

OMRON

Human Vision Components HVC-C2W Model B5T-003

Terms of Use

Thank you for purchasing an OMRON product.
This document includes the Terms of Use of the Human Vision Components HVC-C2W model B5T-003.

Make sure to confirm and agree to the contents of these Terms of Use BEFORE opening the plastic bag containing the HVC-C2W unit.

Return the HVC-C2W unit in its unopened plastic bag if you do not agree to the contents of these Terms of Use.

Note that opening the plastic bag constitutes your acceptance of the Terms of Use.

The return address is indicated at the end of the Terms of Use.

The product specification documentation, user manual and other related documentation for the HVC-C2W unit can be downloaded from the following link:

●Definitions

- 1) The “Product” indicates the HVC-C2W unit.
- 2) The “Items included” indicate the items included with the purchase of the Product, e.g. the stand, the AC adaptor, the Micro USB cable, etc.
- 3) The “Application” indicates the OMRON application provided for use on Windows, iOS or Android.
- 4) The “Terms of Use” indicate the terms of use, ratings, performance, operable environment, usage methods, cautions, prohibited actions, etc. for the Product and the Application that are indicated in the user manual or any other related documentation.

- 5) The “Customer’s device” indicates any device, installation or system created by the customer.
- 6) The “Customer’s usage” indicates (a) the personal use of the Product by the Customer (b) the implementation of the Product in a Customer’s device, (c) the development and offering of a Customer’s service or application using the Product.
- 7) The “fitness” indicates the (a) compatibility of the Product with other devices or software, (b) the operation capacity of the Product when used with other devices or software, (c) the non-infringement of third-party intellectual property, (d) the compliance to the law and (e) the compliance to regulations when using the Product.

●Caution

Note the following regarding the contents of all related documentation:

- 1) The rating and performance values were obtained through individual testing of individual conditions. They do not provide guaranties for values obtained through testing of a combination of multiple conditions.
- 2) Functions and performance indicated in documentation related to the Product or the Application may vary depending on the implementation environment, among other causes. As such, OMRON offers no guaranties that the Product or the Application will always operate properly as indicated.
- 3) Usage examples displayed on OMRON’s website or during exhibitions are for reference only, and OMRON offers no guaranties for fitness.
- 4) OMRON may interrupt or cancel the production of the Product or distribution of the Application, or change their specifications, in order to implement improvements, or otherwise at its sole discretion.
- 5) The contents of all related documentation are confidential information and as such should not be disclosed to any third party.

●Notes on Use

- 1) Use the Product and the Application in compliance with the Terms of Use, including for rating and performance.
- 2) The Product can be used in countries where a certificate of compliance to appropriate radio wave laws has been obtained. Consult the following website below for details: http://*****
- 3) The integrated software included in the firmware (HVC-C2W) contained in the Product is licensed to be used by the Customer only if it is as an included component within the main product integrated in a Customer’s device.

Do NOT do or have others do any of the following:

- (a) Use the Product or the Application for usages other than the Customer’s usage;
- (b) Transfer or loan to others the Product singularly for purposes other than the Customer’s usage;

- (c) Extract the firmware out of the Product;
 - (d) Decompile, disassemble or reverse-engineer the firmware;
 - (e) Disclose performance information of the Product singularly.
- 4) OMRON does not guarantee the fitness of the Product or the Application if they are used in combination with any other product.
 - 5) OMRON shall not be liable for any results from the use of the Product or the Application, including occurring events that are different from the ones intended or expected by the Customer.
 - 6) Verify the proper wiring and installation of the Product before using it when it is to be part of a system designed for the Customer’s usage.
 - 7) The Product and the Application include face detection features. When using the Product or the Application in a situation where pictures of individuals may be taken, make sure to consider and take measures in order to follow the appropriate and applicable laws and regulations regarding image rights, privacy issues and copyright laws, etc. Likewise, make sure to handle image data with care.
 - 8) The Product and the Application are not intended for the following usages and no guaranty is offered for them when used as such:
 - (a) Usage where high safety measures are required, e.g. nuclear energy control equipment, combustion equipment, aerial or space equipment, railways, elevator-like machine, amusement park machine, medical equipment, fail-safe device, or any other usage that can be life-threatening or cause injury, etc.
 - (b) Usage where high reliability is required, e.g. public utilities like gas, water, electricity, 24/7 service system, payment system, system handling rights or estates, etc.
 - (c) Usage in harsh conditions or environment, e.g. outdoor equipment, chemical hazard equipment, equipment under EMI or RFI, equipment under vibration, impact or shock, equipment operating continuously for a long time, etc.
 - (d) Usage in conditions or environment not indicated in the Terms of Use.
 - (e) Usage in an automotive product, including motorcycles, etc.
 - 9) Make sure to remove the microSD™ card from the Product and erase all registered information from the Application in order to prevent personal information leaks when transferring or getting rid of the Product.
 - 10) Connection to the Product or the Application may sometimes be temporarily unavailable due to signal issues or maintenance, etc.

