

2014
CADILLAC ESCALADE

*IT IS PERHAPS THE SMALLEST SPACE
KNOWN TO MAN.*

*THAT RAREFIED SLIVER BETWEEN THE GOOD AND THE TRULY GREAT.
THERE'S NO MAP TO HELP YOU FIND THIS ELUSIVE PLACE. THE ONLY
WAY TO GET THERE IS SIMPLY TO BELIEVE YOU CAN.*

*At Cadillac, we've set out to create our own uniquely
American breed of extraordinary. It's why we've created our own daring
school of design that bends steel way beyond its comfort zone. It's why
we've pushed technology two generations ahead by pioneering a bold
new way for drivers to intuitively access entertainment and information
with the flick of a finger. And why, in everything from safety
to performance, we're setting the standard.*

*BOLD. DARING. ORIGINAL. These are the kinds of luxury vehicles we
build. It takes tenacity, a refusal to leave well-enough alone. That is the
difference between good and great. That is the difference between
just making luxury vehicles, and making Cadillacs.*

HOW ICONS

BECOME ICONS.

Maybe it's the fact that they come with a larger-than-life presence. Or that they're renowned the world over. But to really define what creates an icon, you have to dig deeper. And that's where the Escalade cements its status. By any measure, it continues to redefine the category.

ESCALADE ESV

From its dramatic grille to its vertical LED taillamps, the Escalade is iconic in every detail. Its commanding presence is backed by a 6.2L V8 engine that delivers tremendous yet refined power. A comfortable ride is ensured by available Magnetic Ride Control—a class-exclusive suspension system. It incorporates computer-controlled real-time damping that reacts in the blink of an eye to changing road conditions. No matter which Escalade model you choose—Escalade or ESV—you're assured of exceptional towing capability. Add in the availability of All-Wheel Drive, and you have total driving confidence. Inside, every detail was as carefully considered as on the outside. The supple surroundings are highlighted by leather trim, burl accents and spacious seating for up to eight. It all adds up to an SUV experience unlike any other.

LUXURY AND CAPABILITY
ON A GRAND SCALE.

ADAPTIVE REMOTE START

From up to half a football field away, the engine can be started, the interior heated or cooled and the heated seats activated, depending on the outside temperature.

ESCALADE PLATINUM / White Diamond Tricoat

ESCALADE

AN OVERACHIEVER.
INSIDE AND OUT.

ESCALADE PREMIUM COLLECTION / Cashmere / Cocoa

BOSE® CABIN SURROUND® SOUND SYSTEM

It begins with 10 speakers, and then adds AudioPilot® noise compensation technology that automatically adjusts the volume based on exterior noise to enhance the already rich sound quality.

No matter where you're seated, luxury and thoughtful details surround you. The interior flows seamlessly, from the touch-screen navigation¹ in the artfully designed instrument panel to the available Rear-Seat Entertainment System with a roof-mounted flip-down 8" screen. The seating alone is a brilliant combination of both comfort and engineering: 14-way power-adjustable front seats with heated and cooled seatbacks and cushions, and a driver's seat that includes memory settings for two drivers. Once you slip behind the wheel, you're front and center at the most compelling show on the road.

1. Map coverage available in the United States, U.S. Virgin Islands, Puerto Rico and Canada.

ESCALADE ESV PREMIUM COLLECTION / Black Raven

ESCALADE ESV

MORE SPACE. MORE CAPABILITY.
IN OTHER WORDS, MORE ESCALADE.

The Escalade ESV's extended wheelbase adds length (20" longer than the Escalade) that gives it the same seating for eight adults with even more cargo capacity than the Escalade. Navigating is made easier with a Rear Vision Camera display, while the available Side Blind Zone Alert¹ built into the exterior rearview mirrors alerts you when another vehicle has entered your blind spot. For those times when you need more space, the ESV delivers full-size accommodations along with the luxury for which Escalade is famous.

POWER LIFTGATE

The power liftgate can be opened or closed using either the key fob or a switch in the overhead console. Additional controls on the liftgate also allow one-finger operation from the back.

WHERE LUXURY REVEALS
ITS PRACTICAL SIDE.

EASE OF ENTRY

The simple touch of a button sends the second row into motion, folding the seats forward, making it easier for rear passengers to enter.

