Limited Warranty

Hardware Warranty Coverage

Looxcie, Inc. (1196 Borregas Ave, Suite 200, Sunnyvale, CA 94089), warrants the Looxcie video device ("Product") to be free of material defects (subject to the terms set forth below) for a period of one (1) year from the date of purchase ("Warranty Period").

If Looxcie, Inc. provides service under Warranty, the terms of the Warranty and applicable provisions of law will cover defects in materials and workmanship that arise during the remaining Warranty or 90 days after service, whichever provides longer coverage.

This Warranty is only valid for the original purchaser with the original purchase receipt and will automatically terminate prior to expiration if this Product is sold or otherwise transferred to another party.

The Warranty provided by Looxcie, Inc. in this statement applies only to new Products purchased for use, and not for resale. It does not apply to open box purchases or refurbished Products, which are sold "as is" and are not covered by this Warranty.

This Warranty does not cover cosmetic damage or damage due to misuse, abuse, negligence, acts of nature, accidents, disassembling, or modification of or to any part of the Product. This Warranty excludes damages resulting from actions not Looxcie Inc's fault and damages resulting from the use of non-Looxcie products.

WARRANTY IS EXCLUSIVE REMEDY OF CONSUMER. ALL STATUTORY OR IMPLIED WARRANTIES, INCLUDING BUT NOT LIMITED TO WARRANTIES OF MERCHANTABILITY AND FITNESS FOR A PARTICULAR PURPOSE, SHALL BE LIMITED TO THE DURATION OF THIS EXPRESS WARRANTY.

This Warranty applies only to purchases made from authorized resellers and www.looxcie.com.

THIS WARRANTY GIVES YOU SPECIFIC LEGAL RIGHTS. YOU MAY HAVE OTHER RIGHTS WHICH VARY FROM LOCATION TO LOCATION. SOME JURISDICTIONS DO NOT ALLOW THE EXCLUSION OR LIMITATION OF DIRECT, INCIDENTAL, OR CONSEQUENTIAL DAMAGES OR IMPLIED WARRANTIES.

FCC Notice to Users

FCC ID: E8HDCD932U30A

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference. (2) This device must accept any interference received, including interference that may cause undesired operation.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation.

- Reorient or relocate the receiving antenna
Increase the separation between the equipment and receiver
Connect the equipment into an outlet on a circuit different from that to which the receiver is connected
Consult the dealer or an experienced radio/TV technician for help

Users are not permitted to make changes to modify the device in any way. Changes or modifications not expressly approved by Looxcie, Inc. will void the Looxcie Warranty and the user's authority to operate the equipment.

Industry Canada

IC : 5524A-DCD932U30A

This device complies with Industry Canada license-exempt RSS standard(s). Operation is subject to the following two conditions:

- this device may not cause interference, and
this device must accept any interference, including interference that may cause undesired operation of the device.

Le présent appareil est conforme aux CNR d'Industrie Canada applicables aux appareils radio exempts de licence.

- l'appareil ne doit pas produire de brouillage, et
l'utilisateur de l'appareil doit accepter tout brouillage radioélectrique subi, même si le brouillage est susceptible d'en compromettre le fonctionnement.

CAUTION: Exposure to Radio Frequency Radiation. The installer of this radio equipment must ensure that the antenna is located or pointed such that it does not emit RF field in excess of Health Canada limits for the general population.

ICES-003 Issue 5
CAN ICES-3(B)/NMB-3(B)

CE Declaration of Conformity

This Product is CE marked according to the provisions of the R&TTE Directive (1999/5/EC). Looxcie declares that this Product is in compliance with the essential requirements and other relevant provisions of Directive 1999/5/EC.

Use and Safety Information

Before using Looxcie device or any accessories provided, please read these safety instructions in their entirety, as they contain important safety information. Please retain this document for your records.

You are responsible for determining what laws apply to your use of Looxcie device, and you may not use Looxcie device in violation of these or any other laws (including but not limited to intellectual property laws and state or federal "wiretap" laws or other analogous regulations applicable to the surreptitious or unauthorized preparation or distribution of audio or other recordings).

