Making files smaller, faster and easier to process

Businesses across all industries continue to be confronted by the challenges of balancing data abundance with compliance and security concerns. Leveraging document management technologies to effectively manage the data while improving workflows keeps you ahead of the curve and the competition.

> **PremierOCR/PremierCOMPRESSION powered by Panasonic introductory license, now included FREE* with the purchase of any document scanner**

Premier OCR

Premier COMPRESSION

*Complimentary 7,500 image license included with eligible scanner purchase.

WHAT IS **PremierCOMPRESSION / PremierOCR**?

- A leading document management software

- Designed for use by all industries

- Converts image and documents into secure, compressed, searchable PDF files

Panasonic

PremierOCR /
PremierCOMPRESSION

10-100x compression rates

CHALLENGE

"I need a cost-effective data storage solution that also makes it easy to access my data."

SOLUTION

PremierCOMPRESSION / PremierOCR utilizes best-in-class Optical Character Recognition (OCR) technology and dramatic file compression, making files up to 90% smaller so that you can access them faster and easier. In addition, the OCR engine has been tested to be up to 10% more accurate than leading OCR engines providing more reliable text searches and more accurate data extraction, leading to more efficient employees.

CHALLENGE

"I need to meet strict compliance and security standards for storing my data."

SOLUTION

PremierCOMPRESSION / PremierOCR supports conversion to PDF/A, the optimal file format for reliable archiving and records management.

Features and Benefits

- Access, transmit, store and email more efficiently
- Reduce storage, bandwidth and archival costs
- Increase employee efficiency
- Integrate into existing workflows and databases

COMPRESSION IMPACT ZONES

DOCUMENT CREATION
– Enables color scanning (enhanced recognition)
– Create higher quality documents
– Reduces storage & archival costs
