# Connect to a Wi-Fi network

The Notification bar displays icons that indicate your tablet's Wi-Fi status.

[icon]	Connected to a Wi-Fi network (waves indicate connection strength).
[no icon]	There are no Wi-Fi networks in range, or the Wi-Fi radio is off.

1. Turn on the Wi-Fi radio if it is not already on. To turn on Wi-Fi:

a. Go to the Home screen:

   Touch the **Home** icon.

b. Open the Launcher screen:

   Touch the **Launcher Tab**, then touch **Settings**.

c. Open the Wireless & networks menu:

   Touch **WIRELESS & NETWORKS**.

d. Open the Wi-Fi settings menu:

   Touch **WiFi**.

e. Make sure that the Wi-Fi option box is setted to ON: Touch and slide the block right to enable the **Wi-Fi** connection.

When Wi-Fi is on, the tablet will look for and display a list of available Wi-Fi networks.

> ⓘ *If a network that you have connected to previously is found, the tablet will connect to it.*
>
> *If you don't see your network in the list, you can force the tablet to re-scan. To scan for networks, tap the **SCAN** icon that located on the top right corner of the screen.*

2. Select an available Wi-Fi network to connect to:

In the same Wi-Fi settings menu above, touch a network in the list.

If the network is open, the tablet will prompt you to confirm connection to the network. Touch **Connect** to confirm.

If the network is secured (as indicated by a Lock icon), the tablet will prompt you to enter a password or other credentials. Touch the Wireless password box to show the on-screen keyboard and then use it to enter the password. Touch **Connect** to confirm.
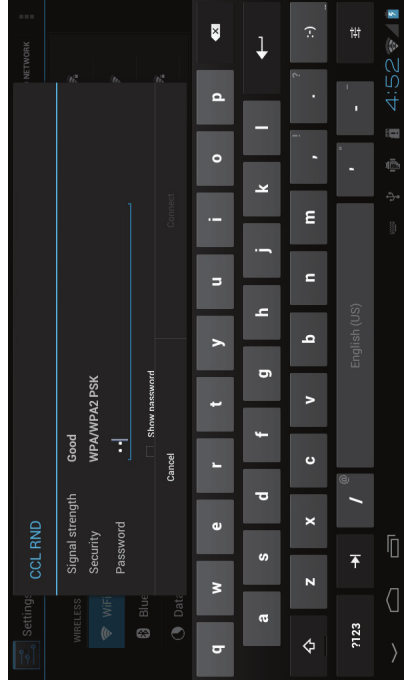

> *To learn about how to add a Wi-Fi network when it is not in range or when the router is set to obscure the network name (SSID); or to configure advanced Wi-Fi options, please refer to the manual.*

When you have successfully connected to a Wi-Fi network, the Notifications bar at the bottom of the screen will show a Wi-Fi signal indicator.

↰ Browsing the Web

The Browser application lets you visit webpages and find information on the web. Keep up with the news, your friends, or enjoy video from YouTube™, the world's most popular video-sharing community.

To use Browser, the tablet must be connected to the Internet. Read the section "Connecting to the Internet" to learn how to connect to the Internet.

To open Browser, touch the Browser icon on the Home screen or in the Launcher.

|	Name	Description
1	Address bar	Displays the address (URL) of the current page. Touch the bar to enter a new address or to search the web.
2	**Goto Bookmarks** icon	Touch to view bookmarks, to view your most visited sites, or to view your browser history.
3	**Search** icon	Touch to search with Google browser.
4	**Add Bookmark** icon	Touch to add bookmarks.
5	New Window (+)	Creates new browser window.

Some common Browser actions are described below.

✦ **To go to a webpage.**

1.	Touch the **Address bar** at the top of the Browser screen. The keyboard will open automatically. (If the Address bar is not visible, drag the page down to return to the top of the Browser screen.)
2.	Use the keyboard to enter the ad-dress (URL) of the webpage (e.g., www.cobyusa.com).
3.	Touch **Enter** key to open the webpage.