General Use and Care

Use Looxcie device indoors or in dry conditions outdoors. Do not place heavy objects on Looxcie device or attempt to modify or service Looxcie device. Use only accessories approved by Looxcie, Inc. Using any accessories not approved by Looxcie, Inc. may invalidate your Warranty, might result in damage to Looxcie device, and may be dangerous.

accessories also limits any liability on the part of Looxcie, Inc. Do not use liquid cleaners or aerosol cleaners, as they may cause damage. Use a dry cloth to clean the external parts of Looxcie device.

Do not use Looxcie device on aircraft or where it might interfere with medical devices.

Children

Never allow children to play with Looxcie device or included accessories. Small parts may be a choking hazard.

Electrical Safety

Charge Looxcie device using only charging Product(s) provided with original packaging or charging accessories specifically approved by Looxcie, Inc. Any approval from Looxcie, Inc. must be in writing and must be from a person authorized to provide such approval.

Do not overload power outlets, extension cords, or convenience receptacles, as this might result in a risk of fire or electric shock. To reduce the risk of damage to the cord or the plug, pull the plug rather than the cord when disconnecting the charging accessory from the power outlet or convenience receptacle.

Protect the power cord from being walked on or pinched, particularly at plugs, convenience receptacles, and the point where the power cord connects to the device. Unplug charging accessories during lightning storms or when unused for long periods of time.

Device/Battery Safety and Disposal

Looxcie device should not be disposed of in household waste containers. Looxcie device uses a lithium polymer rechargeable battery. Charge the battery only with the approved Looxcie charging accessories. Do not attempt to remove the battery from battery casing.

The lithium polymer battery might present a fire or chemical burn hazard or might explode if mistreated. Do not disassemble, crush, or puncture the lithium polymer battery. Do not heat the lithium-ion battery above 140°F (60°C). When storing the battery separately, do not let the metal contacts on the battery touch metal or any other material that may conduct electricity.

Driving Safely

Driving a vehicle requires full attention to road conditions, weather, and vehicular traffic. If using Looxcie device while driving, it is important to set up Looxcie device prior to driving. Using this hands-free device may be distracting and may put your vehicle's occupants and occupants of other vehicles at risk of suffering bodily injury, death, and/or loss of property.

Only use Looxcie as a hands-free device where permitted by law and when it will not distract from the proper operation of the motor vehicle. Do not place the device or other objects above a vehicle air bag, or in the air bag deployment area.

Radio Frequency (RF) signals might affect improperly installed or inadequately shielded electronic systems in motor vehicles. Check with your vehicle's manufacturer or its representative regarding your vehicle.

Audio Safety

Looxcie, Inc. takes your hearing safety seriously. If you use Looxcie device at the maximum sound level over an extended period, hearing impairment may occur. Avoid increasing the volume of Looxcie device to block out noisy surroundings.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

RF EXPOSURE INFORMATION (SAR)

This device is designed and manufactured not to exceed the emission limits for exposure to radio frequency (RF) energy set by the Federal Communications Commission of the U.S. Government. The exposure standard for wireless devices employs a unit of measurement known as the Specific Absorption Rate (SAR).

Although the SAR is determined at the highest certified power level, the actual SAR level of the device while operating can be well below the maximum value. This is because the device is designed to operate at multiple power levels so as to use only the power required to reach the network.

IC RF Exposure Statement (SAR)

This device is tested in accordance with the measurement requirement and procedure specified in IEEE 1528 and IEC 62209. This device complies with SAR for general population/uncontrolled RF exposure limits in IC RSS-102.

Énoncé d'Industrie Canada sur l'exposition aux radiofréquences (DAS)
Ce dispositif a été testé conformément aux exigences sur la mesure et la procédure indiquée sous IEEE 1528 et IEC 62209. Cet appareil est conforme avec la DAS pour les limites d'exposition humaine aux radiofréquences non contrôlées selon la norme CNR-102 d'Industrie Canada.
