QUICK START GUIDE

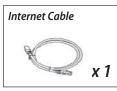

KIT CONTENT:

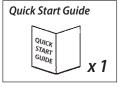

FACTORY DEFAULT SETTING

Press and hold the reset button on the power cable for 5 seconds and the system will start the reset process. The system will restore to factory default.

> FCC Compliance Statement: This device complies with Part 15 of the FCC rules. Operation is subjected to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interferencereceived, including interference that may cause undesired operation.

Products with CE Marking comply with EMC Directive (2004/108/EC); Low Voltage Directive (73/23/EEC); R&TTE (1999/5/EC); ROHS Directive (2011/65/EU) issued by the Commission of the European Community. Compliance with these directives implies conformity to the following European Norms

EMC: EN 301 489 IVD: FN 60950 Radio: EN 300 328

If the camera system no longer functions or can no longer be repaired, it must be disposed of according to the valid statutory regulations. Disposal of spent batteries/accumulators:

You are required by law (Battery Ordinance) to return all spent batteries and accumulators. Disposing of spent batteries/accumulators with common household waste is prohibited! Batteries/accumulators that contain hazardous substances are marked with the symbols on the side. These symbols indicate that it is prohibited to dispose of these batteries/accumulators in the household waste. The abbreviations for the respective heavy metals are: Cd=cadmium, Hg=mercury, Pb=lead. You can return spent batteries and accumulators that can no longer be charged to the designated collection points in your community, outlets or wherever batteries or accumulators are sold. Following these instructions will allow you to fulfill the legal requirements and contribute to the protection

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment

The antenna(s) used for this transmitter must be installed to provide a separation distance of at least 20 cm from all persons and must not be co-located or operating in conjunction with any other antenna or transmitter.

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device. Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions sulvantes; (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

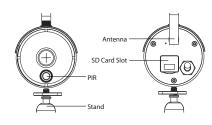

L'antenne (s) utilisé pour cet émetteur doit être installé pour fournir une distance de séparation d'au moins 20 cm de toute personne et ne doit pas être colocalisées ou opérant dans conjointement avec une autre antenne ou émetteur

GETTING TO KNOW THE MONITOR AND CAMERA

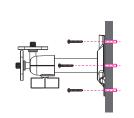

Receiver (back/side)

Data Cable

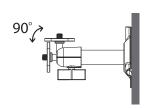

Camera

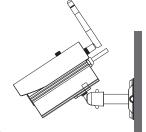

CAMERA INSTALLATION

2 Loosen up the thumb screw

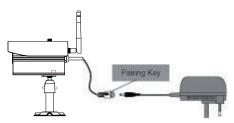

3 Adjust proper view angle, then secure the joint with T-bolt.

Pairing the Camera to Receiver (optional)

The system supports up to 4 wireless cameras. If you are adding another camera to the system, please ensure its channel is set to a different channel to the existing camera(s).

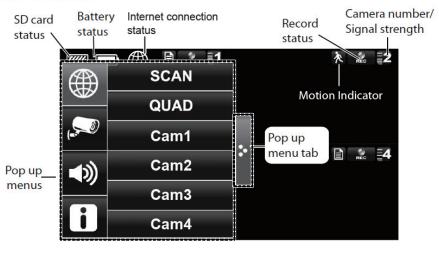

- 1. Go to the Main Menu>Camera Setup (specify channel 1/2/3/4)>Press the Camera Pairing button
- 2. Press the pairing key ONCE on the camera

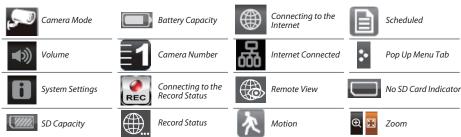

Setting the Camera Channel (optional)

The wireless camera is preset to channel 1 by default. You can also use the steps above to change the camera channel if necessary.
