device is on file with the FCC and can be found under the Display Grant section of <http://www.fcc.gov/oet/fccid> after searching on FCC ID QDJ-0406CHA11. Additional information on Specific Absorption Rates (SAR) can be found on the Cellular Telecommunications & Internet Association (CTIA) web-site at <http://www.devicefacts.net>.

*In the U.S. and Canada, the SAR limit for mobile GSM device used by the public is 1.6 watts/kg (W/kg) averaged over one gram of tissue. The standard incorporates a substantial margin of safety to give additional protection for the public and to account for any variations in.

•Ministry of Health (Canada), Safety Code 6. The standards include a substantial safety margin designed to assure the safety of all persons, regardless of age and health.

The exposure standard for wireless mobile GSM device employs a unit of measurement known as the Specific Absorption Rate, or SAR. The SAR limit set by the FCC is 1.6W/kg*.

This device was tested for typical body-worn operations. To comply with FCC RF exposure requirements, a minimum separation distance of 1.5 cm must be maintained between the user's body and the terminal, including the antenna. Third-party belt-clips, holsters, and similar accessories used by this device should not contain any metallic components. Body-worn accessories that do not meet these requirements may not comply with FCC RF exposure requirements and should be avoided.

The FCC has granted an Equipment Authorization for this model device with all reported SAR levels evaluated as in compliance with the FCC RF exposure guidelines. SAR information on this model

Radio frequency (RF) energy

When your device is ON, it receives and transmits RF energy. While this device complies with U.S. regulatory requirements concerning exposure of human beings to RF energy, you always want to minimize exposure.

To minimize your exposure to this RF energy, follow these procedures:

- Use only the antenna supplied with the device or an approved replacement.
- For body-worn operation, place the device in a supplied or approved clip, holder, holster, case, etc.
- Use AT&T Wireless approved accessories.

For more information on RF, see Radio Frequency and SAR Information section of this booklet. and www.fda.gov/cellphones.

RF interference/compatibility

In some instances, your device will cause interference with other electronic devices. Here are a few rules to follow:

- Turn off your device in any facility or area, such as **hospitals** or in **blasting areas**, where posted notices instruct you to do so. This includes notices saying, "Turn off two-way radio."
- Follow instructions from airline crew for use of this device on an **airplane**.

SAR Information

THIS MODEL DEVICE MEETS THE GOVERNMENT'S REQUIREMENTS FOR EXPOSURE TO RADIO WAVES.

Your wireless mobile GSM device is a radio transmitter and receiver. It is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission of the U.S. Government. These limits are part of comprehensive guidelines and establish permitted levels of RF energy for the general population. The guidelines are based on the safety standards previously set by both U.S. and international standards bodies:

- American National Standards Institute (ANSI) IEEE. C95.1-1992.
- National Council on Radiation Protection and Measurement (NCRP). Report 86.1986.
- International Commission on Non-Ionizing Radiation Protection (ICNIRP) 1996.

Exposure to Radio Frequency (RF) Signals
Your wireless device is a radio transmitter and receiver. It is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission of the U.S. Government. These limits are part of comprehensive guidelines and establish permitted levels of RF energy for the general population. •If you use a **pacemaker, hearing aid** or other **medical device** that may be affected by RF, consult your health care provider or the manufacturer's recommendations before using this device. Generally, they recommend that you hold a device that is ON more than 6 inches from the pacemaker and do not carry it in your breast pocket.

•Check your vehicle owner's manual or your dealer to be sure that you can use this device in your vehicle and it will not interfere with any of your vehicle's electronic systems. For any equipment added to your vehicle, check with the equipment manufacturer or where you purchased it.

Potentially explosive atmospheres

In rare cases, your device can emit a spark that could cause an explosion or fire. To minimize this risk, do the following:

- Do not use your device and do not remove, replace or charge batteries when you are in an area with a potentially explosive atmosphere. Such areas are not always marked and include fueling areas like gas stations, below deck on boats, fuel or chemical transfer or storage facilities, vehicles using LP gas, or areas where the air contains chemicals or particles such as grain, dust, or metal powders.
- Do not transport or store flammable gas, liquids, or explosives in your vehicle, especially if you plan to use your device.

