SHOWER SPEAKER**

USER MANUAL

Model: 72XXX

DC5V+

Product Overview

DC5V+

Accessories Included

- 1 USB Charging Cable

Charging The Battery

This speaker is powered by rechargeable lithium battery. Charge the battery as follows:

- 1 Insert the charging cable into the DC 5V socket on the unit. Connect the USB plug into a PC or AC /DC adapter. The LED indicator turns red and the battery is being charged.
- 2 When the battery is fully charged, the red LED indicator turns off.

Pairing Your Shower Speaker To Your Mobile Phone

1. Press on /off button
2. Turn on your Bluetooth on your cell phone and search for "SHOWER SPEAKER" and connect. Once connected you can enjoy streaming through your speaker.

Tips:

Please make sure the speaker is in power off mode When trying to activate the pairing mode.

- 1 Turn on your mobile phone and activate the Bluetooth function.
- 2 Search for devices: "SHOWER SPEAKER" will showup.
- 3 Pair your device with "SHOWER SPEAKER". If password is needed, type in "0000". After "SHOWER SPEAKER" is paired with your device, connect it to your device.

Tip:

Once this speaker is paired and connected to your mobile phone, and speaker is on, it will connect to your mobile phone automatically as long as the Bluetooth in your mobile phone is on

FCC Statement

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help

This device complies with part 15 of the FCC rules. Operation is subject to the following two conditions (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

IC Statement

This device complies with Industry Canada's licence-exempt RSSs. Operation is subject to the following two conditions:

- (1) This device may not cause interference; and
- (2) This device must accept any interference, including interference that may cause undesired operation of the device.

The term "IC: " before the certification/registration number only signifies that the Industry Canada technical specifications were met. This product meets the applicable Industry Canada technical specifications.

Le présent appareil est conforme aux CNR d'Industrie Canada applicable aux appareils radio exempts de licence. L'exploitation est autorisée aux deux conditions suivantes : (1) l'appareil ne doit pas produire de brouillage, et (2) l'utilisateur de l'appareil doit accepter tout brouillage radio électrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.
