FCC Licensing Required

This 2-way radio operates on GMRS (General Mobile Radio Service) frequencies which required

an FCC (Federal Communications Commission) license. A user must be licensed prior to
operating on channels 1 through 7 or 15 through 22, which comprise the GMRS channels of
this radio. Service penalties could result for unificensed use of GMRS channels, in violation
of FCC rules, as stipulated in the Communication Act's Sections 501 and 502 (amended). to FLC, rules, as supulated in the communication Acts sections soil and soil gamenoes). Lecensed users will be issued a call sign by the FCC, which should be used for station identification when operating this radio. GMRS users should also cooperate by engaging in permissible transmissions only, avoiding channel interference with other GMRS users, and being prudent with the length of their transmission time. For licensing information and application forms, please call the FCC Hotline at 800-418-FORM. Request form #159 and form #605. Questions regarding the license application should be directed to the FCC at 886-CALL-FCC. Additional information is available on the FCC's website at www.hcc.gov.

National at www.uc.gov.

Safety Information for microTALK* Radios
Your writelss handheid portable transceiver contains a low power transmitter. When the Talk button is pushed, it sends out radio requency (RF) signals. The device is authorized to operate at a duty factor not to exceed 50%. In August 1996, the Federal Communications Commission (FCC) adopted RF exposure guidelines with safety levels for handheid writelses devices.

Important:

FDC RF Exposure Requirements: For body-worn operation, this radio has been tested and meets the FCC RF exposure guidelines when used with Cobra* accessories supplied or designated for this product. Use of other accessories may not ensure compliance with FCC RF exposure guidelines. Use only the supplied antenna, Inauthorized antennas, modifications, or attachments could damage the transmitter and may violate FCC regulations.

Normal Position:

Hold the transmitter approximately two (2) inches from your face and speak in a normal voice, with the antenna pointed up and away.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two (2) conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

FCC Warnings: Replacement or substitution of transistors, regular diodes or other parts of a unique nature, with parts other than those recommended by Cobra* may cause a violation of the technical regulations of part 95 of the FCC rules, or violation of type acceptance requirements of part 2 of the rules.

For Products Used in Canada

Industry Canada Notice
Operation is subject to the following two (2) conditions: 1) this device may not cause interference, and 2) this device must accept any interference, and 2) this device must accept any interference, including interference that may cause undesired operation of the device.

«IC» before the equipment certification number signifies that the Industry Canada technical specifications were met. It does not guarantee that the certified product will operate to the user's satisfaction.

Product Service Questions

If you have any questions about operation or installing your new Cobra $^{\circ}$ product, or if you are missing parts...

Please call Cobra® first! DO NOT RETURN THIS PRODUCT TO THE STORE! See customer assistance above.

For Products Purchased in Canada

For out of warranty service, ship prepaid this product to: AVS Technologies Inc., 2100 Trans Canada Hwy S., Montreal, Quebec, H9P 2N4. We reserve the right to repair or replace the radio or charger with equivalent products. Please include the following information: Date of Purchase, Model Number, Dealer Purchased From, Dealer Address, Dealer Phone Number.

Pruchase, Model Number, Dealer Purchased From, Dealer Address, Dealer Phone Number.

For Products Purchased In The U.S.A.

If your product should require factory service, please call Cobra* first before sending your radio, charger or batteries. This will ensure the fastest turn-around time on your repair. You may be asked to send your products to the Cobra* factory, it will be necessary to furnish the following to have the product serviced and returned. 1) For warranty repair include some form of proof-o-purchase, such as a mechanical reproduction or carbon of a sales receipt. If you send the original receipt, it cannot be returned. 2) Send the entire product. 3) Enclose a description of what is happening with the product. Include a type of clearly printed manaer and address of where the product is to be returned. 4) Pack product securely to prevent damage in transit. If youstile, use the original packing material. 5) Ship prepaid and insured by way of a traceable carrier such as United Parcel Service (UPS) or First Class Mail to avoid loss in transit to: Cobra* Factory Service. Cobra* Electronics Corporation, 6500 West Cortland Street, Chicago, Illinois 60707 U.S.A. 6) If the product is in warranty, upon receipt of your product it will either be repaired or exchanged depending on the model.

Please allow approximately three (3) to four (4) weeks before contacting Cobra® for status. If the product is out of warranty, a letter will automatically be sent informing you of the repair charge or replacement charge. If you have any questions, please call 773-889-3087 for assistance

For Products Purchased Outside The U.S.A. or Canada Please contact your local dealer for product service informati