✦ **To bookmark a webpage.**
Bookmark your favorite webpages in order to visit them quickly without entering a URL.

| 1.	Go to the web-page that you want to bookmark
2.	Touch the **Add Bookmark** icon.
3.	If desired, you can modify the name of the bookmark or its location (URL address). Otherwise, touch **OK** to finish adding the book-mark.

✦ **To go to a bookmarked webpage.**

1.	Touch the **Goto Bookmark** icon.	⬡
2.	Touch a bookmark tile to open it.	(bookmarks screen)

✦ **To delete a bookmarked webpage.**

1.	Touch the **Goto Bookmark** icon.	⬡
2.	Touch and hold a bookmark tile to open the option menu.	http://www.google.com.hk/ Open Open in new tab Edit bookmark Add shortcut to home Shar link Copy link URL Delete bookmark Set as homepage

3.	Touch "Delete bookmark".	⚠ Delete Delete bookmark "Google"? Cancel OK
4.	Touch "OK" to confirm.	

Browser menu

While viewing a webpage, touch the icon show as right to open the Browser Menu, the icon is locate on the top right corner of the screen, the options are:

⬛⬛⬛

✦ Refresh: Refresh the current webpage.

✦ Forward: Go to the next webpage.

✦ New tab: Open the webpage in a new window, under a new tab.

✦ New incognito tab: Open the webpage in a new window, under a new tab, and the pages you view in the new window will not appear in your browser history or search history. See the on-screen explanation of going incognito.

✦ Share page: Use Email to send the webpage URL.

✦ Find on page: Search for content on the current page.

- Request desktop site:

- Save for offline reading: Save this page onto the internal memory, then you can read it when the internet connection is disable.

- Page info: View information about the current page, including the URL.

- Settings: Customize the Browser.
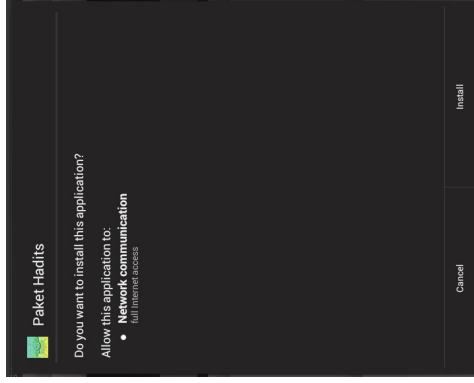

↗ Managing Applications

Downloading and installing new applications to your tablet can extend its functionality in many ways.

You can download and install applications from the included Applications store. To open the Applications store:

1. Touch the **Launcher** icon.

2. Touch the **Apps Marketplace** icon.

Play Store

When installing an application, it will tell you what functions it needs to control and if it needs access to your data. Make sure you review these access requirements carefully before completing the installation.

Paket Hadits

Do you want to install this application?

Allow this application to:
• **Network communication**
  full internet access

Cancel   Install

⚠ *Be especially cautious with applications that request access to many functions or to a significant amount of your data. You are responsible for the results of applications installed on your tablet.*

✦ You can learn more about Play Store, and browse for applications by visiting their website at https://play. google.com/store.

ℹ️ *Some developers allow you to download and in-stall applications directly from their website.*

⚠️ *Your Coby Mobile Internet Device may include access to, or information on, content, products, applications and services from third parties. Your use of such third party content, products, applications and services is at the discretion of such third party and expressly governed by such third party's terms of use, including any such third party's privacy policies, for such content, products, applications and services. Coby Electronics Corporation is not responsible for and expressly disclaims all warranties of any kind with respect to all such third party content, products, applications and services. Coby Electronics Corporation will not be responsible for any loss, costs, or damages incurred due to your access to or use of third party content, products, applications or services.*
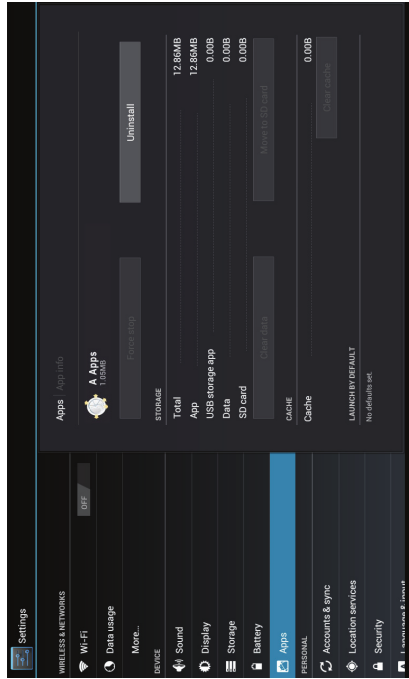

