

Quick Start Guide

Bluetooth® Module, BCM92070MD_REF12

Thank you for purchasing a Broadcom Bluetooth Module. Before you begin to use the Bluetooth Module, you will require the following items:

The Software Installation Compact Disc included with your Bluetooth Module.

Note: This module is not intended for installation by end users.

Installing the Software

1. Insert the Bluetooth Module installation compact disc (CD) into the CD-ROM or DVD drive of your computer.
2. If the Main Menu screen appears automatically, select Install software and click OK. If the Main Menu screen does not appear automatically, click Start, click Run, type x:\setup.exe (where x is the CD-ROM or DVD drive letter of your computer), and click OK.
3. Click Next, click Finish, and then restart your computer.
4. Right-click the Bluetooth icon  in the taskbar notification area (system tray) and click Start Using Bluetooth. Follow the instructions provided by the Initial Bluetooth Configuration Wizard.

Glossary

Authentication	A Bluetooth security feature that is used to verify identity; it requires a Bluetooth PIN Code from the remote device.
Authorization	A Yes-or-No Bluetooth security feature that requires operator intervention to avoid having the connection time out and fail.
Bluetooth device	Bluetooth enabled hardware such as a computer, printer, fax, mouse, keyboard, cell phone, headset, or PDA.
Bluetooth PIN Code	The alphanumeric string (up to 16 characters) that is typed to respond to a Bluetooth PIN Code Request. Also referred to as a Passkey.
Bluetooth®	A short-range (9.14 meters/30 feet) networking protocol that allows enabled devices to automatically recognize each other. Bluetooth wireless technology allows quick and easy connectivity of Bluetooth enabled devices.
Client Applications	Software applications on this computer that allow this computer to use the Bluetooth services provided by remote Bluetooth devices.
Link Key	An internally generated unique security key (based on a Passkey, the Bluetooth Device Address, and an internally generated random number) that is exchanged by paired devices as proof of identity before a connection is established.
Local Services	Services that this computer provides to other Bluetooth devices.
Paired Devices	Bluetooth devices must be paired before they can connect. Paired devices share a unique Link Key, which they exchange each time they connect.
Secure Connection	A setting that requires a Passkey or Link Key each time you attempt to make a connection. All data exchanged over the Bluetooth connection is encrypted. Depending on other configuration options, authorization may also be required.

Regulatory Statement
For Broadcom Bluetooth Transceiver, BCM92070MD_REF12
FCC ID: QDS-BRCM1049LE; IC: 4324A-BRCM1049

Conditions on using BRCM regulatory approvals:

- A. Customer must ensure that its product (the “CUSTOMER Product”) is electrically identical to Broadcom’s reference designs. Customer acknowledges that any modifications to Broadcom’s reference designs may invalidate regulatory approvals in relation to the CUSTOMER Product, or may necessitate notifications to the relevant regulatory authorities.
- B. Customer is responsible for ensuring that antennas used with the product are of the same type, with same or lower gains as approved and providing antenna reports to Broadcom.
- C. Customer is responsible for regression testing to accommodate changes to Broadcom’s reference designs, new antennas, and portable RF exposure safety testing/approvals.
- D. Appropriate labels must be affixed to the CUSTOMER Product that comply with applicable regulations in all respects.
- E. A user’s manual or instruction manual must be included with the customer product that contains the text as required by applicable law. Without limitation of the foregoing, an example (for illustration purposes only) of possible text to include is set forth below:

1. USA—Federal Communications Commission (FCC)

FCC COMPLIANCE STATEMENT:

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

INFORMATION TO USER:

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy. If not installed and used in accordance with the instructions, it may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by tuning the equipment off and on, the

OEM Installation Guidance Document
For Broadcom Bluetooth Transceiver, BCM92070MD_REF12
FCC ID: QDS-BRCM1049LE; IC: 4324A-BRCM1049

user is encouraged to try and correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the distance between the equipment and the receiver.
- Connect the equipment to outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

FCC Caution: Any changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate this equipment.

System integrators must include the FCC ID on the end product.