Using device safely while driving

Using your device while driving can distract you and could result in an accident.

Consider your alternatives:

- Let device receive your messages and then respond to them at your convenience.
- Ask a passenger to view your messages.
- Pull off road and park in a safe location before using device.

Note to Parents:

Review this section with your child and establish guidelines for their use of this device when they are driving.

Accessories

Only use AT&T Wireless approved accessories. Using unapproved accessories may cause the device to not operate properly resulting in property damage or even injury.

Batteries and battery chargers

Lithium Ion batteries can become very hot and cause serious injury or property damage if the battery terminals touch metal objects such as jewelry, keys or chains.

Be careful when putting a charged battery that is separated from the device inside a pocket, purse, or other container that may have metal objects.

Follow all safety information on the battery. Do not puncture battery or place battery or device in a fire and dispose of the battery and device in accordance with local regulations. Keep battery away from children.

Only use AT&T Wireless approved batteries and battery chargers. Use of unapproved batteries and chargers could result in damage to the battery or charger, and, in extreme circumstances, to a battery explosion.

Only use charger indoors and with an acceptable power source. See Online Manual for more information on using the battery charger.

Repetitive motion injuries

Your fingers, thumbs, and hands, arms, shoulders or neck may start to hurt if you use this device, either for messaging or for games, for a long time.

To minimize this discomfort, take a 15-minute break for each hour of device use, and stop for several hours if any part of your body starts to hurt. If you still have discomfort after stopping for a few hours, see your doctor.

RF exposure

Tests for SAR are conducted using standard operating positions specified by the FCC with the device transmitting at its highest certified power level in all tested frequency bands. Although the SAR is determined at the highest certified power level, the actual SAR level of the device while operation can be well below the maximum value. This is because the device is designed to operate at multiple power levels so as to use only the power required to reach the network. In general, the closer you are to a wireless base station antenna, the lower the power output. Before a device model is available for sale to the public, it must be tested and certified to the FCC that it does not exceed the limit established by the government-adopted requirement for safe exposure. The tests are performed in positions and locations (e.g., at the ear and worn on the body) as required by the FCC for each model. (Body-worn measurements may differ among device models, depending upon available accessories and FCC requirements). While there may be differences between the SAR levels of various devices and at various positions, they all meet the government requirement for safe exposure. For body worn operation, to maintain compliance with FCC RF exposure guidelines, use only accessories that contain no metallic components and provide a separation distance of 1.5cm (0.6 inches) to the body. Use of other accessories may violate FCC RF exposure guidelines and should be avoided.

- Never short-circuit the battery by connecting the positive and negative terminals with a metal material. Do not store or carry the battery where it could come into contact with metal objects such as a key chain or necklace.

- Never allow the battery to get wet or be immersed in water.

- Do not place the battery in a microwave oven or high pressure container.

- Stop charging if the battery is not charged after the prescribed charge time.

- If leakage of the electrolyte occurs, or if there is an offensive odor, immediately keep the battery away for any source of fire or spark.

- If you become aware of any abnormal phenomena, such as odor, discoloration, or deformation, during use, while charging or when storing the battery, remove the battery from the device or charger and stop using.

- In the event the electrolyte comes into contact with the eyes, flush thoroughly with clean water, without rubbing. Consult with a physician immediately.

Caring for your device and charger

- Do not allow foreign objects or liquids to get in your device. These can cause a short and result in fire, electrical shock or damage to your device or its battery.

- Unplug the charger before cleaning the device or charger. Do not use liquid or aerosol cleaners or solvents to clean. Use only a dry cloth.

- Place the device and the charger on a stable, level surface so it doesn't fall, possibly causing damage or injury. Do not place on or near a heat source or on an electrical product that produces heat.

Service

Bring your device, charger or accessories to the AT&T Wireless authorized service facility if any of these have been dropped or damaged or have been exposed to liquid/water or extreme heat.

- Also, bring it in for service if any of these become very hot to the touch or do not operate normally after following the instructions.

- Do not disassemble the device, charger, or any accessories. Doing so could cause further damage and could void the warranty.

ADDITIONAL SAFETY INFORMATION

For additional Safety information please see page 46 of this guide.

