

## This PDF document is enabled for Commenting / Annotations

Follow these steps for adding Comments / Annotations:

1. Select 'Commenting' or 'Comment and Markup' from the View / Toolbars menu.
2. Click on a commenting tool.
3. Click on the point where you want to add a comment and enter text in the pop-up window that appears.
4. When you are finished adding all of your comments, click the 'Submit' button on this page to save your changes. A confirmation message will be displayed ("Comments/Annotation have been received successfully.") After clicking the 'Submit' button, no new comments can be submitted. To add new comments, close the Reader window and then re-launch from MediaCompass.
5. Close the file. Since your annotations have been saved back to the database, there is no need to save the file unless you want a copy for yourself.
6. If applicable, use your workflow tools in MediaCompass to approve or route the proof to the next stage.

## Adobe Reader Requirements and Set Up:

1. To add or view comments, Adobe Reader version 7 or higher must be installed on your workstation.
2. Configure Acrobat Reader's preferences as follows:
  - a. Open Acrobat Reader.
  - b. Select Preferences in the Edit menu (PC) or Adobe Reader Menu (Mac).
  - c. In the 'Internet' category, uncheck the option 'Display PDF' in browser.
  - d. Click OK to save the changes.