THIRD-ROW SEATS REMOVED

For a best-in-class 137.4 cu. ft. of cargo room,¹ remove the third-row seat and simply fold the second-row seats (image shown with second-row seats upright).

ALL SEATS IN PLACE

On top of seating for up to eight (seven-passenger configuration shown), the ESV offers the added advantage of 45.8 cu. ft. of space behind the third row.

Glance inside the Escalade ESV, and you'll admire not only its leather and burlled accents, but also its ability to accommodate just about anything. In fact, it offers the most cargo room in its class—137.4 cu. ft.,¹ almost 30 cu. ft. more than Escalade. The reclining second-row bucket seats have heated seat

cushions and an available power release function that folds them forward. The third row features 50/50 split-bench seats that adjust individually and can be folded, tumbled forward or totally removed, depending on your needs. And, thanks to the power liftgate, accessing all that space is effortless.

1. Cargo and load capacity limited by weight and distribution.

BRAINS MEET BRAWN FOR EXHILARATING PERFORMANCE.

Bold and captivating, the Escalade makes a powerful statement. Adding to its formidable presence on the road is a 403 HP 6.2L V8 that creates a vehicle with immense power at your disposal. Among its fuel-saving features is Variable Valve Timing that controls the valves during intake and exhaust, enabling the engine to operate more efficiently.¹

Available All-Wheel Drive and a rear locking differential get all 403 HP to the pavement with confidence. Once on your way, available Magnetic Ride Control helps maintain a balanced ride. In the time it takes you to blink, this suspension system has monitored the road 1,000 times. Magnetic particles suspended in a fluid then react to a magnetic field and instantly align to provide the proper damping.

THE 403 HP 6.2L V8 ENGINE

MAGNETIC RIDE CONTROL SUSPENSION

ESCALADE PLATINUM / White Diamond Tricoat

COLLECTIONS

THE ESCALADE PLATINUM:

EVEN THE PINNACLE HAS
A HIGH POINT.

OLIVE ASH AND BURLED WALNUT WOOD TRIM

ANILINE LEATHER SEATING SURFACES

PLATINUM INTERIOR

The Platinum is filled with impressive amenities. From heated and cooled front seats to a premium 10-speaker Bose® Cabin Surround® sound system and a wood-trimmed heated steering wheel, it's the ultimate expression of Escalade luxury.

We considered every detail when it came to creating the Platinum. Experience the richness of its glove-soft Aniline leather that wraps heated and cooled front seats. The fine craftsmanship is also evident in the leather-wrapped instrument panel top pad and upper door trim, as well as the distinctive grain in the olive ash and burled walnut wood trim with decorative inlays. We've even considered your favorite beverages and provided heated and cooled cupholders. Wherever your travels take you, you'll appreciate the touch-screen navigation with NavTraffic¹, standard for three months, that keeps you informed of the latest traffic conditions. The Platinum is the most luxurious Escalade we have ever made. And, given our history, that's a considerable achievement.

1. If you subscribe after your trial period, subscriptions are continuous until you call SiriusXM to cancel. See SiriusXM Customer Agreement for complete terms and geographic limitations at siriusxm.com. Other fees and taxes will apply. All fees and programming subject to change.

THE PREMIUM COLLECTION:

SAY EVERYTHING

WITHOUT SAYING ANYTHING.

INTEGRATED DUAL-OUTLET EXHAUST

22" WHEELS

EXCLUSIVE BODY-COLOR GRILLE

The bold, iconic front is accented with a grille that seamlessly matches the exterior color for a sleek and seamless appearance. Available LED headlamps also add to its stunning design.

With the available Premium Collection, the Escalade makes a powerful statement both in its styling and upscale appointments. Outside, monochromatic exterior accents and integrated dual-exhaust outlets lend a distinct appearance. Inside, a Rear Seat Entertainment system with a roof-mounted 8" screen (two screens in ESV models) and wireless headphones provides rear-seat passengers with hours of entertainment. This Collection also features Magnetic Ride Control suspension that reads the road and then instantly adjusts to help provide a smooth, controlled ride. To top it off, 7-spoke 22" ultra-bright machined-finish wheels and the convenience of power-retractable assist steps further complement what is already an impressive package.