FCC Radio-Frequency Exposure & Approval Conditions:

1. Antennas must be installed in the display section of Netbook/notebook/laptop computer to provide at least XXcm separation distance from the transmitting antenna to the body of user during normal operating condition.
2. Transmitting antenna(s) can only be installed at the display section of computer. When this device is installed other than notebook computers, at least 20 cm separation distance shall be maintained between the transmitting antenna(s) to the body of user or nearby person.
3. The antenna(s) used for this transmitter must not be collocated or operating in conjunction with any other antenna or transmitter within a host device, except in accordance with FCC multi-transmitter product procedures.
4. Only those antennas with same type and lesser gain filed under this FCC ID number can be used with this device.
5. The regulatory label on the final system must include the statement: "Contains FCC ID: QDS-BRCM1049LE and/or IC: 4324A-BRCM1049" or using electronic labeling method as documented in KDB 784748.
6. The final system integrator must ensure there is no instruction provided in the user manual or customer documentation indicating how to install or remove the transmitter module except such device has implemented two-ways authentication between module and the host system.
7. The final host manual shall include the following regulatory statement:
This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy. If not installed and used in accordance with the instructions, it may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a

particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by tuning the equipment off and on, the user is encouraged to try and correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna
- Increase the distance between the equipment and the receiver.
- Connect the equipment to outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

2. Canada - Industry Canada (IC)

This device complies with Industry Canada licence-exempt RSS standard(s). Operation is subject to the following two conditions: (1) this device may not cause interference, and (2) this device must accept any interference, including interference that may cause undesired operation of the device.

French:

Cet appareil est conforme avec Industrie Canada exempts de licence standard RSS (s). L'utilisation de ce dispositif est autorisée seulement aux conditions suivantes : (1) il ne doit pas produire de brouillage et (2) l'utilisateur du dispositif doit être prêt à accepter tout brouillage radioélectrique reçu, même si ce brouillage est susceptible de compromettre le fonctionnement du dispositif.

Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication.

French:

Sous la réglementation d'Industrie Canada, ce transmetteur radio ne peut fonctionner en utilisant une antenne d'un type et un maximum (ou moins) gain approuvées pour l'émetteur par Industrie Canada. Pour réduire le risque d'interférence aux autres utilisateurs, le type d'antenne et son gain doivent être choisis de manière que la puissance isotrope rayonnée équivalente (PIRE) ne dépasse pas ce qui est nécessaire pour une communication réussie.

For Broadcom Bluetooth Transceiver, BCM92070MD_REF12
FCC ID: QDS-BRCM1049LE; IC: 4324A-BRCM1049

This radio transmitter, IC ID: 4324A-BRCM1049, has been approved by Industry Canada to operate with the onboard antenna or a detachable PIFA antenna with a maximum gain of 3.9dB. Any other detachable antennas, with a different type or having a gain greater than 3.9dB are strictly prohibited for use with this device. The required antenna impedance is 50 ohms.

French:

Cet émetteur radio, IC ID: 4324A-BRCM1049, a été approuvé par Industrie Canada pour fonctionner avec l'antenne intégrée ou une antenne amovible PIFA avec un gain maximum de 3.9dB. Toute autre antenne détachable, avec un type différent ou ayant un gain supérieur à 3.9dB est strictement interdit pour une utilisation avec cet appareil. L'impédance d'antenne requise est de 50 ohms.

Caution: Exposure to Radio Frequency Radiation.

To comply with RSS 102 RF exposure compliance requirements, for mobile configurations, a separation distance of at least 20 cm must be maintained between the antenna of this device and all persons. This device must not be co-located or operating in conjunction with any other antenna or transmitter.

French:

Pour se conformer aux exigences de conformité 102 RSS RF exposition, pour des configurations mobiles, une distance de séparation d'au moins 20 cm doit être maintenue entre l'antenne de cet appareil et toutes les personnes. Cet appareil ne doit pas être co-localisés ou fonctionnant en conjonction avec une autre antenne ou transmetteur.

System integrators must include the IC ID on the end product.

3. Europe - EU Restrictions

This equipment needs to be marked with the  **XXXX** symbol and can be used throughout the European community.

Caution: Exposure to Radio Frequency Radiation.

To comply with RF exposure compliance requirements, for mobile configurations, a separation distance of at least 20 cm must be maintained between the antenna of this device and all persons.

