Dear Sir/Madam:

We, Checkpoint Systems, Inc hereby confirm that we do not issue a specific User's Manual for the product with **FCC ID: DO4LIBCFX**.

This product has an Electronic Article Surveillance (EAS) function and is only installed by trained Checkpoint Customer Service Engineers (CSE). Our customers receive use and operation instructions during training given by CSEs at the time of installation and at customer's request after a servicing visit. Details on how to configure, and install this system is provided in the Tuning Procedure, Installation Guide and Theory of Operation documentation which is provided as part of the FCC submission and also provided to CSE for training purposes.

Sincerely,

A handwritten signature in black ink, appearing to read "Gregory E. Sleet", is written over a horizontal line.

Gregory E. Sleet