●Warranty Terms and Conditions

- 1) Warranty period: One (1) year after the purchase.
- 2) Coverage: OMRON will provide free replacement of malfunctioning Product or Items included with the same number of replacement or alternative Product or Items included.

3) Exceptions: OMRON will not offer its warranty if the cause of the malfunction falls under any of the following:

- (a) Usage in a manner other than the original intended use for the Product, the Items included or the Application.
- (b) Usage outside of the Terms of Use.
- (c) Modification or repair made by anyone other than OMRON.
- (d) Software program embedded by anyone other than OMRON or alteration of originally installed software by anyone other than OMRON.
- (e) Cause which could not have been foreseen with the level of science and technology at the time of shipping from OMRON.
- (f) Causes, other than the ones above, originating from sources other than OMRON, the Product, the Items included or the Application (including force majeure such as but not limited to natural disasters).

●Limitation of Liability

THE WARRANTY SET OUT IN THESE TERMS AND CONDITIONS IS THE WHOLE AND SOLE LIABILITY FOR THE PRODUCT. OMRON AND THE DISTRIBUTORS OF THE PRODUCT ARE NOT LIABLE FOR ANY DAMAGES WHICH MAY ARISE FROM OR BE RELATED TO THE PRODUCT, THE ITEMS INCLUDED OR THE APPLICATION.

●Export Control

Customers shall comply with all applicable laws and regulations of other relevant countries with regard to security export control, when exporting the Product or the Application and/or technical documents or providing such products and/or documents to a non-resident. OMRON may choose to not provide customers with the Product, the Application and/or related documentation should OMRON judge that they fail to comply with such laws and regulations.

●Notes on Trademarks

- 1) iPhone, iPad, iPod touch and App Store are trademarks of Apple Inc.
- 2) Android, the Android logo, Google Play and the Google Play logo are trademarks or registered trademarks of Google Inc.
- 3) The QRT ® code is a registered trademark of Denso Wave Inc.
- 4) microSD™ and microSDHC™ are trademarks or registered trademarks of SD Card Association.
- 5) Other company names and product names are trademarks or registered trademarks of their respective companies.

●Rating

Item	Specifications
Power rating	5VDC Max1A
Operating temperature	0 to +35°C (no condensation or freezing)
Operating humidity	Below 85% RH (no condensation or freezing)
Storage temperature	-15 to +50°C (no condensation or freezing)
Storage humidity	Below 85% RH (no condensation or freezing)

●FCC certification

1) The Product has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. The Product generates uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If the Product does cause harmful interference to radio or television reception, which can be determined by turning the Product off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the Product and receiver.
- Connect the Product into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

2) FCC CAUTION

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the Product. The Product complies with part 15 of the FCC Rules. Operation is subject to the following two conditions:

- (a) The Product may not cause harmful interference.
 - (b) The Product must accept any interference received, including interference that may cause undesired operation.
- 3) This transmitter must not be co-located or operated in conjunction with any other antenna or transmitter.
- 4) RF exposure Compliance
The Product complies with FCC radiation exposure limits set forth for an uncontrolled environment and meets the FCC radio frequency (RF) Exposure Guidelines. The Product should be installed and operated keeping the radiator at least 20cm or more away from person's body.

●CE certification

- 1) Hereby, OMRON declares that this Human Vision Components HVC-C2W is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC."
- 2) CE Mark Warning

This is a Class B product, in a domestic environment, this product may cause radio interference, in which case the user may be required to take adequate measures.
