## Internet Wireless Keyboard Combo with Wireless Mouse User's Quick Guide

### Notice:

Federal Communications Commission(FCC) requirements, Part 15.

This equipment has been tested and found to comply with the limits for a class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following steps:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.

**C A U T I O N :** Any changes or modifications not expressly approved by the grantee of this device could void the user authority to operate the equipment.

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

**Congratulations on your purchase of the Combination of Internet Wireless Keyboard and Wireless Mouse. Please carefully read the User's Quick Guide to learn about the installation and the powerful functions of your new Internet Wireless Keyboard with Wireless Mouse.**

### 1. Contents of Package

- 1) Internet Wireless Keyboard
- 2) Wireless Mouse
- 3) Receiver (with PS/2 connectors)
- 4) Two AA Batteries for Keyboard
- 5) Two AAA Batteries for Wireless Mouse
- 6) Driver CD-ROM
- 7) User's Quick Guide

### 2. Install Hardware

#### Notice:

- The locations of the channel switch and the link button may be different due to various keyboard shapes.
- Some models may be designed as one-channel version, which will not have a channel switch.

#### 2-1. Install the Receiver with PS/2 Connectors

- 1) Please turn off your PC.
- 2) Plug the mouse PS/2 connector (green) on the receiver into the PS/2 mouse port of the PC.
- 3) Plug the keyboard PS/2 connector (purple) on the receiver into the PS/2 keyboard port of the PC.

Figure 2-1

#### 2-2. Select the Keyboard Channel

#### Notice:

- Please skip this section if the keyboard is the one-channel version.

- 1) The two-channel switch is located on the back of the keyboard. Select Channel "1" or "2".
- 2) Put the batteries into the battery case.