RADIO FREQUENCY SIGNALS

A wireless phone operates by sending and receiving radio frequency (RF) signals, and therefore emits low levels of RF energy when the phone is on. Many studies have been conducted concerning RF exposure.

Based on these studies, the U.S. Food and Drug Administration (FDA) has concluded that the available scientific evidence doesn't show that any health problems are associated with using wireless devices, although there's no proof that they're absolutely safe. Further scientific research is ongoing, and AT&T Wireless supports this research. For more information, you can review the FDA's Consumer Update on Wireless Phones, which is available from the FDA at 1 888 463-6332. Additional consumer information on wireless phones and RF safety is available online at the joint FDA FCC web site, "Cell Phone Facts," at www.fda.gov/cellphones.

The Federal Communications Commission (FCC) has established guidelines setting limits for RF exposure from wireless phones (these limits are called the Specific Absorption Rate or SAR). AT&T Wireless sells only those phones and devices that have been certified by the manufacturers as complying with FCC guidelines. For more information about FCC guidelines and SAR limits, you can visit the FCC's website at www.fcc.gov/cellphones or contact the FCC at 1 202 418-2464.

30-DAY RETURN POLICY

We're confident that you'll be pleased with your purchase. However, if you're not, new wireless devices and accessories can be returned to the original place of purchase within 30 days under the following conditions:

- Returned item(s) are accompanied by proof of purchase.
- All original materials (accessories, manuals, packaging, etc.) are included with the item.
- The item is in resalable condition (no cracks, scratches, liquid damage, etc.)—if there's a question regarding resalable condition, AT&T Wireless will decide whether the item can be returned or exchanged.
- Check refunds will be processed and paid within four to six weeks.

Battery Safety Precautions

For the safe use of lithium ion batteries always follow the instructions provided below. Improper handling of lithium ion batteries may result in injury or damage from electrolyte leakage, heating, ignition, or explosion.

Danger:

- Never use the batteries with anything other than specifically designed equipment.
- Always use the battery charger provided with the device.
- Never impact, pierce or crush the battery.
- Handle a damaged or leaking battery with extreme care. If you come in contact with the electrolyte, wash the exposed area with soap and water. If it contacts the eye, flush the eye with water for 15 minutes and seek medical attention.
- When discarding a battery, contact your local waste disposal provider regarding local restrictions on the disposal or recycling of batteries.
- Never disassemble or modify the battery. The battery contains a circuit designed to enhance safety. Damaging this circuit may cause overheating, fire or bursting.
- Never expose or charge a battery under high temperature conditions, such as near a fire or in the direct sunlight. If the ambient temperature is too high, the protection circuit may be actuated, preventing further charging, or damaged.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and the receiver.
- Connect the equipment into an outlet that is on a circuit different from the receiver.
- Consult the dealer or an experienced radio/TV technician for help.

•Cash refunds of up to \$100 will be issued at the store if funds are available.

If you didn't purchase your device from AT&T Wireless, please contact your retailer for its return policy. In addition, you must personally cancel your account by calling Customer Care. You're also required to pay any applicable service and/or usage charges, including your prorated monthly charge.

You are responsible for providing us with your new e-mail address if it changes. To make changes to your e-mail address, go to the Update E-mail Address link on the Customer Center web site at www.attwireless.com/ocs, and then follow the instructions.

37. Governing Laws. This Agreement is subject to applicable federal laws, federal or state tariffs, if any, and the laws of the state associated with the Identifier. Where our Service terms and conditions are regulated by a state agency or the FCC, the regulations are available for your inspection and if there is any inconsistency between this Agreement and those regulations, this Agreement shall be deemed amended as necessary to conform to such regulations.

RECURRING PAYMENT AGREEMENT

By activating the Ogo device and selecting recurring credit card payment, you authorize an automatic monthly payment of your wireless invoice from the credit card provided.