THE LUXURY COLLECTION:

BECAUSE THE SUBTLE DETAILS MAKE
THE BOLDEST STATEMENT.

DRIVER-FOCUSED INTERIOR

The power-tilt adjustable steering wheel features integrated controls for audio and cruise. Both driver and passenger seats are 14-way power adjustable, and the driver's seat memory function stores the preferred settings for up to two drivers.

SECOND-ROW POWER-RELEASE SEATS

INTELLIBEAM HEADLAMPS

Step inside Escalade with the available Luxury Collection, and you'll find a beautifully appointed cabin with amenities like a power-adjustable, wood-trimmed heated steering wheel—a welcome feature on a chilly morning. You'll also appreciate the convenience of second-row power-release seats that make it easier for rear passengers to enter. There's also revolutionary Magnetic Ride Control suspension that helps smooth out the ride. This Collection also features the brilliance of IntelliBeam headlamps. This technology automatically switches between low and high beams when oncoming headlamps are sensed, or when taillamps are detected in front of you. Complementing the Escalade's commanding presence are striking 22" chrome aluminum wheels. And overhead, there's a power-sliding sunroof that opens to the heavens above.

BENEATH ITS POLISHED SHEET METAL RESIDES
A CHISELED SUIT OF ARMOR.

REAR VISION CAMERA

Parking is made easier with the Rear Vision Camera. It turns on automatically when your Escalade is placed in reverse. It displays a live image of the area behind the vehicle on the navigation screen and includes guiding lines to help you when backing up.

SIDE BLIND ZONE ALERT

Wish you had a second set of eyes? Now you do. Available Side Blind Zone Alert¹ uses radar that sweeps the sides of the Escalade. If a vehicle enters your blind spots, an alert warns you of its presence.

It starts with a protective safety cage constructed with ultra-high-strength steel alloys and other highly advanced materials for exceptional rigidity and strategically placed crumple zones. Then we add preventive safety features like the StabiliTrak Electronic Stability Control System with traction control that's designed to improve vehicle stability on most road surfaces, especially during emergency maneuvers. A sophisticated antilock braking system (ABS) and Electronic Braking Force Distribution help balance stopping power between the front and rear brakes.

In addition to eight standard airbags², there's also the confidence that comes with front safety belt pretensioners that lock the safety belt to help better secure occupants during a crash. Additionally, rollover mitigation sensors that detect a rollover trigger the pretensioners when air bags are opening.

For added peace of mind, there's OnStar^{®3} standard for one year, with Automatic Crash Response. In most crashes, built-in sensors in your vehicle can automatically send an alert to an OnStar Advisor, who is immediately connected into your car to help.

1. Before making a lane change, always check the SBZA display and the side and inside mirrors, look over your shoulder for vehicles and hazards, and activate your turn signal. 2. Always use safety belts and the correct restraint for your child's age and size. Even in vehicles equipped with the Passenger Sensing System, children are safer when properly secured in a rear seat in the appropriate infant, child or booster seat. Never place a rear-facing infant restraint in the front seat of any vehicle equipped with a passenger air bag. See the Owner's Manual and child safety seat instructions for more safety information. 3. Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers.

PAINT FINISHES

TINTCOAT

A premium 2-layer paint application with the addition of a tinted clearcoat, lending the finish an extra depth and brightness.

ESCALADE

CAPACITIES — Maximum payload/trailer weight ¹	
RWD	1,573 lbs./8,300 lbs.
AWD	1,582 lbs./8,100 lbs.
MAXIMUM CARGO AREA ³	
Volume	108.9 cu. ft.

ESCALADE ESV

CAPACITIES — Maximum payload/trailer weight ¹	
RWD	1,413 lbs./8,000 lbs.
AWD	1,418 lbs./7,700 lbs.
MAXIMUM CARGO AREA ³	
Volume	137.4 cu. ft.

1. Maximum payload capacity includes weight of driver, passengers, optional equipment and cargo.
 2. Maximum trailer-weight ratings are calculated assuming a base vehicle, except for any option(s) necessary to achieve the rating, plus driver. The weight of other optional equipment, passengers and cargo will reduce the maximum trailer weight your vehicle can tow. See your Cadillac dealer for additional details.
 3. Cargo and load capacity limited by weight and distribution.

