**Connect** to a select Canon digital camera\* or any PictBridge supported digital camera. Then print straight from your camera. No need to touch your computer!

*Prefer to print from your PC? Just plug in a standard USB cable and you're good to go.*

\*Firmware upgrade may be required.

**Select** your prints right on your camera's LCD. Choose print size: Approximately 4" x 6" or Credit card. Do borders or go borderless. Even print labels. It's up to you.

*You've got a lot of options with the CP-200 and CP-300 printers. Creating index prints, print automatically using DPOF, add a date stamp and more. It's all easy.*

**Print** 4" x 6" shots in as little as 85 seconds\*\* Or Credit card size shots in as little as 40 seconds.\*\* It's fast. It's fun. It's easy.

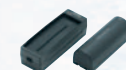

*The printers' 256-level 300-dpi dye-sublimation printing technology makes every print stand out. The durable protective overcoating makes every print last just like your 35mm prints.*

\*\*Printing direct from Canon PowerShot digital cameras.

Approx. 4" x 6"