11. Use of Service/Device/Identifier. Reproduction, retransmission, dissemination or resale of Service is prohibited without prior written contractual arrangements with us and any required regulatory approvals. You are responsible for ensuring that your Device is compatible with our Service and meets federal standards. You are responsible for the purchase and maintenance of any additional hardware, software and/or Internet access from your PC required to use the Service. Internet Protocol ("IP") addresses for services provided on the AT&T Wireless GSM/GPRS, EDGE or UMTS networks will be assigned dynamically per session from a private pool and not all protocols will be supported. Other IP addressing options are available for additional cost. Except as provided otherwise by law, you have no property rights to any Identifier, including, without limitation, any IP address, any e-mail address or any other identifier, provisioned by us, our agents or the manufacturer of your Device to be used with the Service, and you agree we may change any such Identifier at any time with or without prior notice to you. In the event we are required by law to transfer any Identifier to you on termination of this Agreement, we may charge you a fee. Your Device has been manufactured to operate exclusively with Service provided by us. The Device cannot be activated with any other wireless carrier and if your Device utilizes a SIM card it will only accept a SIM card provided by us. Any call timers included on your Device are not an accurate representation of actual billed usage. By using the Service, you agree to abide by the terms and conditions of any applicable software license.

TERM OF SERVICE AND TERMINATION

12. Term. The term of this Agreement for each Identifier begins on the date we activate Service for that Identifier and continues on a month to month basis, based on your billing cycle date, until terminated by either party as provide herein. For any termination (including when you switch your wireless number to another carrier), you will be responsible for payment of all fees and charges through the end of the billing cycle in which termination occurs.

13. Default/Suspension/Termination. You will be in default of this Agreement if you (a) fail to pay any amount owed to us or an affiliate of ours or any amount appearing on your invoice, (b) any individual credit or debit card payment fails, (c) have amounts still owing to us or an affiliate of ours from a prior account, (d) breach any representation to us or fail to perform any of the promises you made in this Agreement, (e) violate any policy applicable to the Service, or (f) are subject to any proceeding under the Bankruptcy Code

U.S. Mail or delivered to a nationally recognized courier or delivery service to your address as kept in our files and/or 2) immediately upon our transmission using an electronic means such as e-mail or text messaging service. You are responsible for notifying us of any changes in your mailing or e-mail address. Written notice to us shall be effective when directed to AT&T Wireless National Correspondence Team, P.O. Box 68055, Anaheim Hills, CA 92817-8055 and received by us. Your notice must contain specific information adequate to identify you and your Service. Oral and electronic notices shall be deemed effective on the date reflected in our records.

36. Entire Agreement. This Agreement, together with the Sales Information and all other documents and policies referenced herein, represent the entire agreement between you and us, which may only be amended as described in this Agreement. This Agreement supersedes any inconsistent or additional representations made to you by any of our representatives, agents or dealers. Subsequent purchases of additional services from us may require the entry into a separate agreement. If any term or condition of a Rate Plan conflicts with this Agreement, the terms of the Rate Plan will control. If any part of this Agreement is found invalid, the balance of the Agreement remains enforceable. If, at any time, we do not enforce any right or remedy available under this Agreement, that failure is not a waiver of our right to enforce the right or remedy at a later time. Copied, microfiched, scanned or other duplicate or electronic images of this Agreement are admissible for all purposes.

ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE FOR SUCH SERVICES. WE DO NOT AUTHORIZE ANYONE TO MAKE ANY SERVICE WARRANTY ON OUR BEHALF AND YOU SHOULD NOT RELY ON ANY SUCH STATEMENT. THIS PARAGRAPH SHALL SURVIVE TERMINATION OF THIS AGREEMENT. THIS DISCLAIMER DOES NOT PERTAIN TO OR AFFECT THE LIMITED WARRANTY PROVIDED BY AT&T WIRELESS WITH THE PURCHASE OF THE OGO WIRELESS DEVICE.

GENERAL

34. Assignment. We may assign all or part of this Agreement, without notice to you, and such assignment will not be a change to the Agreement. We are then released from all liability. You may not assign this Agreement without our prior written consent.

35. Notices. We may send you notices by mail or electronic means, in our sole discretion. Notices to you shall be effective 1) 3 days following the date deposited in the

or similar laws. If you are in default, we may, without notice to you, suspend Service, withhold equipment or other refunds and/or terminate this Agreement, in addition to all other remedies available to us. We may require reactivation charges to renew Service after termination or suspension. If your Service is suspended we may refuse to port any Identifier to another carrier. Upon termination and/or porting any Identifier to another carrier, you are responsible for paying all amounts and charges you owe to us, including any applicable cancellation fee. Third party promotions and/or discounts may end upon termination of this Agreement.