Czech:

User's Manual in Czech language and a statement of conformity with Directive 1999/5/EC in Czech language must be enclosed to each product.

France:

OEM Installation Guidance Document
For Broadcom Bluetooth Transceiver, BCM92070MD_REF12
FCC ID: QDS-BRCM1049LE; IC: 4324A-BRCM1049

2.4GHz for Metropolitan France:

In all Metropolitan départements, wireless LAN frequencies can be used under the following conditions, either for public or private use:

- Indoor use: maximum power (EIRP*) of 100 mW for the entire 2400-2483.5 MHz frequency band
- Outdoor use: maximum power (EIRP*) of 100 mW for the 2400-2454 MHz band and with maximum power (EIRP*) of 10 mW for the 2454-2483 MHz band

Note for system integrators:

- The module is tested to comply with the requirement of the R&TTE Directive. System integrators are responsible for compliance of the final device with the R&TTE Directive.
- Packaging: CE Marking must also be on the outer packaging of the product. The outer packaging must also provide an indication as to where the device is intended to be used and OR conversely, where there may be restrictions for use.

4. Taiwan - NCC Statement to be included in the user guide

Statement- For general products

低功率電波輻射性電機管理辦法

第十二條經型式認證合格之低功率射頻電機，非經許可，公司、商號或使用者均不得擅自變更頻率、加大功率或變更原設計之特性及功能。

第十四條低功率射頻電機之使用不得影響飛航安全及干擾合法通信；經發現有干擾現象時，應立即停用，並改善至無干擾時方得繼續使用。前項合法通信，指依電信規定作業之無線電信。低功率射頻電機須忍受合法通信或工業、科學及醫療用電波輻射性電機設備之干擾。

Translation:

Article 12

Without permission, any company, firm or user shall not alter the frequency, increase the power, or change the characteristics and functions of the original design of the certified lower power frequency electric machinery.

Article 14

The application of low power frequency electric machineries shall not affect the navigation safety nor interfere a legal communication, if an interference is found, the service will be suspended until improvement is made and the interference no longer exists.

OEM Installation Guidance Document
For Broadcom Bluetooth Transceiver, BCM92070MD_REF12
FCC ID: QDS-BRCM1049LE; IC: 4324A-BRCM1049

The foregoing legal communication refers to the wireless telecommunication operated according to the telecommunications laws and regulations.

The low power frequency electric machinery should be able to tolerate the interference of the electric wave radiation electric machineries and equipments for legal communications or industrial and scientific applications.

Appendix:

模組認證合格標籤 (ID):

“ CCXXxxLPyyyZz ”

如果使用本模組之平台,無法在外部看見審驗合格標籤時,應在該平台的外部明顯標示

“內含射頻模組  CCXXxxLPyyyZz” .

5. Korea

Include the following statement either on the label or in the User Guide.

"당해 무선설비가 전파혼신 가능성이 있으므로 인명안전과 관련된 서비스는 할 수 없음"

6. Argentina

The current approval is in the name of Broadcom's local representative. It may be necessary to obtain regulatory approval in the name of the local distributor or importer. We suggest manufacturers check with their local distributors and importers in Argentina.

7. Brazil - Anatel

Before using Broadcom Anatel approvals,

1. PC- OEM must make arrangement for its local offices or distributors to provide maintenance, technical assistance or replace any faulty products sold in Brazil.
2. All warranty services will be provided by the distributors or PC-OEM sales support in Brazil. An official agreement stating warranty responsibilities must be signed and made available to Broadcom.

Interference statement to be included in the Users Guide

"Este equipamento opera em caráter secundário, isto é, não tem direito a proteção contra interferência prejudicial, mesmo de estações do mesmo tipo, e não pode causar interferência a sistemas operando em caráter primário."

Translation:

"This equipment operates in secondary character. It can be affected by harmful interference. However, it cannot cause interference to systems operating in primary character."

8. South Africa – ICASA

PC-OEMs must make arrangement for importers to supply spare parts and carry out repairs in South Africa.

9. Indonesia - POSTEL

PC-OEMs must make arrangement for importers to provide product warranty and after sales services.
