6	Status indicat or LED	**LED Status Information**
		Power
		● LED is Blue when speaker is turned on. LED is off when speaker is turned off.
		
		Charging
		● LED is red while charging. After charging is complete, red LED turns off.
		
		Other
		    ● No Bluetooth connection, blue LED flashes slowly.
		    ● Bluetooth is in pairing mode, blue LED flashes fast.
		    ● Successful Bluetooth connection, solid blue LED.
		    ● In power on states, LED is red when battery is low.

Charging the speaker

When the battery is low, the red LED is on.

●   To charge, connect the charging cable to your Bluetooth speaker and an available USB port on your computer.
The red LED turns off when finished.

Turning on and off

●   Long press the Power/Multi-function button to turn your speaker on or off.

Bluetooth pairing

Note: The Bluetooth range is 33 feet(10 meters)

1   **P**ress and hold the Power/Multi-function button about 2s and the LED blinking quickly.

2   Navigate to your device's Bluetooth settings, turn on Bluetooth, then search for available devices.

3   Select **Pairing Name** from the list of available devices on your Bluetooth device. The LED lights solid blue when your device is paired.

Note: For more information on entering pairing mode, see the instructions that came with your Bluetooth device.

4   To unpair, turn off Bluetooth on your Bluetooth device.

Controlling volume and playback

●   Use your audio device to play, pause and select tracks.

- Press + or – to increase/decrease the volume.

  Note: Make sure the volume level on your Bluetooth device is at least 50%.

Using the speakerphone

When paired to your mobile phone:

- To answer a call, press the Power/Multi-function button once to answer the phone.
- Press + or – to increase/decrease the speakerphone volume.
- Press the Power/Multi-function button again to end the phone call.

FCC Warning:

This device complies with Part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) this device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

Changes or modifications not expressly approved by the party responsible for compliance could void the user's authority to operate the equipment.

NOTE: This equipment has been tested and found to comply with the limits for a

Class B digital device, pursuant to Part 15 of the FCC Rules. These limits are

designed to provide reasonable protection against harmful interference in a

residential installation. This equipment generates, uses and can radiate radio

frequency energy and, if not installed and used in accordance with the

instructions, may cause harmful interference to radio communications. However,

there is no guarantee that interference will not occur in a particular installation.

If this equipment does cause harmful interference to radio or television reception,

which can be determined by turning the equipment off and on, the user is

encouraged to try to correct the interference by one or more of the following

measures:

-- Reorient or relocate the receiving antenna.

-- Increase the separation between the equipment and receiver.

-- Connect the equipment into an outlet on a circuit different

from that to which the receiver is connected.

-- Consult the dealer or an experienced radio/TV technician for help.

The device has been evaluated to meet general RF exposure requirement. The device can be used in portable exposure condition without restriction.

IC Caution:
