

bernette®  
340 Deco

## Creative Embroidery Starts Here.

The bernette 340 Deco will enrich your world with the wonders of embroidery. Everything you need to start creating is right here.

A hundred carefully selected embroidery designs are built in to get you off to a flying start. And you can choose from a virtually unlimited range of additional embroidery designs with the help of the USB port, compatible USB sticks and embroidery cards.

The bernette 340 features an automatic thread cutter and automatic needle threading. Resize and then reposition designs by simply touching them and dragging them across the large, clear touch screen. Rotate in 1° steps. And create designs up to 7.9 by 5.5 inches with the standard hoops.

The bernette 340 Deco. Once you try it, you won't be able to keep your hands off it.

### **New!**

- USB port
- Automatic thread cutter
- 100 built-in designs
- Rotate in 1° steps
- Resize in 1% increments

bernette® 340  
for BERNINA®

# bernette® 340 Deco The complete embroidery machine.

**New!**  
**100 Great Embroidery Designs**  
 Choose from 100 exclusive, permanently integrated embroidery designs, and enjoy the fine, precise embroidering quality of the bernette 340 Deco.

**Large Touch Screen**  
 Makes it easy to combine and edit designs, mirror images, rotate in 1° steps, and resize in 1% steps.

**Thread-Color Indication Built-In Color Charts**  
 Thread-color indication gives you color recommendations for each design. Built-in charts convert colors to threads from four leading manufacturers. Choose the one you prefer. Exclusively available is a mode displaying colors the designer imagined—ideal for using up thread remnants.

**New!**  
**Automatic Thread Cutter**  
 The thread cutter automatically cuts the top and bottom threads at the end of each thread color or whenever needed at the simple press of a button.

**Automatic Needle Threading**  
 The automatic needle threader makes threading the machine child's play. A few quick and easy steps, and the thread is through the needle's eye.

**Free Arm**  
 The bernette 340 boasts a free arm that helps you embroider tubular textiles such as trouser legs or sleeves. We recommend using the optional embroidery hoop along with the free arm.

**New!**  
**Use Both USB Sticks and Design Cards**  
 Choose from a virtually endless selection of compatible Bernina embroidery designs on Bernina or commercial USB sticks and design cards. Transfer your own designs from your PC, too, and save your designs on USB sticks, a personal design card or directly in the bernette 340 Deco memory.

**Big Hoops for Big Designs**  
 Using the two standard hoops, you can embroider designs measuring up to 7.9 x 5.5 inches in a single run. Additional optional hoops are available for special applications.

**Drag & Drop**  
 Move and reposition designs with the greatest of ease by simply touching them and dragging them across the screen.

**Special Compartment for Scissors**  
 A handy holder for embroidery scissors is built into the machine, roomy enough to hold both the new scissors that come with the machine and your favorite pair.