To uninstall an application:

1. From the Home screen, touch the **Launcher Tab**.

2. Touch Settings to open the **Settings** menu.

3. Touch **Apps**, a list of all applications installed on the tablet will display on screen.
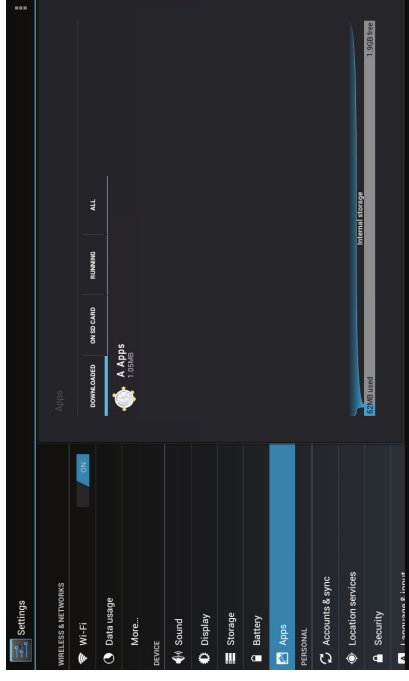

4. Touch the name of the application you want to uninstall; the Application Info screen will open.

5. Touch **Uninstall**. The tablet will prompt you to confirm.
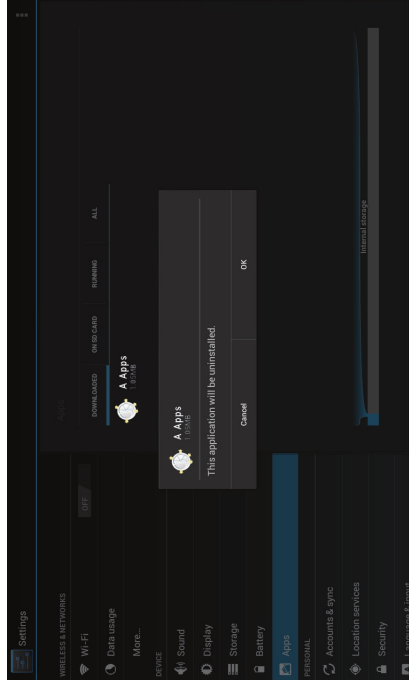

6. Touch **OK** to uninstall the application.

*Or you can uninstall an application from the Launcher screen directly. Touch and hold an application icon until the **Uninstall** icon appears, drage the application icon to the **Uninstall** icon to uninstall the application.*
↱ Optional Connections

Connecting to a Computer

Connect the tablet to a computer to transfer files.

1. Connect your tablet to the computer.

With the included USB cable:

✦ Plug the small end of the cable into the USB 2.0 Hi-speed connector of the tablet.

✦ Plug the large end of the cable into an available USB 2.0 Hi-speed port on the computer.

When your tablet is connected, a USB icon will appear in the Notification bar.

✦ Touch the Notification bar to open the notifications panel.
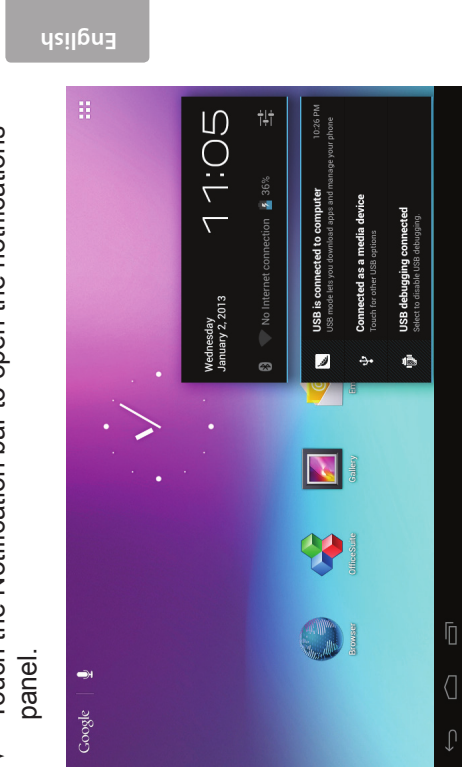

