement

Apple Inc. hereby declares that this wireless device is in compliance with the essential requirements and other relevant provisions of the R&TTE Directive.

A copy of the EU Declaration of Conformity is available at www.apple.com/euro/compliance.

Apple's EU representative is Apple Distribution International, Hollyhill Industrial Estate, Cork, Ireland.

Disposal and Recycling Information

When this product reaches its end of life, please dispose of it according to your local environmental laws and guidelines.

For information about Apple's recycling programs, visit www.apple.com/environment/recycling.

European Union—Disposal Information

The symbol above means that according to local laws and regulations your product and/or its battery should be disposed of separately from household waste. When this product reaches its end of life, take it to a collection point designated by local authorities. Some collection points accept products for free. The separate collection and recycling of your product and/or its battery at the time of disposal will help conserve natural resources and ensure that it is recycled in a manner that protects human health and the environment.

Türkiye
Türkiye Cumhuriyeti: AEEE Yönetmeliğine Uygundur.

Informations sur l'élimination

Le symbole ci-dessus signifie que, conformément aux lois et réglementations locales, vous devez jeter votre produit et/ou sa batterie séparément des ordures ménagères. Lorsque ce produit arrive en fin de vie, apportez-le à un point de collecte désigné par les autorités locales. La collecte séparée et le recyclage de votre produit et/ou de sa batterie lors de sa mise au rebut aideront à préserver les ressources naturelles et à s'assurer qu'il est recyclé de manière à protéger la santé humaine et l'environnement.

Información sobre eliminación de residuos y reciclaje

El símbolo indica que este producto y/o su batería no debe desecharse con los residuos domésticos. Cuando decida desechar este producto y/o su batería, hágalo de conformidad con las leyes y directrices ambientales locales. Para obtener información sobre el programa de reciclaje de Apple, puntos de recolección para reciclaje, sustancias restringidas y otras iniciativas ambientales, visite www.apple.com/la/environment.
