LED LIGHT UP SPORT EARBUD	Charging Your Bluetooth LED Earbud	FCC statement:	⚠ WARNING:
	<ul style="list-style-type: none"> Use the micro USB cable provided with this earbud. Connect the micro USB plug to micro USB charging port on the earbud, then connect the USB plug to a USB port on a computer or wall adapter to begin charging. The LED indicator will turn red and the light wire will light up while charging and will turn blue once fully charged. <p>NOTE: Earbud will not charge while playing music. Only charge when earbud is not in use. You must select a qualified charger from a regular manufacturer. You must charge the bluetooth earbud if it has been not used for more than 3 months. Lower earbud power and / or low audio device power may cause poor operation and / or no Bluetooth connection.</p> 	<p>This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.</p> <p>NOTE This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures: • Reorient or relocate the receiving antenna. • Increase the separation between the equipment and receiver. • Connect the equipment into an outlet on a circuit different from that to which the receiver is connected. Consult the dealer or an experienced radio/TV technician for help.</p>	<ul style="list-style-type: none"> Charge and operate only as indicated in this manual, as improper use may result in damage to the product or injury. To avoid risk of shock or injury, do not dismantle the device or insert any objects into the earbuds. To avoid electronic interference and/or compatible conflicts, turn off the product in any facilities where posted notices instruct you to do so. Do not pull the earbuds charging cable. Damage may result to the cable. Keep out of reach of children. This is not a toy. Avoid exposure to moisture, liquids, heat, flame and high voltage equipment. Retain these instructions as they contain important information. Do not short circuit the input terminals of the Bluetooth earbuds. Do not drop, place heavy weight or allow heavy impact to the earbuds. Do not heat or apply heat or dispose of the in fire. Do not use the product while driving or crossing the road. <p>RF warning statement: The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.</p>

Pair Bluetooth Earbud With Your Mobile Device	FAQ		
<ul style="list-style-type: none"> Press the on/off button for 3-5 seconds, the LED indicator will flash to blue & red to activate the bluetooth function. Activate the bluetooth function on your phone within range and select "SERIES8 BT BUD" from the list shown. The blue light will be flashing slowly and you will hear a "beep" sound when pairing successful. The lighting wire will follow bluetooth LED light flashing as well. Long press on / off button for 3 seconds can change the light mode (light up mode / flashing mode). The bluetooth earbud will automatically connect with the last successfully paired device when power on. Maximum volume warning voice prompts "du du". <p>Note: Use the mobile phone to answer a phone call, the bluetooth earbud has NO answer incoming call function.</p>	<p>If the Bluetooth Earbud cannot be paired with your device please try the following: Ensure that your Bluetooth Earbud is in pairing mode or reconnection mode. Ensure that Bluetooth search function of your mobile device is activated.</p> <p>If the Bluetooth Earbud will not be turned on: Make sure the Earbud is fully charged.</p> <p>Can I change the battery for the Earbud? Bluetooth Earbud uses a built-in non-detachable battery which cannot be removed.</p> <p>If the Bluetooth Earbud cannot be recharged: If you use a power outlet, ensure that the power supply is connected securely and the outlet works. If you use a computer, ensure that it is connected and the USB port is powered.</p>	<p>⚠ WARNING: Changes or modifications to this unit not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.</p>	<p>Keep All Relevant Information For Future Reference</p>
