1 How to charge
The Dash & Charger

Place The Dash in The Charger and make sure it sits on the MagSnap.

BRAGI

To charge the battery, connect The Charger to your Computer or another power source via USB The Charger fully charges The Dash up to 5 times while on-the-go.
---

2 How to check the battery
The Dash & Charger

full
high
medium
low

Shake The Dash
And you will see the current battery status of your Dash.

high
medium
low

Check out the LED on the side of The Charger to see the current battery status. The Dash needs to be placed in The Charger or The Charger needs to be connected to a power source.

## 3 How to insert
The Dash

(1) & (2)
Take The Right Dash, tilt it slightly forward and insert the speaker tip into your ear canal. Adjust to a PerfectFit by rotating The Dash backwards until it feels comfortable and secure in your ear.

---

4 How to wear
The PerfectFit

(3)
With The PerfectFit you should feel The Dash completely closing off your ear canal while it sits snugly in your ear.
(4)
Achieving The PerfectFit may require some adjustment. To adjust you can use one hand to lift up in your ear and adjust with the other. By doing this you should be able to press the upper part of The Dash into a locked position as shown in the diagram above.

---

5 How to change
The FitSleeves

The Dash is already fitted with XS FitSleeves. Try different sizes to find your PerfectFit.

The PerfectFit is important to maximise performance of The Dash and accuracy the DataHub.
