

Cautions and Warnings

Caution: The device emits radio frequency electromagnetic energy. To comply with FCC RF exposure compliance requirements, this device must be installed to provide a separation distance >20 cm from all persons during normal operation.

Warning: Read and understand the installation instructions and all safety warnings before connecting the unit to the power source. Failure to understand safety precautions may result in injury.

Warning: Operate this product only with the power adapter supplied with the product.

Warning: Do not cover the device or block the airflow to the device with any objects.

California Prop65 Warning: The plastic and cords on this product contain phthalates, a chemical known to the State of California to cause cancer, birth defects and other reproductive harm. Wash hands after handling. For more information, please visit the following site: www.p65warnings.ca.gov

FCC Warning Statement

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCCID: 2AO38-LTE-1003-04

What's in the box?

Triangle

Ethernet cable

Power Supply

Position the unit:

- Within reach of a working electrical outlet; a 120V, 60Hz surge-protected circuit is recommended.
- Direct access to a router via the supplied Ethernet cable.

Installation steps:

1. Connect the power supply to the unit and plug the other end of the power supply into an available electrical outlet. A 120v, 60Hz, surge protected circuit is recommended.

Power Supply connector

2. Connect the Ethernet cable to the unit.

Ethernet port

3. Connect the other end of the Ethernet cable to a LAN port on the home router or connect it to the Ethernet outlet that has service. The unit will power on.

Triangle Status & LED Behavior

Triangle Status	LED
Device startup	fixed red
Device activating	blinking blue
Activation complete	fixed green
Device in use	blinking green
Error condition	blinking red

Take a break

Once the unit setup is complete, the unit will go through a self-installation process during which software and configuration settings will be installed.

This process could take up to 60 minutes.

Canada ISED Statement

This device contains license-exempt transmitter(s)/receiver(s) that comply with Innovation, Science and Economic Development Canada's license-exempt RSS(s). Operation is subject to the following two conditions:

1. This device may not cause interference;
2. This device must accept any interference, including interference that may cause undesired operation of the device.

IC: 24053-LTE100304

L'émetteur/récepteur exempt de licence contenu dans le présent appareil est conforme aux CNR d'Innovation, Sciences et Développement économique Canada applicables aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes:

1. L'appareil ne doit pas produire de brouillage;
2. L'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

This Class B digital apparatus complies with Canadian ICES-003.

Cet appareil numérique de classe B est conforme à la norme canadienne ICES-003

CAN ICES-3 (B) / NMB-3 (B)
