

BRUNSWICK SYNC TABLET

OPERATION MANUAL

57-501445

IMPORTANT SAFETY INSTRUCTIONS

- **CAUTION:** Any changes or modifications to this equipment could void the product warranty.

- **DANGER:** To reduce the risk of electrical shock, always unplug this Brunswick product before cleaning or attempting any maintenance activity.
- **WARNING:** To reduce the risk of burns, fire, electric shock, or injury, it is imperative to connect each product to a properly grounded electrical outlet.
- **WARNING:** To prevent injury, this product must be securely attached in accordance with the installation instructions.
- Never operate a Brunswick product if it has a damaged power cord or electrical plug, or if it has been dropped, damaged, or even partially immersed in water. If this occurs, contact Brunswick Customer Support Services.
- Position this product so that the AC power cord plug is accessible to the user.
- Keep the power cord away from heated surfaces. Do not pull the equipment by the power cord or use the cord as a handle.
- If the electrical supply cord is damaged, it must be replaced by the manufacturer, an authorized service agent, or a similarly qualified person to avoid a hazard.
- Always follow the product instructions for proper operation.
- Never insert objects into any opening of the Brunswick product. If an object should drop inside, unplug this Brunswick product and carefully retrieve it while the unit is not in use. If the object cannot be reached, contact Life Fitness Customer Support Services.
- Do not use this product outdoors, near swimming pools or in areas of high humidity. Do not expose this product to dripping or splashing liquids. If the product should be exposed to liquid, contact Brunswick Customer Support Services.
- Never operate a Brunswick product with the air openings blocked. Keep air openings free of lint, hair, or any obstructing material.
- Use this product only for its intended use as described in this manual. Do not use attachments that have not been recommended by the manufacturer.

SAVE THESE INSTRUCTIONS FOR FUTURE REFERENCE.

FCC Warning:

Note: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy, and if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment. This equipment should be installed and operated with minimum distance 20cm between the radiator and your body.