CHARGES AND BILLING

14. Usage Charges. You are responsible for paying all charges in accordance with your Rate Plan for use of the Service associated with the Identifier(s) and Device(s) assigned to you, even if you did not use, or authorize the use of, the Device. The network name or type of service displayed on your Device does not determine how Service will be billed. Depending on the capabilities of your Device and the Rate Plan and features chosen, charges may be associated with airtime, access, features, voice mail access, voice mail delivery, data usage, text and multi-media messages, downloadables, alerts, roaming, long distance, directory and operator assistance, listing or un-listing charges, the price of Devices and accessories, premium content, software, charges for other goods and services, including shipping and handling, that are charged through your

bill. You may be billed for multiple types of usage simultaneously.

15. Voice Charges. If your Device provides calling capabilities you will be billed at domestic airtime or roaming rates for 800, 866, 877, 888, and other "toll free" calls. AT&T Wireless will be your wireless long distance provider. When using any GSM/GPRS, EDGE or UMTS network owned and operated by AT&T Wireless, for all incoming and outgoing voice service, the length of the call will be measured during the time that the call is connected to our system, which is approximately from the time you press the button that initiates or answers a call until approximately the time the first party terminates the call. On all of our owned and operated networks, voice service on each call is billed in full minute increments, with partial minutes of use rounded up to the next full minute. When you place a call on our owned and operated network in your local area and it is dropped by our system, if you replace the call within a reasonable period of time, we will automatically credit your account for one minute of airtime. If an incoming call has been forwarded to an-

STATES DO NOT ALLOW THE LIMITATIONS SET FORTH ABOVE SO THE LIMITATIONS MAY NOT APPLY TO YOU, IN WHOLE OR IN PART. YOU AGREE THAT THE INCLUSION OF THIS PARAGRAPH WAS A MATERIAL CONSIDERATION FOR US TO ENTER INTO THIS AGREEMENT. THIS PARAGRAPH SHALL SURVIVE TERMINATION OF THIS AGREEMENT.

32. Indemnification. YOU AGREE TO DEFEND, INDEMNIFY, AND HOLD US, OUR AFFILIATES AND AGENTS AND ANY OTHER SERVICE PROVIDER, HARMLESS FROM CLAIMS OR DAMAGES RELATING TO THIS AGREEMENT OR YOUR PROMISES OR STATEMENTS MADE IN IT, CONTENT YOU STORE, PROCESS OR TRANSMIT USING THE SERVICE AND ANY OTHER USE OF THE DEVICE OR SERVICE UNLESS DUE TO OUR SOLE AND GROSS NEGLIGENCE. YOU ALSO AGREE TO PAY OUR REASONABLE ATTORNEYS' AND EXPERT WITNESS FEES AND COSTS INCURRED IN ENFORCING THIS AGREEMENT, INCLUDING THROUGH ANY APPEAL, EXCEPT AS PROVIDED OTHERWISE IN THIS AGREEMENT. USE OF YOUR DEVICE WHILE OPERATING A MOTOR VEHICLE OR IN A DISTRACTED OR NEGLIGENT MANNER MAY BE PROHIBITED OR RESTRICTED BY LAW IN SOME AREAS. IT IS YOUR RESPONSIBILITY TO CONFORM TO ALL SUCH LAWS OR REGULATIONS AND YOU SHALL INDEMNIFY US FROM CLAIMS ARISING FROM ANY SUCH UNLAWFUL USE. THIS PARAGRAPH SHALL SURVIVE TERMINATION OF THIS AGREEMENT.

