DCR-PC1000

3-CCD MiniDV Camcorder

The powerful Handycam w/CMOS sensors that use less power and therefore allow the camera's battery a longer life. The Carl Zeiss Vario-Sonnar T Lens results w/outstanding, vivid, brilliant imagery.

- 3x 1/8" CMOS imaging sensors
- Cinematic mode lends a 24 frame film-like effect to your recordings
- 10X optical / 120X digital zoom
- 2.7" Touch Panel LCD Screen
- 2.7 Megapixel Digital Still
- Built In Flash • USB Streaming

SODCRPC1000 \$849.95

DCR-VX2100

3-CCD MiniDV Camcorder

The DCR-VX2100 offers the brightest video results of all Sony MiniDV models.

With its new Advanced HAD progressive scan CCD technology, illumination is improved dramatically, delivering superior low-light performance without the use of infrared technology. By increasing the CCD's sensitivity to light, clearer, brighter video with more life-like color can be captured, even when recording in dimly lit environments.

Its 12x optical and 48x digital zoom aspherical lens and dual-position neutral density filter minimize distortion from standard spherical lenses and compensate for varying lighting situations such as studio lights or direct sunlight. The manual audio control, PCM Digital Stereo Audio in 12 and 16-bit modes, a manual focus and manual zoom ring, built-in color bar generator, 16:9 wide screen recording capability, intelligent accessory shoe, advanced optical SteadyShot picture stabilization make this a great camera for professional video recording. The optional NP-F970 InfoLithium battery offers up to seven hours of operation.

- 2.5" Precision Hybrid LCD Display • Up to 530 Lines of horizontal video resolution

Optional Accessories:

VCL-HG1758 High Grade 1.7x Tele Lens (Fits 58mm lens diameter) \$244.99

VCL-HG1758 High High Grade 0.7x Wide Angle Lens (Fits 58mm lens diameter) \$249.99

NP-F970 InfoLithium battery \$104.95

HDR-HC1

HDV Camcorder

This Sony 3-megapixel CMOS sensor processor will process images faster than a regular CCD. The CMOS sensor is more efficient, and consumes less battery power. The images will be stunning, and your recordings richer in detail with better color. The Carl Zeiss Vario-Sonnar T lens w/T coating reduces glare

- 1/3" CMOS Sensor w/3 Megapixels
- HDV Genuine 1080i Resolution
- Carl Zeiss Vario-Sonnar T Lens
- 10x Optical, 120x Digital Zoom
- Super SteadyShot Stabilization
- 2.7" widescreen LCD

VOHSPSHDRHC1 DVD: How to Shoot Like a Pro with Sony HDR-HC1 Camcorder \$44.95

HDR-FX1

3-CCD HDV Camcorder

Introducing HDV technology available for consumers and prosumers alike.

The HDR-FX1 has the capability to record and play back high definition video, with HDV 1080i lines of resolution the highest resolution (1440x1080 lines) of any prosumer camcorder. 3-chip, one-megapixel Super HAD CCDs, including an on-chip micro-lens on top of the CCD sensor that increases the light focusing rate for focusing on the fly. There is also a newly developed 16:9 aspect mode for recording in widescreen.

- HDV 1080i Compatible Camcorder w/down convert capability
- Utilizes the 1080i lines horizontal resolution / 60 interlaced frames per second for the HDV specification, and records to MiniDV tapes.

VOCGHVRZX1 DVD: A Complete Guide to the HVR-ZIU and HDR-FX1 Camcorders \$74.95

SONY

GV-D200/D800

MiniDV Portable VTR

Ideal companions to the Digital-8 camcorders, both the Video Walkman units are backward compatible allowing Hi8/8mm tape playback.

- 20-segment assemble editing without the need for a PC or a professional studio
- i.LINK (IEEE-1394) digital video interface.

GV-D800 (SOGVD800)

- 4-inch color LCD screen
- Superior image quality and digital sound
- Built-in stereo speakers • Time Based Correction (TBC)
- 2X Playback & Playback Zoom
- Fully functional playback and record deck.
- S-Video and Composite A/V Input/Output
- Accepts Sony "L" Series Batteries

GV-D200 Same specs as GV-D800 but w/o the LCD Screen Includes: an AC adapter and A/V cable. (SOGVD200)

SONY

GV-D1000

MiniDV Portable VTR

MiniDV format • 4" Color Active Matrix LCD screen • Digital Still Memory Mode with Memory Stick Media

- MPEG Movie Mode • USB Streaming
- i-Link/IEEE-1394 DV
- Analog input/output capability
- Analog-to-Digital Conversion with Pass-Through
- 12-Bit/16-Bit PCM Digital Stereo, 12-Bit enables you to add an additional audio track
- SP & LP Rec./Play • Accepts Sony "M" Series Batteries
- Digital Program Editing • Precision Assemble Editing with optional DSRM-E1 (99 segment x4) • Playback Zoom
- Print Mark, pre-select your digital still images (in the camcorder) for printing, and connect with a DPOF (Digital Print Order Format) compatible printer for hassle free printing. • Still/Slow Motion Playback • Drop Frame Time Code • Dim. 5/7/8x2 5/8x5 3/8" • Wt. 2 lbs. (SOGVD1000)

Video Conversion Lenses

Kenko video conversion lenses are designed with the state-of-the-art optical research, computerized machining and rigid quality control to extend, widen or narrow your lens' focal length, the field of view. The Hi series lenses feature multicoated optical glass lens elements that reduces flare and ghosting caused by light reflecting off the surfaces of the elements and then reflecting again into the camera. The inner barrels of the lenses have a matte-black finish to further reduce internal reflections.

