

Canon

THE MOBILE DESKTOP COLOR PRINTER

KEY FEATURES

Exclusive Drop Modulation Technology

Enhances color printing quality

Exclusive IS-12 Color Image Scanner Cartridge (optional)

Instantly turns the BJC-80 into a color sheetfed scanner

Built-in IrDA Interface

Cable-less printing with IrDA-equipped Windows® 95 and Windows 98 computers

Big on performance, not on size.

Now you can get big printer performance from a portable powerhouse. The BJC-80 delivers exceptional quality wherever you go. It's light enough to carry anywhere and small enough to fit on any desktop, yet fully loaded with all the features you need and would expect from a full-size color desktop printer.

Compact convenience without compromise.

The BJC-80 features the latest Canon printing technology. Drop Modulation Technology, for example, produces sharper, richer color. Add the optional IS-12 Color Image Scanner Cartridge and your printer becomes a 360 dpi color sheetfed scanner—the perfect way to add images and graphics to reports and presentations.

The BJC-80 can go anywhere you need to go with its compact, lightweight design. Using its standard IrDA interface, you can print from IrDA-equipped Windows 95 and Windows 98 computers without a cable. You can even leave the power cord home—its optional rechargeable battery pack lets you print up to 200 pages.

Get the most out of your Canon printer.

Canon inks are designed to take full advantage of our PhotoRealism™ technologies. And Canon papers add tremendous versatility to your printer. So stock up on High Resolution Paper for vibrant color documents, transparencies for crisp presentations, or High Gloss Film for extra impact.

BJC-80
