
Appendix C. Wireless regulatory information

The ThinkPad T23 Special Business use must be installed and used in strict accordance with the instructions as described hereafter. This product complies with the following radio frequency and safety standards.

USA - Federal Communications Commissions (FCC)

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

1. This device may not cause harmful interference, and
2. this device must accept any interference received, including interference that may cause undesired operation.

The FCC RF Safety Requirement

The radiated output power of Wireless LAN Mini-PCI Adapter is far below the FCC radio frequency exposure limits. Nevertheless, the ThinkPad T23 Special Business use shall be used in such a manner that the potential for human contact during normal operation is minimized as follows:

- **CAUTION:** To comply with FCC RF exposure compliance requirements, a separation distance of at least 20 cm (8 inches) must be maintained between the antenna of this device and all persons.

- The FCC's grant condition of this device prohibits the use of any other Radio Frequency wireless device in conjunction with the integrated wireless LAN card in your ThinkPad. Do not use any wireless PCMCIA option card in the PC slot of your ThinkPad while operating the integrated wireless LAN function.

Interference Statement

An improper installation or unauthorized use may cause harmful interference to radio communications. Also any tampering of the internal antenna will void the FCC certification and your warranty. Refer to the "Electronic emission notices" on page 66 for more detail.