SONY

WCS-999

Camera Mountable 900 MHz Wireless System

The WCS-999 wireless system operates on the 900 MHz FM band resulting in high RF performance and extended range of up to 150 feet. A single ear piece headphone is provided for accurate monitoring of incoming audio signal. The "Mic Mixing" feature allows a second wired microphone to attach directly to the receiver, the signals are mixed to the output of the receiver.

#SOWCS999 **\$99.95**

BeachTek

Dual XLR Audio Adapters

BeachTek Dual XLR Audio Adapters provide a reliable way to hook up professional audio gear to your DV camcorder.

- Two channels let you record from two sources on separate tracks for post audio mixing
- Both channels have their own mic/line level switch and trim potentiometers for flexibility and complete control
- Securely attaches to a mounting plate under the camera
- Rugged all metal case is built to last and provides complete shielding from noise
- Made with Neutrik XLR connectors and transformers

DXA-4 - for Sony VX-1000/VX-2000 #BEDXA4 **\$169.95**
DXA-4C - for Canon XL-1/S #BEDXA4C **\$169.95**
DXA-4P - for Canon GL-1, Optura Pi and Panasonic AG-456 #BEDXA4P **\$169.95**
DXA-2S - Universal, Fits Any Compact DV Camcorder #BEDXA2S **\$169.95**
DXA-FX - for Sony HDR-FX1 #BEDXAFX **\$309.95**

BeachTek

DXA-6 / DXA-6VU

Dual XLR Audio Adapters w/Phantom Power

DXA-6 - Provides 48 Volt phantom power on both inputs for use with condenser microphones, and is universally compatible with any camcorder.

#BEDXA6 **\$249.95**
DXA-6VU - Dual transformer balanced XLR inputs with 48V phantom power. Features two bright, seven segment LED level meters for precise level adjustment and checking levels at a glance. Auxiliary mini-jack input.
#BEDXA6VU **\$359.95**

AZDEN

SGM-X

Camera Mounted Shotgun Mic

Designed specifically for use with mini DV cameras, the Azden SGM-X is a supercardioid shotgun microphone with a wide frequency response and

low noise levels. The SGM-X has a 1/8" mini plug output and attaches to camera shoe mount. The supplied LR-44 battery lasts 150 hours

#AZSGMX **\$99.95**

RØDE

VideoMic

Shotgun Mic w/ Built-in Shockmount

The VideoMic is a camera mounting shotgun microphone that features an integrated shock mount. Its small, light weight profile allows quick, unobtrusive mounting on DV and HDV cameras without appearing in the frame. The super-cardioid polar pattern and barrel canceling design attenuates side axis audio.

#ROVM **\$149.95**

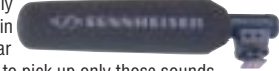

SENNHEISER

MKE300

Lightweight Shotgun Mic

Compact and extremely lightweight with built-in Its super-cardioid polar pattern has the ability to pick up only those sounds that correspond to the scene being filmed and attenuates any disturbing ambient noise. The LR44 Battery Life is 200 Hours. Connects to camera via 1/8" Mini Plug.

• Electret Condenser Microphone
• Frequency Response 150 Hz - 17 kHz, (-3 dB)
• 9.2 x 2.6" (230 x 65mm) LxDiameter • 2.1 oz. (60 g)
#SEM300 **\$169.95**

SONY

ECM-MS908C

Stereo Condenser Microphone

The ECM-MS908c is a camera mountable stereo microphone and provides superior sound quality to the built-in camera microphone.

The switchable 90° / 120° pick-up patterns provides maximum flexibility in various recording environments. It features a gold plated 1/8" "L" shaped connector and operates on a single AA battery.

#SOECMMS908C **\$79.95**

Rycote

Mini Windjammers

Improves the performance of handheld and stereo microphones as well as the on-board microphones of consumer camcorders. Designed to be positioned over your mic's foam windscreens.

Medium Mini Windjammer For mics up to 1.5" Dia. x 2.5" L (Canon GL-2 & JVC GY-DV300U) #RYMWEM **\$48.00**
Special 60 For mics up to 2.0" Diameter by 2.75" Length (Sony VX 1000/2000/2100) #RYMWS60 **\$50.00**
Special 90 For mics up to 2.0" Diameter by 3.5" Length (EV RE50 and Audio Technica AT822/825) #RYMWS90 **\$50.00**
Special 130 For mics up to 2.0" Diameter by 5" Length (Sony PD-150/170 and ECM-MS957) #RYMWS130 **\$55.00**
Special 155 For mics up to 2.0" Diameter by 6.25" Length (Canon XL1/2) #RYMWS155 **\$55.00**

WINDTECH

Mic Muffs

Microphone Windshield

The Mic-Muff is an economical 3/4" Fur windscreen cover that slips over your existing windscreen. It provides up to 20db of wind noise reduction in a 20 MPH wind without effecting the sound quality. Over 30 sizes available to fit most shotgun mics as well as on-camera mics.

#WIMM **\$38.95**