CADILLAC SHIELD

THE STANDARD OF LUXURY OWNERSHIP

WARRANTY PROTECTION

Cadillac's 6-year or 70,000-mile¹ Powertrain Warranty offers more years and miles standard than BMW and Mercedes-Benz. In addition, our 4-year or 50,000-mile¹ Bumper-to-Bumper Warranty covers repairs on your entire vehicle, including parts and labor, to correct problems in materials or workmanship.

PREMIUM CARE MAINTENANCE

Standard on all 2011 and newer vehicles, Cadillac's Premium Care Maintenance program covers routine oil changes, tire rotations, certain air filter replacements and a thorough multipoint vehicle inspection for 4 years or 50,000 miles.² Mercedes-Benz and Lexus programs do not.

The standard one-year Directions and Connections[®] Plan allows you to push one button to connect with a live Advisor to find the things and places you want. Get directions or a diagnostics check while you drive. Make calls safely with both hands on the wheel and control your vehicle with the RemoteLink³ mobile app. And as always, get help immediately in a crash or an emergency. These are just a few examples of the level of personal service we think you deserve as a Cadillac owner.

SECURITY BY ONSTAR

If you've reported your Cadillac stolen, OnStar⁴ can use GPS technology to help authorities quickly locate and recover it. An OnStar Advisor can further assist authorities by sending a remote Stolen Vehicle Slowdown[®] signal to your vehicle to slow it down. Advisors can also enable a Remote Ignition Block, making it impossible to restart a stolen vehicle once it has been turned off.

DIAGNOSTICS BY ONSTAR

With best-in-class diagnostics from OnStar⁴, maintaining your Cadillac can be as simple as checking your e-mail or your OnStar RemoteLink^{™3} mobile app. Every month, you can receive an e-mail with the status of key operating systems or push your OnStar button for a real-time diagnostics check on demand.

ROADSIDE ASSISTANCE

Cadillac offers more years of Roadside Assistance standard than any leading luxury brand, with services for 6 years or 70,000 miles.⁵ The program provides lockout, towing, refueling, Dealer Technician Roadside services, and more.

COURTESY TRANSPORTATION

This Cadillac program provides alternate transportation and/or reimbursement of certain transportation expenses if your Cadillac requires warranty repairs for 6 years or 70,000 miles.⁵ That is more years of service standard than any luxury automaker.

NAVIGATION BY ONSTAR

Just push the OnStar⁴ button and an Advisor can download voice-guided turn-by-turn directions to your Cadillac, and a voice will call out every turn or send them to your navigation system, if equipped. You can also plan routes using MapQuest.com[®] and send them to your Cadillac.

CONNECTIONS BY ONSTAR

Available Hands-Free Calling capability from OnStar⁴ allows you to make and receive calls safely from your Cadillac. With the OnStar RemoteLink³ mobile app, you can access real-time information and control your Cadillac from anywhere you have cell phone service. Now you can even find a destination with RemoteLink³ and send directions right to your vehicle.

EMERGENCY BY ONSTAR

In most crashes, built-in sensors can automatically alert an OnStar⁴ Advisor who is immediately connected in to your Cadillac to see if you need help sent to your exact location. Other OnStar⁴ emergency services include Injury Severity Predictor and First Assist, which ensure you quickly get the help you need when seconds matter most. All Cadillac models come with 1 year of OnStar service standard.

MYCADILLAC APP

The ingenuity of the Escalade doesn't stop with the vehicle. As a Cadillac owner, an advanced complimentary app is available for your new car. From virtually anywhere at anytime, a few taps of your finger on your iPhone or Android smartphone let you access features like parking reminders, Roadside Assistance, and more. Plus, in conjunction with the OnStar RemoteLink app, you'll have the ability⁵ to remotely start your vehicle from any place you have cell service, and lock and unlock your doors. In addition, you can access key diagnostic information, including fuel tank level and range, and remaining oil life.