33. No Warranties. WE MAKE NO EXPRESS WARRANTY REGARDING THE SERVICE WE PROVIDE OR ANY SERVICES PROVIDED BY ANY THIRD PARTIES, AND DISCLAIM ANY IMPLIED WARRANTY, INCLUDING

FREE FROM UNAUTHORIZED ACCESS (INCLUDING THIRD PARTY HACKERS OR DENIAL OF SERVICE ATTACKS). WE AND ANY UNDERLYING CARRIER ARE NOT LIABLE FOR SERVICE OUTAGES, LOSS OF DATA, INABILITY TO RETRIEVE DATA SERVICE LIMITATIONS OR INTERRUPTIONS, AS DESCRIBED ABOVE, ECONOMIC LOSS OR INJURIES TO PERSONS OR PROPERTY ARISING FROM USE OF THE SERVICE, THE DEVICE, OR ANY EQUIPMENT USED IN CONNECTION WITH THE DEVICE UNLESS ARISING FROM OUR SOLE AND GROSS NEGLIGENCE. OUR LIABILITY AND THE LIABILITY OF ANY UNDERLYING CARRIER ARISING FROM ANY SUCH SOLE AND GROSS NEGLIGENCE SHALL IN NO EVENT EXCEED OUR SERVICE CHARGES DURING THE AFFECTED PERIOD. WE AND ANY UNDERLYING CARRIER ARE NOT LIABLE FOR ANY INCIDENTAL, PUNITIVE OR CONSEQUENTIAL DAMAGES SUCH AS LOST PROFITS. YOU AND WE BOTH WAIVE TO THE FULLEST EXTENT ALLOWED BY LAW, ANY CLAIMS TO RECOVER INCIDENTAL, PUNITIVE AND CONSEQUENTIAL DAMAGES. WE ARE NOT LIABLE FOR THE INSTALLATION OR REPAIR OF THE DEVICE BY ANY PARTIES WHO ARE NOT OUR EMPLOYEES. SOME

other phone number, you will be charged for the entire time that our switch handles the call. While on our owned and operated network, there is no charge for busy or unanswered calls if you end the call within 30 seconds. Service may be billed in a subsequent month due to delayed reporting between carriers and will be charged as if used in the month billed.

16. Data Charges. If your Device is compatible you are responsible for all data usage sent through our network and associated with the Device, regardless of whether the Device actually receives the information. If you choose to connect your device to your PC for use as a wireless modem, standard data charges will apply in accordance with your plan. Utilizing compression solutions may or may not impact the amount of kilobytes for which you are billed. Mobile Internet service will be calculated and billed in kilobytes. One megabyte equals 1024 kilobytes. One kilobyte equals 1024 bytes. All data usage will be compiled as often as once per hour or only once every 24 hours. Our system will then create individual billing records representing (a) the data usage for each data gateway or service accessed (e.g. WAP, RIM) while on our network, (b) the usage for each carrier's domestic network, and (c) the data usage for each international network. Each billing record will be rounded up to the next kilobyte and the charge will be rounded up to the nearest cent. In some situations billing for data usage may be delayed; any delayed usage will create additional billing records for the actual day of the usage.

17. Taxes, Surcharges and Other Fees. Various taxes, sur-

charges, fees, and other assessments (e.g., universal connectivity charge) are imposed by governments relating to the Service we provide to you, goods or services you purchase, and the wireless network and equipment used in providing the Service. We will determine, in our reasonable discretion, the taxes and other assessments that you are responsible to pay and the amounts of such charges, which may vary. You are responsible for paying these taxes and other assessments, regardless of whether they are assessed on you or us. To determine which jurisdictions' wireless telecommunications service taxes and other assessments to collect, federal law requires us to obtain your Place of Primary Use ("PPU"), which must be your residential or business street address and must be within our licensed service area. You agree to provide us your PPU and to notify us of any changes in your PPU. If you do not provide us with an appropriate PPU, we may reasonably designate one for you. On certain Rate Plans, your PPU must be your residential address.

18. Regulatory Programs Fee. In addition to other charges, you may also be

ing out of this Agreement must be brought within TWO YEARS after the cause of action arises, or within the applicable statutory period of time, whichever is shorter. This limitations period does not apply to any cause of action when the statutory limitations period for that cause of action cannot be waived, restricted or otherwise limited by you.

