English

— Increase the separation between the equipment and receiver.

— Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

— Consult the dealer or an experienced radio/TV technician for help.

RF Exposure Statement

This transmitter must be co-located or co-located in conjunction with any other antenna or transmitter that is FCC approved for the transmitter. This transmitter's radiation exposure limits set forth in our uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines. This equipment has very low levels of RF energy that is deemed to be safe without testing of specific absorption rate (SAR).

For customers in Canada

ICANICES-3 (NIJMM-B-3B)

Operation is subject to the following conditions: (1) This device may not cause harmful interference, and (2) the device must accept any interference that it may receive.
This device complies with INDUSTRY CANADA R.S.S. 247.

Operation is subject to the following conditions: (1) This device may not cause harmful interference, and (2) the device must accept any interference that it may receive.
This device complies with the Canadian Radio Interference Regulations (C.R.I.R.).

Do not subject the product to strong impact to avoid electric shock, malfunction or fire. Disconnect the product from a device if the product begins to malfunction, producing smoke, odor, heat, unwanted noise or showing other signs of damage. In such a case, contact your local Audio-Technica dealer.

Do not put foreign matter such as combustible materials, metal, or liquid in the product.

Do not cover the product with a cloth to avoid fire or injury by overheating. Follow applicable laws regarding mobile phone and headphone use if using headphones while driving.

Do not use the product in areas where the inability to hear ambient sound presents a serious risk (such as at railroad crossings, train stations, and construction sites).

The product effectively shields external sound. As you will not hear sound around you clearly while wearing the product. Adjust the volume to a level where you can still hear background sound and monitor the area around you while listening to music.

When charging, make sure to use the included dedicated USB cable. Do not charge with devices that have quick charge functionality with a voltage of 5 V or more. Doing so may cause the product to malfunction.

Do not use the product in areas where the volume is too high. Listening to loud sound for an extended period may cause temporary or permanent hearing loss.

Discontinue use if skin irritation results from direct contact with the hearing loss.

When removing the product from your ears, check to make sure the earpits are still attached to the main unit. If the earpits become lodged in your ears and you are unable to remove them, contact your local Audio-Technica dealer.

If you develop an itch from wearing the product, discontinue use.

Cautions for rechargeable battery

The product is equipped with a rechargeable battery (lithium polymer battery).

If battery fluid gets into eyes, do not rub them. Rinse thoroughly with clean water such as tap water and consult a doctor immediately.

If battery fluid leaks, do not touch the battery fluid. If fluid remains inside the product, it may cause a malfunction. If battery fluid leaks, contact your local Audio-Technica dealer.

Do not use the product with a gangle thoroughly with clean water such as tap water and consult a doctor immediately.

If you skin or clothing comes in contact with fluid, immediately wash the affected area with soap and water. Do not use the product until irritation, consult a doctor.

To avoid leakage, generation of heat or explosion:

— Never heat, disassemble or modify the battery, nor dispose of it in a fire.

— Do not attempt to pierce with a nail, hit a hammer or step on the battery.

— Do not drop the product or subject it to strong impact.

— Do not get the battery wet.

— Do not use, leave or store the battery in the following places:

— Areas exposed to direct sunlight or high temperatures and humidity

— Areas where the product is exposed to moisture or water.

— Near heat sources such as heat registers

— Charge only with the included USB cable to avoid malfunction or fire.

The internal rechargeable battery of the product cannot be replaced by the user. The battery may have reached the end of its service life if the charge time becomes significantly shorter even after the battery has been fully charged. If in this case, the battery needs to be repaired. Contact your local Audio-Technica dealer for repair details.

When the product is disposed of, the built-in Audio-Technica dealer has needs to be discarded properly. Contact your local Audio-Technica dealer to learn how to properly dispose of the battery.

FCC Notice
Warning
This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Caution
You are cautioned that any changes or modifications not expressly approved in this manual could void your authority to operate this equipment.

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference to a residential environment. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used according to the instructions, may cause harmful interference to other equipment. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to you or to a nearby receiver, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

— Reorient or relocate the receiving antenna.

— Increase the separation between the equipment and receiver.

— Connect the equipment to an outlet on a circuit different from that to which the receiver is connected.

— Consult the dealer or an experienced radio/TV technician for help.

Operation is subject to the following conditions: (1) This device may not cause harmful interference, and (2) the device must accept any interference that it may receive.

Remarques concernant l'utilisation

— Veillez à lire le manuel d'utilisation de l'appareil connecté avant utilisation.

— Audio-Technica ne pourra en aucun cas être tenu responsable des pertes de données dans le cas peu probable que de telles pertes se produisent lors de l'utilisation de ce produit.

— Dans les transports ou d'autres lieux publics, veillez à baisser le volume afin de ne pas déranger les autres personnes.

— Baissez le volume au maximum sur votre appareil avant de connecter le produit. Si vous utilisez le produit dans une atmosphère sèche, vous pouvez ressentir des picotements dans les oreilles. Ceci est dû à l'électricité statique accumulée sur votre corps et non à un dysfonctionnement du produit.

— Ne soumettez pas le produit à un impact fort.

— Ne laissez pas le produit exposé à l'humidité direct, près d'appareils à lumière ultraviolette ou dans un endroit chaud, rose ou poussiéreux.

— Si vous utilisez l'appareil pendant une longue période, il peut se chauffer en raison de la lumière ultraviolette (particulièrement sous un ensoleillement direct) et de l'usage.

— Si vous placez le produit dans un sac alors que le câble USB dédié est encore connecté, le câble USB dédié peut se coincer ou un accident peut se produire si vous tirez sur le câble connecté.

— Veillez à tenir le câble USB par la prise lorsque vous connectez ou déconnectez le câble USB dédié. Le câble USB dédié peut se coincer ou