1. Whichever comes first. See dealer for limited warranty details. 2. Whichever comes first. See dealer for select scheduled maintenance details. 3. Available on iPhone, Android and select BlackBerry devices. Services vary by phone, vehicle and conditions. Requires an active OnStar subscription. 4. Visit onstar.com for coverage map, details and system limitations. Services vary by model and conditions. OnStar acts as a link to existing emergency service providers. 5. Requires active OnStar subscription.

CADILLAC ESCALADE

ABOUT THIS CATALOG

We have tried to make this catalog comprehensive and factual. We reserve the right, however, to make changes at any time, without notice, in prices, colors, materials, equipment, specifications, models and availability. Specifications, dimensions, measurements, ratings and other numbers in this catalog and other printed materials provided at the dealership or affixed to vehicles are approximates based upon design and engineering drawings and prototypes and laboratory tests. Your vehicle may differ due to variations in manufacture and equipment. Since some information may have been updated since the time of printing (05/13), please check with your Cadillac dealer for complete details. Any variations in colors shown are due to reproduction variation in the printing process. Cadillac reserves the right to lengthen or shorten the model year for any product for any reason, or start and end model years at different times. Note: Some photographs in this catalog show vehicles with optional equipment.

ONSTAR OnStar services require vehicle electrical system (including battery), wireless service and GPS satellite signals to be available and operating for features to function properly. OnStar acts as a link to existing emergency service providers. Subscription Service Agreement required. Call 1-888-4ONSTAR (466-7827) or visit onstar.com for OnStar's Terms and Conditions, Privacy Policy and details and system limitations.

ENGINES Cadillac products are equipped with engines produced by GM Powertrain or suppliers to GM worldwide. The engines in Cadillac products may also be used in other GM makes or models.

TIRE SEALANT AND COMPRESSOR KIT If your vehicle has a tire sealant and compressor kit, it uses a liquid tire sealant to temporarily seal up to a 1/4-inch puncture in the tread area of the tire. After using the inflator kit, it is recommended to take the tire to an authorized dealer for inspection and repair as soon as possible but at least within 100 miles of driving. The tire sealant cannot seal and inflate sidewall damage, punctures larger than 1/4 inch, or a tire that has unseated from the wheel. The sealant can only be used on one tire one time before its expiration date.

ASSEMBLY Cadillac vehicles and their components are assembled or produced by different operating units of General Motors, its subsidiaries or suppliers to GM worldwide. We sometimes find it necessary to produce Cadillac vehicles with different or differently sourced components than originally scheduled. Since some options may be unavailable when your vehicle is assembled, we suggest that you verify that your vehicle includes the equipment you ordered or, if there are changes, that they are acceptable to you.

UPDATED SERVICE INFORMATION Cadillac dealers receive useful service bulletins about Cadillac products. You may purchase them from Helm Incorporated by calling 1-800-551-4123 or by visiting www.helminc.com.

NEW-VEHICLE LIMITED WARRANTY World-class coverage comes standard on every 2013 Cadillac. This warranty is for Cadillac vehicles registered in the U.S.A. See your Cadillac dealer for terms and conditions.

COVERED FOR 6 YEARS/70,000 MILES (WHICHEVER COMES FIRST) Powertrain Limited Warranty with no deductible, Roadside Assistance Program,¹ Courtesy Transportation Program¹

COVERED FOR 4 YEARS/50,000 MILES (WHICHEVER COMES FIRST) Bumper-to-Bumper coverage; Tires-Defects in material and workmanship; Repairs made to correct any vehicle defect; Corrosion on body sheet metal panels.

RUST THROUGH PROTECTION Cadillac vehicles are designed and built to resist corrosion and rust-through corrosion. Any body sheet metal that rusts through (in the form of an actual hole in the sheet metal) is covered for six years unlimited mileage. Cosmetic or surface corrosion, resulting from stone chips or scratches in the paint, for example, is not included in the Rust Through coverage. Application of additional rust-inhibiting materials is not required under the Rust Through coverage and none is recommended. See your Cadillac dealer for terms of this limited warranty.

FLEET ORDERS Some standard content may be deleted with fleet orders. See dealer for details.

¹ Roadside Assistance Program and Courtesy Transportation Program are not a part of the New Vehicle Limited Warranty. A separate booklet entitled "Warranty and Owner Assistance Information" furnished with each new vehicle provides detailed warranty coverage information.