LIMITATIONS

30. Limitations. The parties intend that the limitations on liability, warranty and damage awards provided for in this Agreement will apply to the fullest extent allowed by law. Some jurisdictions do not allow the exclusion of certain warranties or the waiver, limitation or exclusion of liability for punitive, incidental or consequential damages, or for intentional or willful conduct in some circumstances. To the extent that any of these limitations are not permitted by applicable law, they will not apply to you.

31. Limitation of Liability. WE ARE NOT LIABLE FOR ACTS OR OMISSIONS OF ANOTHER SERVICE PROVIDER OR ANY THIRD PARTY PROVIDERS OF SERVICES RELATED TO USE OF THE DEVICE OR SERVICE, FOR INFORMATION PROVIDED THROUGH YOUR DEVICE, LACK OF PRIVACY OR SECURITY EXPERIENCED WHEN USING THE DEVICE, OR MODIFICATION, OR OTHER CAUSES BEYOND OUR REASONABLE CONTROL, INCLUDING WITHOUT LIMITATION ANY REPRESENTATIONS THAT THE SERVICE WILL BE ERROR-FREE, UNINTERRUPTED, OR

diction where your billing address is located. For arbitrations in excess of \$75,000, all administrative fees and expenses of arbitration will be divided equally between you and us. In all arbitrations, each party will bear the expense of its own counsel, experts, witnesses and preparation and presentation of evidence at the arbitration.

28. Waiver of Class Actions and Jury Trials. By this Agreement, both you and we are waiving certain rights to litigate disputes in court. You and we both agree that any arbitration will be conducted on an individual basis and not on a consolidated, class wide or representative basis. If for any reason this arbitration clause is deemed inapplicable or invalid, or to the extent this arbitration clause allows for litigation of disputes in court, you and we both waive, to the fullest extent allowed by law, any rights to trial by jury and to pursue any claims on a consolidated, class wide or representative basis.

29. Limitations Period. Any arbitration or legal action with respect to any and all claims or causes of action related to or aris-

assessed a Regulatory Programs Fee, which is a monthly charge created, assessed and collected by AT&T Wireless to help defray our costs for compliance with various regulatory requirements which include, but are not limited to, the capability to provide wireless number portability, number pooling and 911 enhancements in our network, which may not yet be available to subscribers in your area. Some of these programs may not yet be available to subscribers. This fee is not a tax or a government-required charge. In our discretion, we may change the amount of the Regulatory Programs Fee.

19. Billing and Payment. We will provide your bill in a format we choose, which may change from time to time. Payment of all charges is due upon receipt of invoice or, if a dollar limit is placed on your account, upon notice by us that your account has exceeded the limit. A fee may be charged for additional copies of bills, or billing in another format, including the detailed billing option, and certain services rendered at our stores. You will receive one bill for all Service associated with each Device and any charges of a third party on whose behalf we bill. Billing cycle end dates may change from time to time. When a billing cycle covers less than or more than a full month, we may make reasonable adjustments and prorations. If you have authorized payment by credit card, no additional notice or consent will be required for billings to that credit card for all amounts (including late charges and cancellation fees). You must promptly notify us of any change in your invoicing address or changes related to the credit card used for payment. Your payment obligations survive any termination of this Agreement.

20. Late Payments/Disputes. Time is of the essence for payment. Therefore, to the extent permitted by law, you agree to pay us a late fee for amounts unpaid 20 days after the date of the invoice of **1.5%** (AK 0.875%, AR 0.42%, NE 1.33%, WI 1.0%) a month. Acceptance of late or partial payments (even if marked "Paid in Full") shall not waive any of our rights to collect the full amount you owe to us. For any check or electronic payment returned for nonpayment or for any credit card chargebacks, we will assess an additional fee not to exceed \$25, or such lower amount as permitted by applicable law and we may, without notice to you, suspend Service and/or terminate this Agreement, in addition to all other remedies. All amounts due, including disputed amounts, must be paid by the due date regardless of the status of any objection. Payments will be applied first to amounts owed to us and then to amounts owed to third parties. All communications concerning disputed amounts owed, including any instrument tendered as full satisfaction of the amounts owed, or stipulating any other conditional action, agreement or proposed resolution of any dispute must be (i) in