> *The Tablet's "mass storage mode" is compatible with many operating systems including: Microsoft® Windows® XP, Vista, 7 or higher and Mac OS or Linux.*

2. Mount the storage drive.

✦ Touch **USB connected** to mount the tablet's built-in storage, then touch "Turn on USB storage" and "OK" when prompted to confirm. When mounted, you can copy files to/from your computer to it.

Your tablet will be recognized by the computer as a Removable Storage drive. Drag and drop files between your tablet and the computer. To learn more about copying files, please refer to the documentation included with your computer or operating system.

Connecting Headphones

Connect a pair of headphones (or earphones) to the tablet to enjoy media in private.

Lower the volume level of the tablet before connecting headphones, and then slowly raise the volume to a comfortable listening level.

✦ The headphones must have a 3.5 mm (1/8 in) plug.

✦ When headphones are connected, speaker output will be disabled automatically.

> ⚠ *Hearing experts advise against the constant use of personal stereos played at high volume. Constant exposure to high volumes can lead to hearing loss. If you should experience ringing in the ears or hearing loss, discontinue use and seek medical advice.*

Connecting Bluetooth

Pair your Tablet with a Bluetooth device:
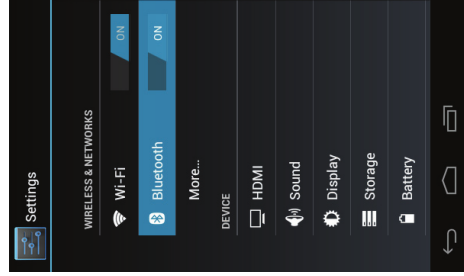

1. Under **Settings > Wireless & networks**, make sure Bluetooth is turned on.

2. Touch **Bluetooth**. Your tablet scans for and displays the IDs of all available Bluetooth devices in range.

3. If your mobile device stops scanning before your Bluetooth device is ready, touch **Search for devices**.

4. Touch the ID (name) of the Bluetooth device in the list to pair with it.

Follow the instructions to complete the pairing. If you're prompted to enter a passcode, try entering 0000 or 1234 (the most common passcodes), or consult the documentation that came with the Bluetooth device.

↱ Safety Notices

English

CAUTION

WARNING: SHOCK HAZARD. DO NOT OPEN.
AVIS: RISQUE DE CHOC ELECTRIQUE. NE PAS OUVRIR

CAUTION: TO REDUCE THE RISK OF FIRE AND ELECTRIC SHOCK, DO NOT REMOVE THE COVER (OR BACK) OF THE UNIT. REFER SERVICING ONLY TO QUALIFIED SERVICE PERSONNEL.

The lightning flash with arrowhead symbol within an equilateral triangle is intended to alert the user to the presence of uninsulated "dangerous voltage" within the product's enclosure that may be of sufficient magnitude to constitute a risk of electric shock.

The exclamation point within an equilateral triangle is intended to alert the user to the presence of important operation and servicing instructions in the literature accompanying the appliance.

For recycling or disposal information about this product, please contact your local authorities or the Electronics Industries Alliance: www.eiae.org.

For Customer Use:
Enter below the serial number that is located on the rear of the unit. Retain this information for future reference.

Model No. _____

Serial No. _____

WARNING: To prevent fire or shock hazard, do not expose this device to rain or moisture. Dangerous high voltage is present inside the enclosure. Do not open the cabinet.

Protect your hearing: Hearing experts advise against the constant use of personal stereos played at high volume. Constant exposure to high volumes can lead to hearing loss. If you should experience ringing in the ears or hearing loss, discontinue use and seek medical advice.

