Quick Installation Guide (English)
Wireless Keyboard

## 8280ARF III

BTC ; EMPREX

Hardware Installation

1. Make sure the batteries of the keyboard is installed correctly. Please follow the polarity signs in the battery compartment.
2. Please make sure the slide switch on the top right of the keyboard is switched to **"on"** before using the keyboard. When not in use, please turn the power switch to **"off"** for power saving.
3. Plug the receiver directly into your available USB port on PC.

Pairing Procedure

It can operate out of the box immediately after you plug the receiver USB connector into your PC USB port. If it can't work, please visit our website to download and install the "Pairing Tool."

- Available USB port
- Microsoft® Internet Explorer 6.0 or later version (for the Internet keys)
- Microsoft® Windows® 7, Windows® XP or Windows Vista® operating system

FCC GUIDELINES

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
- Use only shielded cables to connect I/O devices to this equipment.

FCC Warning: This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

Information to user:

The users manual or instruction manual for an intentional or unintentional radiator shall caution the user that changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

IMPORTANT NOTE:

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. End users must follow the specific operating instructions for satisfying RF exposure compliance.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

Do not litter
