For more information, please consult the FAQs on www.archos.com. Make sure to read them before considering any product return. As we are often updating and improving our products, your device's software may have a slightly different appearance or modified functionality than presented in this Quick Start Guide.

Package Contents

Check your product box for the following items:

- Camera
- Camera stand
- Batteries Lithium cell CR 2450 3V
- Quick start guide
- Warranty Legal & Safety notices

The items supplied with your device and available accessories may vary depending on your region or service provider.

The supplied items are designed only for your device and may not be compatible with other devices.

Unapproved accessories may cause your device to malfunction.

Description of the camera

- ① Pairing button
- ② Pairing indicator
- ③ Camera lens
- ④ Microphone
- ⑤ Holding magnets

Assembling

Your camera functions with 3 batteries Lithium cell CR 24 50.

1. Unscrew the camera ball.
2. Insert each battery by keeping the marked side up.
3. Screw back on.
4. Place the camera on its stand. Holding magnets keep it stable.

You can move the camera to point a direction.

Pairing

A Bluetooth standard BLE allows to pair your Android device with your camera.

1. On your Android device, go to Settings > Wireless & networks > Bluetooth.

2. Slide the Bluetooth switch to ON.

The Bluetooth icon is displayed in the status bar.

3. On your Camera, hold the pairing button until the pairing indicator starts blinking. The camera enters the pairing mode.

4. Launch the ARCHOS@home app on your Android device and select the Camera icon. The camera is detected.

5. Select to start the pairing process. Once paired, you can take pictures with your camera from your Android device.

You have 60 seconds to pair the devices.

Using the camera

1. Launch the ARCHOS@Home app.
2. Select the Camera icon.
3. Press the Start button to take pictures.

FCC Statements

Statement:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Warning:

Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.
