CHARGE IT

let's get you up and running

To charge your headset, plug the USB cable into the headset's micro USB port and connect to USB power source.

Note: Fully charge the headset before you use it.

Tip: To save battery power, turn off the headset when you're not using it.

Caution: Your battery is designed to last the life of your device. It should only be removed by a recycling facility. Any attempt to remove or replace your battery will damage the device, void your warranty, and could cause injury.

CONNECT & GO

let's get you connected

EASYPAIR™ METHOD

-  Turn on Bluetooth on your device.
-  Turn on your headset and follow the voice prompts.
-  Go to the Bluetooth menu on your device to pair & connect with the headset. Enter passcode **0000** if prompted.
-  When the device and headset connect, you'll hear **"pairing complete"**.

COMFORT

what feels best on you

Choose your most comfortable fit: on-ear hook, or rear tip with no hook.

EAR HOOK

EAR TIP (NO HOOK)

-  Remove ear hook
-  Attach ear tip

BASICS

standard features, advanced quality

CALLS

| To... | |
|------------------------|--|
| answer a call | Press the Call button. |
| reject a call | Press and hold the Volume Up or Volume Down button until you hear a tone. |
| make a voice dial call | Press the Call button to activate voice recognition. (phone dependent) |
| redial last call | Press and hold the Call button until you hear a tone. |
| mute or unmute a call | Press and hold the Volume Up and Volume Down buttons together until you hear "mute on" or "mute off" . |

| To... | |
|-------------------------------|--|
| end a call | Press the Call button |
| change call volume | Press the Volume Up or Volume Down button. To quickly change volume, press and hold the Volume Up or Volume Down button. |
| answer a second incoming call | Press the Call button. |
| reject a second call | Press and hold the Volume Up or Volume Down button until you hear a tone. |

Notes:

- Some features are phone/network dependent.
- Using a mobile device or accessory while driving may cause distraction and may be illegal. Always obey the laws and drive safely.

STATUS LIGHT

| If light shows... | your headset is... |
|---------------------------|-------------------------------------|
| three blue flashes | powering on/off |
| steady blue | powered on & searching for a device |
| rapid blue/purple flashes | connection successfully |
| short blue flash | incoming/outgoing call on phone 1 |
| short purple flash | incoming/outgoing call on phone 2 |

| If light shows... | your headset is... |
|----------------------|---------------------------------|
| slow blue pulse | on a call |
| slow blue flash | on standby (one phone) |
| slow green flash | on standby (two phones) |
| slow red flash | idle (not connected to a phone) |
| slow red flash | on a call (call muted) |
| short blue/red flash | attempting to connect |
| short red flash | low battery |
| steady purple | in settings mode |

Note: After one minute on a call or 20 minutes of inactivity, the light stops flashing to conserve power, but the headset remains on. Closing the Boom also saves battery life.

ADVANCED

more clever stuff

SECOND DEVICE

Do you use two phones? Or maybe a phone and a tablet? Connect with both of them.

- 1 Pair the first device with your headset as normal (see **“CONNECT & GO”** on page 4).
- 2 Turn off the Bluetooth® feature on the first device.
- 3 Now pair the second device with your headset as normal.
- 4 Once paired, to connect with both devices simply turn them on. You’ll hear **“phone one connected”** and **“phone two connected”** as each device connects with your headset.

Note: To use headset features like voice dial, redial, or end call, just use the feature as normal and follow the voice prompts.

CALLER ID

If your phone knows the caller's number, you'll hear "call from <number>" on an incoming call.

Note: This feature is phone/network dependent.

BATTERY READOUT

When you're not in a call, press the Volume Up and Volume Down buttons together in standby mode to hear how much battery talk-time is left on your headset.

Tip: To save battery power, turn off the headset when you're not using it.

SETTINGS

Press and hold the Call button while turning on the headset, then follow the voice prompts to turn these features on/off:

- **Language:** Select language.
- **Restore Factory Settings:** Reset default factory settings on your headset.
Caution: This feature erases all device pairing information stored on the headset.
- **Voice Interface:** Turn voice prompts on/off.
- **Caller ID Alert:** Hear caller ID for incoming calls.
- **Multipoint:** Connect your headset to two devices.
- **Wide-band:** Use HD Audio Plus for increased clarity and richer sound.
Note: Both the phone and network need to support wide-band speech.
- **Voice Answer:** Say "Answer" to receive call.

Hubble Connect™ for Motorola

Hubble Connect for Motorola can greatly enhance your earbud experience. Download app for free at the App Store® or Google Play™ (Android™ 4.3 or higher).

- **Locate a lost earbud:** Locate on a map the last time your earbud was connected to your device.

Safety instructions for use

To avoid hearing damage, keep the volume at a moderate level. Avoid listening to music at loud volume levels for prolonged periods of time as this may cause permanent hearing damage or hearing loss. Your hearing is delicate and highly sensitive so please listen to your music responsibly. For more information visit the Deafness Research Foundation www.drf.org. Don't use Boom when it is unsafe to do so. For example, while operating a vehicle, cycling, crossing a road, or any activity which requires your attention and ability to hear.

You should be aware of your surroundings and use Boom responsibly.