days. The arbitration of any dispute or claim shall be conducted in accordance with the American Arbitration Association ("AAA") under the Wireless Industry Arbitration Rules ("WIA Rules"), as modified by this Agreement. The WIA Rules and information about arbitration and fees are available upon request from the AAA on line at www.adr.org. Unless you and we agree otherwise, any arbitration will take place in the county seat for the county in which your billing address is located. At either party's election, the arbitration shall be held telephonically. An arbitrator may award any relief or damages (including injunctive or declaratory relief) that a court could award, except an arbitrator may not award relief in excess of or contrary to what this Agreement provides and may not order relief on a consolidated, class wide or representative basis. In any arbitration applying the WIA Rules applicable to large/complex cases, the Arbitrators must also apply the Federal Rules of Evidence, and the losing party may have the award reviewed in accordance with the review procedures set forth in the WIA Rules. Judgment on any arbitration award may be entered in any court having proper jurisdiction. Except for restrictions on class or representative relief, if any portion of this arbitration clause is determined by a court to be inapplicable or invalid, then the remainder shall still be given full force and effect.

27. Costs of Arbitration. For claims of less than \$1,000, you will be obligated to pay \$25 and we will pay all other administrative costs and fees. For claims over \$1,000 but under \$75,000, you will be obligated to pay your share of the arbitration fees, but no more than the equivalent court filing fee for a court action filed in the juris-

U.S.C. §§ 1-16). The FAA, not state law, governs whether a claim related to this Agreement is subject to arbitration. This provision is intended to be interpreted broadly to encompass all disputes or claims, including those against any subsidiary, parent or affiliate companies, arising out of any aspect of our relationship (including but not limited to this Agreement, our Privacy Policy, Acceptable Use Policy or the Service or any equipment used in connection with the Service). All such disputes or claims whether based in contract, tort, statute, fraud, misrepresentation or any other legal theory, will be resolved by binding arbitration except that (1) you may take claims to small claims court if they qualify for hearing by such a court, or (2) you or we may choose to pursue claims in court if the claims relate solely to the collection of any debts you owe to us.

26. Arbitration Procedures. You must first present any claim or dispute to us by contacting Customer Care to allow us an opportunity to resolve the dispute. You may request arbitration if your claim or dispute cannot be resolved within 60

writing, (ii) marked "Billing Dispute" on the outside of the envelope, (iii) sent to the address provided in the Notices section below, and (iv) received by us within 60 days after receipt of the invoice.

We may also release information about you if we reasonably believe that an emergency involving immediate danger of death or serious physical injury to any person requires disclosure of communications or justifies disclosure of records without delay. You consent to our monitoring of any communication to or from you or your Device

You consent to our use of regular mail, predictive or autodialing equipment, e-mail, SMS, facsimile or other reasonable means to contact you to advise you about our services or other matters we believe may be of interest to you. In any event, we reserve the right to contact you by any means regarding customer service-related notifications, or other such information. You consent to receiving advertising, alerts and other broadcast messages from us or our authorized agents.

23. Customer Proprietary Network Information (CPNI) Consent. Under federal law, you have a right, and we have a duty, to protect the confidentiality of information about your telephone usage, the services you buy from us, who you call, and the

location of your device on our network when you use the Service. We will obtain your consent in advance if we ever plan to share this information with AT&T Wireless affiliates whom provide communications-related services, joint venture partners and independent contractors to develop or bring to your attention communications-related products and services. Declining consent will not affect your current Service or the provisions of paragraphs 5, 22 or 24.

You consent to disclosure of your CPNI or other personal information, in connection with any merger, acquisition or sale of our assets or transition of service to another provider, as well as in the event of an insolvency, bankruptcy or receivership in which personal information would be transferred as one of our business assets.

RESOLUTION OF DISPUTES

PLEASE READ. IT IS IMPORTANT THAT YOU READ THIS SECTION CAREFULLY. THIS SECTION PROVIDES FOR RESOLUTION OF MOST DISPUTES THROUGH FINAL AND BINDING ARBITRATION INSTEAD OF IN A COURT BY A JUDGE OR JURY OR THROUGH A CLASS ACTION. THIS ARBITRATION CLAUSE SHALL SURVIVE TERMINATION OF THIS AGREEMENT.
