LETS GET STARTED

R5 QUICK START GUIDE

OUT OF THE BOX YOUR R5 RANGFINDER IS SET UP FOR BOW MODE IN YARDS
(TO CHANGE, YOU WILL NEED TO CONNECT TO THE BUSHNELL BALLISTIC APP.)

IN THE APP, YOU CAN CHANGE THESE SETTINGS:
- **UNITS**
- **RETICLE**
- **TARGET MODE**
- **RANGING MODE - INCLUDING YOUR BALLISTIC DATA**

GET IT ON
Google Play

Download on the
App Store

APPLIED BALLISTICS ULTRALITE
When you set the R5 ranging mode to "AB INSIDE" in the Ballistic App and set up a ballistic profile, the R5 will provide elevation and windage out to 800 Yards.

UNIT SELECTION WITHOUT APP
To enter, hold the FIRE button down for 3 seconds while powered OFF. Yards, Meters, and Feet will cycle while holding the button down. Release the button while the preferred unit is flashing.

MODE SELECTION WITHOUT APP
To change between bullseye/brush/default mode, *triple press and hold to cycle between modes. Release the button while the preferred mode is flashing.

Press, Press, Press+hold