Note: If the product suddenly has no response or powers off, an electrostatic discharge may be the cause. In this circumstance, please follow the procedures below for recovery:

• Turn off the unit by pushing and holding the slide button at the right (Power off position) for 15 seconds.

• Turn on the unit again

FCC Statement:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions:

(1) This device may not cause harmful interference, and

(2) This device must accept any interference received, including interference that may cause undesired operation.

Note: This equipment has been tested and found to comply with the limits for Class B digital devices, pursuant to Part 15 of the FCC rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

• Reorient or relocate the receiving antenna.

• Increase the separation between the equipment and receiver.

• Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.

• Consult the dealer or an experienced radio/TV technician for help

Use of shielded cable is required to comply with Class B limits in Subpart B of Part 15 of the FCC rules.

Do not make any changes or modifications to the equipment unless otherwise specified in the manual. If such changes or modifications should be made, you could be required to stop operation of the equipment.

FCC Radiation Exposure Statement:

This equipment complies with FCC radiation exposure limits set forth for an uncontrolled environment.

End user must follow the specific operating instructions for satisfying RF exposure compliance.

This transmitter must not be co-located or operating in conjunction with any other antenna or transmitter.

English

Safety Notices

Important Safety Instructions

1. Read Instructions: All the safety and operating instructions should be read before the product is operated.

2. Retain Instructions: The safety and operating instructions should be retained for future reference.

3. Heed Warnings: All warnings on the product and in the operating instructions should be adhered to.

4. Follow Instructions: All operating and usage instructions should be followed.

5. Cleaning: Unplug this product from the wall outlet before cleaning. Do not use liquid cleaners or aerosol cleaners. Use a damp cloth for cleaning.

6. Attachments: Use only attachments recommended by the manufacturer. Use of other attachments may be hazardous.

7. Water and Moisture: Do not use this product near water (e.g., near a bath tub, washbowl, kitchen sink, laundry tub, in wet basements, or near a swimming pool and the like).

8. Ventilation: Slots and openings in the cabinet are provided for ventilation to ensure reliable operation of the product and to protect it from overheating. These openings should never be blocked by placing the product on a bed, sofa, rug, or other similar surface. This product should not be placed in a built-in installation such as a bookcase or rack unless proper ventila-

tion is provided or the manufacturer instructions have been adhered to.

9. Power Sources: This product should be operated only from the type of power source indicated on the rating label. If you are not sure of the type of power supply to your home, consult your product dealer or local power company. For products intended to operate from battery power or other sources, refer to the operating instructions.

10. Overloading: Do not overload wall outlets, extension cords, or integral convenience receptacles as this can result in a risk of fire or electric shock.

11. Object and Liquid Entry: Never push objects of any kind into this product through openings as they may touch dangerous voltage points or shout-out parts that could result in a fire or electric shock. Never spill liquid of any kind on the product.

12. Servicing: Do not attempt to service this product yourself as opening or removing covers may expose you to dangerous voltage or other hazards. Refer all servicing to qualified service personnel.

13. Damage Requiring Service: Unplug this product from the wall outlet and refer servicing to qualified service personnel under the following conditions: a) when the power-supply or plug is damaged; b) if liquid has been spilled or if objects have fallen into the product; c) if the product has been exposed to rain or water; d) if

the product does not operate normally by following the operating instructions. Adjust only those controls that are covered by the operating instructions as improper adjustment of other controls may result in damage and will often require extensive work by a qualified technician to restore the product to its normal operation; e) if the product has been dropped or damaged in any way; f) when the product exhibits a distinct change in performance—this indicates a need for service.

14. Replacement Parts: When replacement parts are required, be sure that your service technician has used replacement parts specified by the manufacturer or have the same characteristics as the original part. Unauthorized substitutions may result in fire, electric shock, or other hazards.

15. Safety Check: Upon completion of any service or repairs to this product, ask the service technician to perform safety checks to ensure that the product is in proper operating condition.

16. Heat: The product should be situated away from heat sources such as radiators, heat registers, stoves, or other products (including amplifiers) that produce heat.
