FCC Disclaimer:

This device Complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

- 1- This device may not cause harmful interference, and
- 2- This device must accept any interference received, including Interference that may cause undesired operation. The manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user authority to operate the equipment.

This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses, and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or on experienced radio/TV technician for help or assistance.

FCC Warning

This device complies with Part 15 of the FCC Rules and Industry Canada license-exempt RS5 standard(s). Operation is subject to the following two conditions;

- 1- This device may not cause harmful interference, and
- 2- This device must accept any interference received, including interference that may cause undesired operation. The

manufacturer is not responsible for any radio or TV interference caused by unauthorized modifications to this equipment. Such modifications could void the user's authority to operate the equipment. Under Industry Canada regulations, this radio transmitter may only operate using an antenna of a type and maximum (or lesser) gain approved for the transmitter by Industry Canada. To reduce potential radio interference to other users, the antenna type and its gain should be so chosen that the equivalent isotropically radiated power (e.i.r.p.) is not more than that necessary for successful communication.

FCC ID: 2AG8N-17276

This device complies with part 18 of the FCC Rules.

The distance between user and products should be no less than 20cm.
Electronic and electrical devices disposal

This symbol indicates that electrical and electronic device is to be collected separately.

- This product is designated for separate collection at an appropriate collection point. Do not dispose of as household waste.
- If the device use batteries, they must be removed from the device and disposed in a appropriate collection center.
- If the batteries cannot be removed, do not attempt to do it yourself since it must be done by a qualified professional.
- Separate collection and recycling helps conserve natural resources and prevent negative consequence for human health and the environment that might result from incorrect disposal.
- For more information, contact the retailer or the local authorities in charge of waste management.

Q9

WIRELESS CHARGING PAD

IMPORTANT: PLEASE READ BEFORE USING THIS PRODUCT

PRODUCT STRUCTURE

PRODUCT USAGE

HOW TO USE THE WIRELESS CHARGER?

1. Connect the wireless charger to a power source using the Micro-USB cable.
2. To charge a device, place it in the center of the wireless charger. Indicator light will stay lit while charging.
3. When your device is completely charged, remove the device from the charging pad.

IMPORTANT SAFETY INSTRUCTIONS

Failure to follow the safety instructions can lead to fire, electrical shock, personal injury or property damage or damage to this product. Make sure to read the entire manual.

1. Do not use this unit for anything other than its intended use.
2. Keep the unit away from heat sources and direct sunlight.
3. Do not expose the unit to extremely high or low temperatures.
4. Use the product in a location with a temperature of 32°F - 95°F .
5. Do not let the unit come in contact with water or any other liquid. If the unit becomes wet, immediately unplug it from the power source.
6. Do not handle the unit, USB cord or wall charger with wet hands.
7. Do not let dust or other things accumulate on the product or the wall charger.
8. Do not use the unit if it has been dropped or damaged in any way.

9. Repairs to electrical equipment should only be performed by a qualified electrician. Improper repairs may place the user at serious risk.
10. If you have an electrical device, such as a pacemaker, consult a physician before using this product.
11. Do not place magnetic cards or similar items near this product.
12. Use the specified power source and voltage.
13. Do not use a voltage converter/travel adapter.
14. Make sure the wall charger is inserted all the way into the electrical outlet. When not in use, unplug the wall charger.
15. Place the unit on a sturdy and flat surface during charging.
16. Keep the unit out of reach of children.

CLEANING

If the Charging Pad needs cleaning, wipe it using a soft, dry cloth. Never use any abrasive cleaning agents. Periodically wipe off any accumulated dust.
